With a view of bringing matters to a speed conclusion the American commission, by direct tion of the president, early in the coming weel will lay before the Spaniards the final and irre-vocable demands of the United States, allowing a specified time in which the American condition may be accepted or rejected. This ultimatum, is understood, involves all that thus far has been contended for, including the surrender to the United States of the entire Philippine group, an also names the amount of cash which the Unite States government will pay Spain in considera tion of her expenditures on account of Pacific improvements and betterments in the island o Luzon. The amount of the cash payment is no known, but there is a basis for the belief that is approximately \$40,000,000.

PARIS, Nov. 19 .- Spain declines the terms and the proposal itself. Had she stopped ther the United States would have been compelled to repeat the proposal as an ultimatum or to tender new terms.
