## GAS ENGINES

We are selling a very large number of our book "Gas Engine Troubles and Installation" to farmers on the prairie. They are greatly interested in this subject and this book is the best on the market today for the money. One farmer who bought a copy in February writes: "I think it is the best book I ever had. It is worth \$5.00 instead of \$1.00." We have quite a number of these books in The Guide office and can send them by return mail for \$1.00 post paid. The big rush a while ago ran us short, but we have a new stock in now. Book Dept., Grain Growers' Guide, Winnipeg, Man.

# EUREKA

## SANITARY CHURN

There's no comparison between the ordinary wooden churn and the "EUREKA". Barrel is stoneware—top is clear glass. Besides being absolutely sanitary, the glass top enables you to see how the churning is coming along without opening the churn. Also made with Aluminum top. The "EUREKA" is the easiest churn on the market to operate. By tilting back the frame until the weight rests on the wheels, the churn can be quickly and easily moved—while the barrel remains upright. If your dealer does not handle the "EUREKA," do not take a substitute but write us for catalogue.

EUREKA PLANTER CO. LIMITED, WOODSTOCK, ONT.
