

Rosland Weekly Miner.

Published Every Thursday by the ROSSLAND MINER PRINTING & PUBLISHING CO. LIMITED LIABILITY.

MANAGING EDITOR: O. J. WALKER, 24 Coleman Street, London.

TORONTO OFFICE: CENTRAL PRESS AGENCY, L.D., 83 Yonge St.

SPOKANE OFFICE: ALEXANDER & Co., Advertising Agents, Room 7 First National Bank Building.

EASTERN AGENT: EMANUEL KATZ, 20 Temple Court, New York.

THE SUBSCRIPTION PRICE OF THE WEEKLY ROSSLAND MINER for all points in the United States and Canada is Two Dollars a year or One Dollar and Twenty-five Cents for six months.

AN EXCELLENT WORK ON MINING.

The Miner has just received a copy of an admirable work on "The Gold Mines of the World," issued by the well-known London publishing house of Waterlow & Sons, Limited.

In our opinion the English investor owes Mr. Curle a debt of gratitude, for we do not recollect a book on the subject of mines in which so much information is given or in which greater honesty, moderation and judgment are displayed.

With the strong Imperial sentiment prevailing in Canada, and which will continue to grow, the fact of Mr. Tarte being in the cabinet, or even in the house, is as much an anomaly as Schreiner's occupancy of the Premiership of Cape Colony.

Such is Mr. Curle's opinion of the gold-producing capacities of the province. Descending to particulars, he briefly reviews the various districts, giving, of course, the most space to Rosland with its group of proved mines.

Regarding the Nelson district he expresses the opinion that the numerous free milling reefs near that place and extending thence down to the State of Washington will produce eventually a number of sound low-grade mines.

Regarding the Nelson district he expresses the opinion that the numerous free milling reefs near that place and extending thence down to the State of Washington will produce eventually a number of sound low-grade mines.

THE CANADIAN CONTINGENT.

The Conservative press and politicians will mingle a certain amount of regret with the satisfaction which, as good Canadian citizens, they cannot help feeling that the Federal government has decided to send a Dominion contingent to the Transvaal.

Mr. Tarte, however, has not unjustly been accused of displaying an anti-British spirit on this occasion, as on every occasion where an opportunity was given him.

With the strong Imperial sentiment prevailing in Canada, and which will continue to grow, the fact of Mr. Tarte being in the cabinet, or even in the house, is as much an anomaly as Schreiner's occupancy of the Premiership of Cape Colony.

FINDING OF THE COMMISSIONERS.

The finding of the Police Commissioners which was submitted to the Council last evening is a rather peculiar document and is calculated to create considerable comment on the part of the citizens.

THEIR USUAL POLICY.

The citizens of Rosland have learned with regret, though it can hardly be said with surprise, that the C. P. R. company has decided that it is not to its interests to join with the Great Northern railway for the purpose of handling the ores, sent from the mines in this camp to the smelters.

ence in fact—on the mines and their subsequent development and productiveness. The greater the development and the more numerous the properties which are worked the greater will be the gain to this city.

The C. P. R. has its spurs built to the mines, and an load its cars at them. The character of the country is such that it would be difficult for another line to build independent switches.

AMERICA'S SYMPATHIES.

Attempts are being sedulously made in the United States to create the impression that the American people view Great Britain's course in South Africa with unfriendly eyes.

The American people, as a whole, warmly sympathize with the cause of England and are firmly antagonistic to the Boers, whose tyranny, misgovernment and obstinate adherence to liberal oligarchic ideals worthy of the worst period of the Middle Ages, they perfectly comprehend.

LAST EVENING'S MEETING.

While the public meeting last evening was a gratifying one in every respect and as a tribute to Hon. Sydney Fisher and Mr. Bostock, at the hands of the people of Rosland, was a decided success, the feature of it, after all, was the resolution urging the Dominion government to render assistance to Britain in the Transvaal.

WHO WAS IT?

A question which is being asked by the citizens is, who is responsible for furnishing the forecast of the police commissioners judgment in regard to the investigation. That that which did leak out came from a responsible source everyone is

reasonably certain and if the finding which will be handed to the city council on Tuesday night is found to be practically identical with it then it will be in order to appoint a commission to investigate the conduct of the commissioners.

The fact is that in a case of this kind the members of the body trying the charges have no right to make known their finding before it has been submitted to the council.

CENTRE STAR FLOTATION.

There are but few who possess the magical hands that turn everything that they touch into gold. When individuals are known to possess this valuable quality they become financial leaders who take those who follow them out of the land of poverty into the country of wealth.

THE MINE MANAGER.

"According to a well-informed contemporary, Mr. Carlyle will receive £5,000 a year as manager of the Rio Tinto mine. A good man is worth a good price, but it is quite possible to pay too much, even for the best article.

The manager of a great mine, however, occupies his position by virtue of his possession of absolute knowledge of every department of an industry in which is risked the money and hazarded the lives of many people.

War Eagle shares were placed on the market in January, 1937, at 80 cents per share. The capital stock was \$2,000,000. Now those who held on to these shares can realize \$3.10 for them, to say nothing of the dividends that have been paid by the company for some time past.

THANKSGIVING DAY.

This is Thanksgiving Day and the people of Rosland in common with those of the rest of Canada are called upon to pay some tribute of gratitude to the giver of all good for what they have received at his hands during the past year.

thing that they put their hands to and are always sure that to have an army of investors ready to back them. They are veritable captains of industry and finance.

The history of the Centre Star is one of the mining romances of the camp. In 1890 the Centre Star was located by J. Bourgeois and J. Morris. In 1891 Oliver Durant and M. A. Tarbert purchased the Centre Star and the Idaho claims for \$25,000.

PLEASED WITH BOUNDARY.

Everything There Was Much Larger Than Anticipated. Mr. C. F. Jackson has returned from a visit to the Boundary Creek section, where he has been for the past week.

DESIRE TO BE ENROLLED.

Disappointment at Col. Peters Dispatch Regarding the Kootenay Applicants. The keenest disappointment was felt yesterday by the applicants in this city for enrolment in the Canadian contingent which will be sent to the Transvaal.

PERSONAL.

Mr. C. E. Gillam, who was some time ago with Mr. Smith Curtis, and more recently with Mr. D. J. Macdonell in Vancouver, has opened a law office in the Daniel & Chambers building on Columbia avenue.

AFTERMATH OF DREYFUS TRIAL.

Paris, Oct. 18.—M. Gohier, writer of the leading articles for the Dreyfusard organ Aurore, fought a duel today with the son of General Mercier, former minister of war. M. Mercier was pinked in the chest, but it is not thought to be seriously hurt.

towards those who are in penury or affliction. It is seemingly then that all should be thankful even though all may not be able to rejoice.

EDITORIAL NOTES.

Tin has reached the highest price ever known in modern times, being about 32 cents, and lots have recently been sold in the New York market at a still higher figure.
