

MOLINE UNIVERSAL TRACTOR

The Demand for the Moline Due to its Exclusive Features

Why do the hundreds of farmers who own Moline Universal tractors give unstinted praise to this machine?

Because they have proved the Moline Universal tractor reliable—economical—able to stand years of hard work—because they have proved that Moline *exclusive features* give *exclusive results*.

Study these features carefully—they are what make the Moline a really great tractor:

1. The Moline does all the field work, including cultivating and harvesting, and all belt work.
2. Both tractor and implement operated by *one man*.
3. Tractor and implement form *one unit*.
4. Operator sits on implement at centre of all controls of both tractor and implement.
5. Operator sees his work as he does it.
6. Tractive power in front of work, operator behind it.

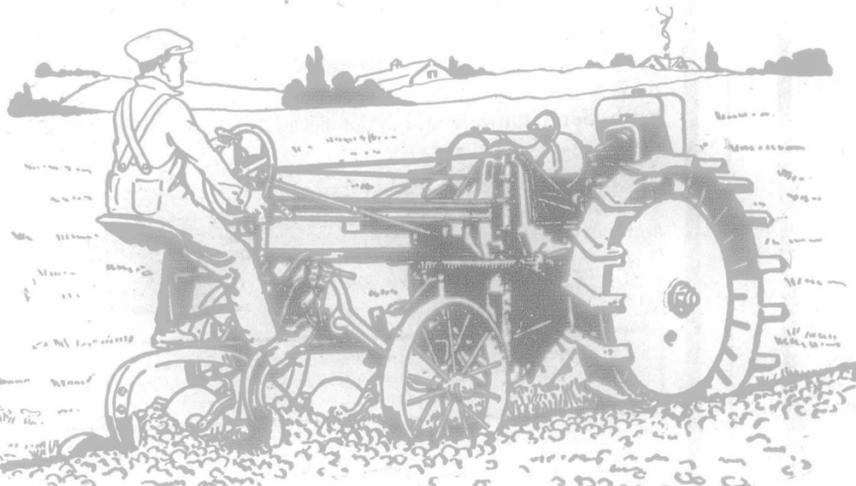

The Moline Universal tractor has the power of nine horses where the horses stood, and makes one unit with the implement, allowing the whole outfit to back up and turn short at will.

See your Moline dealer, or write us for full information.

MOLINE PLOW CO., MOLINE, ILL.

If desired, the "drag-behind" or horse-drawn implements you now have may be used in place of the rigid type.

For a
Permanent
or a
Temporary
Fence

For crop rotation, you may lay out fields of varying dimensions and alter your boundaries with comparative ease, by stringing your wire fences on

PRESTON STEEL POSTS

You can drive several hundred posts a day. No holes to dig—and the wire is easily and quickly attached. Preston Posts cannot crumble, rot or break. They give protection to live stock—form absolute safeguard against loss by lightning. Write for Folder that shows how to build a fence requiring no up-keep.

"A League of Neighbors"

This happy expression used by an official of an American sister Mutual to describe the principle of the modern life insurance company is especially applicable to a modern mutual company.

The different members of a life company are related to each other as definitely as though they were partners in a business. Each contributes sufficient to protect the dependents of all the policyholders as they come to require assistance.

The Mutual Life of Canada is a League of Neighbors which it is at once a duty and a privilege to join.
