

nest. It was so skilfully hidden that he never could have found it himself.

All summer till school closed, the teacher had frequent talks with the pupils about the birds. She showed them her books on birds, read them fine descriptions of the various song birds, and set them to making original observations and discoveries concerning these exquisite creations of divine skill. She tried to open their eyes to the wonderful beauty opening all around them in bird and insect and flower, and thus lead them through Nature up to Nature's God.

FINE STATIONERY,

ISN'T it rather a queer idea for a First-Class Jewelry House to carry a line of Stationery? you ask. If by "queer idea" you mean a "new idea," we say YES, so far as Canada is concerned. We have, we believe, the credit of being the pioneers of the movement.

So far as AMERICA is concerned, however, it is by no means a new idea, but quite an old one; in fact it is quite an exception to find a live, first-class jeweler on the other side who doesn't keep it. Amongst the prominent houses making a specialty of it you find

Tiffany & Co. New York
Black, Starr & Frost. New York
Bailey, Banks & Biddle. Philadelphia
Shrieve & Low. Boston
Jaccard Jewelry Co. St. Louis
Gault Bros. Washington
Wright, Kay & Co. Detroit
M. H. Smith & Co. Detroit

and hosts of others whose names we could give you. To this list we are adding the name of Ryrie Bros., Toronto.

In doing so, however, we confine ourselves to the FINEST LINES ONLY, because we have neither the room nor inclination to carry the cheaper lines. You can get THEM anywhere. We show you qualities you can get NOWHERE in the city, ranging in price from 15c. to 40c. per quire. This department also includes the engraving of Wedding Invitations, Reception, Dinner and Calling Cards, Monograms and Crests in the most artistic styles. See our samples and get estimates.

THE SEMI-TONTINE RETURN PREMIUM PLAN

Provides that should death occur prior to the expiration of the Tontine period, the whole of the premiums that may have been paid will be payable with, and in addition to the face of the policy—thus securing a dividend of 100 per cent. on the premiums paid, should death occur during said period.

THE COMMERCIAL PLAN.

The large number of business and professional men who have taken out large policies on the Company's Commercial Plan, show the demand for reliable life insurance relieved of much of the investment elements which constitutes the over payments of the ordinary plans, is not confined to men of small incomes, but exists among all classes of our people.

Blood Poisons.

To absorb and expel those deadly secretions and at the same time regulate, stimulate and build up the weak parts until the whole organism is raised to highest health, has puzzled the greatest minds, but nature asserts her power.

"By a thorough knowledge of the natural laws which govern the operations of digestion and nutrition, and by a careful application of the fine properties of well-selected Cocoa, Mr. Epps has provided our breakfast tables with a delicately flavoured beverage which may save us many heavy doctors' bills. It is by the judicious use of such articles of diet that a constitution may be gradually built up until strong enough to resist every tendency to disease. Hundreds of subtle maladies are floating around us ready to attack wherever there is a weak point. We may escape many a fatal shaft by keeping ourselves well fortified with pure blood and a properly furnished frame."—Civil Service Gazette.
