WAR TAX MEANS HIGHER PRICES ON WIRE AFTER OUR SUPPLY IS EXHAUSTED
We offer you what thousands of Western farmers consider the highest grade fencing procurable, at prices that will save you 25 per cent. and more.
Our Ajax Fence is heavily galvanized to prevent rust, does not sag, bulge out or buckle; always stretches evenly and stays stretched.
Order your quantity by local freight in less car lots, or club together with your neighbors and make up a carload shipment of 20,000 lbs. and obtain the carload rate, which in some cases will amount to 9c per 100 lbs. in Manitoba to 33 cents per 100 lbs. at Calgary, Alberta. We will quote you delivered prices in car lots and guarantee you a saving of \$25 to \$100 per car.
Every rod of WIRE USED IS FULL GOVERNMENT GAUGE, not the light wire used by other merchants. It is a hard proposition to tell the difference between No. 9 and 9 1/2 wire, but we stand behind every rod we sell with the following guarantee:

EVERY ROD OF OUR EXTRA HEAVY AJAX FENCING WE GUARANTEE TO BE MADE THROUGH-OUT OF NO. 9 WIRE, AND ON OUR HEAVY AJAX FENCING BOTH TOP AND BOTTOM WIRES ARE FULL NO. 9 GAUGE WITH NO. 12 INTERMEDIATE AND STAY WIRES. WE WILL TAKE BACK ANY WIRE FOUND TO BE UNDER SIZE, WILL REFUND FREIGHT CHARGES BOTH WAYS AND WILL DONATE \$50.00 TO ANY CHARITABLE INSTITUTION PURCHASER MAY NAME.
We make this guarantee because a number of other wire manufacturers are using a lighter gauge wire and quoting similar prices to ours, but when you buy a lighter grade fencing you are not saving money, as you will have to replace it in half the time to what you will our AJAX BRAND.
We make prompt shipment, in the majority of cases shipment going forward same day as received; in addition you receive brand new fencing, heavily galvanized, in every style desired and full size rolls. Take all the above into consideration when purchasing fencing and you will find AJAX will cost you 3 to 7 cents per rod less than offered by others.
