In a few days we will have a fine C.M.
B. A. Branch organized at Mildmay, in
County of Bruce. The parish priest,
Rev. G. Brohmann, has succeeded in getting a large number of the gentlemen of
this parish to sign a petition for a charter
to establish a C. M. B. A. Branch, and
already a sufficient number of medical
certificates have been approved to have
the Branch organized. This will be
Branch No. 39.

HONORS TO A C. M. B. A. MAN.

At the recent Central Fair in Guelph,
we are pleased to note that Bro. E. J.
O'Brien, of that city, was the reciplent of
considerable praise for the excellent exhibit of carving. The matter is thus referred to in the columns of the Guelph
Herald:

Herald:

"E. J. O'Brien stands foremost among Canadian carvers. At Toronto and all the other leading shows he has always taken the lead. His display at the Central is the object of general admiration. A beautiful clock, a mass of deep carving in relief, is the most noticeable of the pieces. relief, is the most acticeable of the pieces. Then there is a string of English pheasants and a woodcock, life size, carved out of walnut. Perhaps the finest piece of work ever executed in this country is a tiny string of game. It is very small but every bird in it is accurately formed, while a basket, gun, horn, etc., show it off to advantage. A hunting scene, a bunch of roses, brackets, and numerous other pieces, complete this really splendid display. Two first prizes and two diplomas were awarded the collection."

On the following day three hundred and sixty had the happiness to approach the Holy Table and eat the Bread of Angels, Several Masses were celebrated during the morning, His Lordship saying Mass at 8 a.m. High Mass was offered up at 10 o'clock a.m. for the repose of the souls of all benefactors of the parish of Ennismore, His Lordship once more addressed the congregation, this time on the necessity of loving God above all things, and our neighbor as ourselves. At the conclusion he informed them that he would take his departure from the parish at 4 p.m.; at Dan Sing.—At a regular meeting of Branch No. 31, C. M. B. the most respected residents of the county, in a short but appropriate address wished the Bishop, on the part of the people, a hearty adieu, requesting him on the occasion of his approaching visit to the City of the Popes, to remember them all when praying at the tombs of the glorious Apostles St. Peter and St. Paul. His Lordship made a feeling reply, when his faithful people went down on their knees to receive, for the last time, his episcopal blessing. The Bishop imparted this ex invo corde, when rising to their feet they gave three rousing cheers for their chief pastor. His visitation was, we may feel assured, a source of Heavenly blessings to themselves and their children.

In conclusion, a word concerning Ennismore: It is a township nearly wholly settled by Irish Catholice, and they enjoy the happiness of being able to assist at High Mass and Vespers on Sundays and holy days. It is called the "Garden of the County of Peterboro." It is undoubtedly one of the finest wheat growing townships in Ontario, and is within a short distance of Peterboro.—admitted to be the finest town in Canada. It is a most picturesque country, intersected by hill and valley, and is surrounded by water on three sides. Finally, to make, it as it were, an ideal parish, no liquor is allowed to be sold within its limits. A by-law to this effect was adopted some years ago by the nunicipal council in accordance with a vote of the people of Ennismore. We do not wish to trespass any further upon your invaluable space, but will only say that Catholics desirous of changing their domicile, will do well to examine the claims of this "Little Ireland" of Ennismore prior to emigrating West or elsewhere.

condition of Ireland and the wants of the people. Lord Churchill is largely responsible for the repeal of the Crimes Act, and he desires to find out for himself whether there is any truth in the statement made by Judge Ferguson the other day at Cork, to the effect that the destruction of life and property is more rife in day at Cork, to the effect that the destruction of life and property is more rife in Ireland now than at any former period. Lord Carnarvon has ordered an inamediate return of the number of evictions and cases of boycotting which have taken place both before and since the recent change of ministry. When Lord Churchill has completed his investigation of these returns and the perusal of the reports of constabulary officers in remote country stations and the examinations of inspectors, he will lay the result before the Cabinet for the guidance of his conferes in proposing future Irish legislation.
