Tisdale's Brantford Iron Stable Fittings. We lose no job we can figure upon. Catalogue sent free. The R. G. Tisdale Co., Brantford, Canada. Advt.

John Snell's Sons advertise Berkshires for sale in this issue. Their stock is of the best quality. They are selling at reduced prices for the next thirty days.

In the Provincial prize list published in our October number, we made an error by giving Messrs. J. C. Snell & Bro. credit for winning the first prize for best pen of Canadian bred Cotswolds. This prize was won by Robert Morgan, Kerrwood, Ont. Messrs. Snell & Bro. did not exhibit a Canadian, bred flock. Mr. Morgan has also been a prize winner at other shows.

William Davies & Son, Markham, Ont., on Nov. 14th, wrote us as follows:—"Our ten Guernsey heifers reached their new home in safety, and are much admired. The bull calves we advertised in your journal are all sold. One went to British Columbia and one to Halifax, and so far as third have pleased purchasers. Our imported Yorkshire sows have farrowed, and most of the pigs are sold. The buyers are all well satisfied, and the indications are, this breed will displace the old time pure breeds, which are too fat for present requirements."

Mr. Hugh Thomson, St. Marys, Ont., reports the following sales of Shorthorns: Wimples Pride and Heifer calf to Robt. Scott; Myrtle, and heifer calf to Robt. Fairseire; Bull calf Royal Scott to Robt. Ferris, of Leeboro. Heifer calf Wimples Daisy to Robt. Thomson, St. Mary's; bull calf Daisy to Joseph A. Lang, St. Mary's; Barrow Ingram to George Kerslake, Cromarty; Imp. Bull Edymton to George Thomson, Bright Minnie May to George Hill, Delaware; and the bull calf Young Buttery to John Porter, St. Marys. He still has a choice herd, comprising some of the best ones he ever owned, but he would like to purchase a good stock bull.

Smith Bros., Credit Valley Stock Farm, Churchville, Ont., write us that on the 6th of December they expect to bring from quarantine eleven head of young stock. The two cows, Jongste Aegle and Mariani, are in the Advanced Registry, and have made some milk records. The nine heifers are mostly from imported stock, and give promise of becoming excellent cows. The foundation herd from which these were selected, was one of the best in the State of Michigan. These heifers will make a great addition to their present stock. The cows have quite recently dropped six calves. Two of them, Mink's Mercedes and Siepie, from their sire, Mink's Mercedes 1st and 2nd, are very fine and healthful. The cows, Orchard 2nd and Belle of Orchard 2nd, are now giving about 50 lbs of milk a day, and are still running them. Belle of Orchard 2nd, in her three-year-old form, is running nicely into the forties. Intending purchasers will find it to their advantage to give them a call.

Messrs. Blair Bros., Aurora, Ill., the well known importers of Clydesdale, English Shire and Cleveland Bay horses, have exhibited a representative lot of useful horses of an extra quality, at the Chicago Horse Show. Among them was their aged stallion Saxton Shire, hardly in flesh sufficient to be a winner, but a right good one both as a sire, and as an individual. Defiance is also a good five-year-old, and Hallstone Improvement, Carlton, Shortlegs, Grove, Honest Tom, Carlton Blagdon, were of the sort. The heavy required all over the country to improve our heavy horses. Some right good geldings, Endymion, Merfield the Roanby bred, and Merfield, Endymion, Merfield, Fashion, Carlton Nigger. Their fillies were still better, being a beautiful lot, with quality to please the eye and in the land. They also exhibited a Cleveland stallion colt North Star, sired by Prince George, a beautiful mover, with grand quality. They have a stud of over seventy, a great many having been imported this season. Write them for their catalogue.

Messrs. D. & O. Sorby write us that their sale during the latter part of 1888 and the beginning of 1889, were as follows:—To S. L. Head, Rapid City, Minn., the stallion Sir Michael [269], bred by us, sir Farmer Lyon (imp.) [302] (3340), dam Fair Helen (imp.) [218]; and ten imported mares, viz.:—Adeline, Patti, sire Golden Treasure (4417), dam Grace (3366); Darling (604); Jess [11], sire Lord Erskine (3366), dam Jess (3806); Lady Kirkhill, sire Lord Kirkhill (5765), dam Lily Adela (5524), Adela, sire Belte Knight (3395), dam Jean of Dalnuirby Ivanhoe (3366); Veronah (3366), sire Jordanshaw (3343), dam Jean of Greenvale (3866); Lady Lee, sire Frederick (2774), dam Susie of Aird (4508); Leila, sire Belted Knight (3395), dam Black Bess (603); Fair Helen [218], sire Sir Michael (1530), dam Barrie Doll (344); and to Geo. Guelpch (imp. in dam) [227], sire Earl-Carl (612), dam Lady Jane [216]; to John Dainty (3599), a show Macpherson (3834), the above, we sold to Isaac Dunt, Ft. Floradale, Ont., our sweepstakes mare Belle (3366), sire Good Hope (679), dam Mall (637) To Amos Phillips, Dansville, Mich., Dugald Cratur [180] (bred by us), sire Farmer Lyon (imp.) [302] (3340); to Kate Hill (imp.) [215] (4129) To David Kirkpatrick, Lone Tree Hill, Iowa, Macdon (3345) (bred by us), sire Farmer Lyon (imp.) [302] (3340), dam Princess (imp.) [214]. To Hon. A. J. Bell, New Glasgow, N. S. Harlequin (3578), sire Skelmorlie (4027), dam Sylestria (3578). Through Parsons & Harvey, Guelpch to a firm in British Columbia, the three (imp.) fillets Lady Vera [452], sire Belted Knight (3395), dam Nell (637); Miss Greiz [453], sire Goldenbury (3366), dam Lovey II. (1500); and Blossom, sire Charm (2014), dam Congeith Sally (724).

A REMARKABLE PHOTOGRAPH
was taken in January, 1889, containing representatives from ten different Provinces, States and Colonies then represented among the students. The photographure copy (reduced in size) sent free to any address. Solely on its merits and the success of its graduates, the College (now in its 21st year) has acquired a reputation throughout and beyond this Continent, and an attendance so notable and extensive. The College Circular and interesting and valuable Copyrighted matter sent free to any address.

GEO. S. JOSSELYN, Fredonia, N.Y.

The best in the market for
m work, logging, teaming,
Two inch steel shoes.

PATENTED JAN. 13, 1888.

Box or Sled Runner.

The only sleds on which
the sleds slides on the bear-
ing instead of on the box o
rock. See cut.

REASONS WHY OUR SLEIGH IS THE BEST IN THE MARKET:

Because, with our patent attachment to hind bob, it is the easiest running sleigh made. Because it will go in and out of Pitch-holes without any strain on itself, even when heavily loaded. Because it will go in and out of pitch-holes without the hind bolster sliding back and forth on the box or because as it does with the old coupling. Because with our improved coupling it can be backed up the same as a wagon. Because with our swivel in coupling it can be used on the roughest roads without any twist to the reach. Because with our swivel in coupling it will allow either bob to turn up on its side when loading or unloading logs without any danger of breaking the reach. Because with our improved coupling it can be turned around in its own length. Because it is always in line and will track under all circumstances. Because it cuts off less snow than any other sleigh made. Because it is well made of the very best wood and iron. Because it has a good length of runner, and faced with a two inch steel shoe. Because all sleigh makers who have seen our coupling say that it is just what was wanted to make the bob-sleigh perfect, and wonder why such a simple and necessary improvement was not thought of before.

288-tf **BAIN WAGON CO., WOODSTOCK, GAT.**

Either Horse or Hand-power, with all the latest improvements for changing or reversing feed, Carrier Attachment, etc.
