

Freshwater Sea Voyage

(Through the Great Lakes)

From Thunder Bay to Georgian Bay—a six hundred mile trip from Fort William and Port Arthur—through the blue-green waters of Lake Superior; Sault Ste Marie, Lake Huron, and the island fairyland of the Georgian Bay.

At times out-o'-sight of land with only a vista of tumbling green waters and wheeling sea gulls. Again through green embowered passages of wonderful loveliness. Luxurious.

\$137.40 earned in two weeks

Guide worker, who at the finish of his first week had earned \$53.10, eclipses this record in second week of work by earning \$84.30; a total for the two weeks of \$137.40.

In last week's Guide we told about a young Manitoba-man who had recently taken up Guide subscription work. In this issue we have some more interesting news about this young man; interesting because we believe that there are many other young men in Western Canada who would be glad of the opportunity to do the same, but who perhaps do not realize the possibilities which Guide work offers. The Guide needs subscription agents all over the West. The above figures show exactly what one man has done. These figures are correct and can be verified by the books in The Guide office.

The Result of Enterprise

The splendid results attained by this agent were due to the fact that he put enterprise into his work. He realized that the fairs which are being held throught the West at this season of the year opened up to him an opportunity of making unusually big money. Without hesitation he took advantage of that opportunity to the full. That is the secret of his success.
