## Choice Piano Bargains

Our exchange department affords nearly 40 choice bargains in slightly used and exchanged pianos. After looking over the partial list given below, many will wonder how we came to be in possession of such wonderfully good pianos which we are offering at nearly half their original cost. Our answer is simply this. The great demand for the **PIANOLA PIANO** (the piano which everyone can play) has become so great that dozens of people who have good instruments are constantly exchanging them for this wonderful self-playing piano.

This gives us a great collection of used pianos of the best makes in the Dominion, any of which are as good as the pianos in the best homes you know. You will find in this collection instruments that have been used less than a year at prices which represent but a small portion of their worth. **REMEMBER!** We guarantee every piano we sell.

\$350 Evans Piano for .....	\$150	\$450 Williams Piano for ....	\$260
