FOR WARMING BUILDINGS.

SHUTTLEWORTH'S INKS.

These INKS are rapidly taking the first place among atramental fluids, and, wherever introduced, have given perfect satisfaction. They are prepared with chemical accuracy, and may always be depended on for uniformity.

Blue Black Writing Fluid.

Will be found a great comfort to those who have much writing to do, as it possesses all the characteristics of the best imported Inks, and has been pronounced decidedly superior in regard to its freedom from a tendency to clog and corrode the pen.

Testimonials have been received from many gentlemen holding the highest places in professional and Commercial circles, and this Writing Fluid is now largely used in leading Legal, Educational, and Financial Establishments.

MAKE HENS LAY

An English Veterinary Surgeon and Chemist now traveling in this country, says that most of the Horse and Cattle Powders sold here are worthless trash. He says that Sheridan's Condition Powders are absolutely pure and immensely valuable. Nothing on earth will make hens lay like Sheridan's Condition Powders. Dose, one teaspoonful to one pint food. Sold everywhere, or sent by mail for eight letter stamps.
