General assembly of Presbyterian church holds its conference in Ottawa, June 12th.

Miss Emma Scott is this week visiting friends in Morrisstown and Hammond, N. Y.

It is proposed to hold a summer school of training in Renfrew for instruction in road-making.

Mr. E. Parcel, station agent, has rented the fine residence on Henry street vacated by Mr. James Stinson.

If soot has been spilled on the carpet cover it with salt and every trace will have disappeared in about ten minutes.

Mr. Wm. Brown of Merrickville has decided to return to his old home in Athens and is expected to arrive this week. His many friends will welcome him back.

Mr. Geo. C. Smith and daughter, Miss Edna, of Brantford are visiting relatives and friends in Athens. Mrs. Smith will join them during the summer holidays.

Mr. Geo. Picket returned a few days ago from Ottawa, where he was engaged in building operations. His holiday is enforced by a case of blood-poisoning that has developed in his left arm.

In the lively village of Merrickville business men have a dead snap. They have a public croquet lawn and a correspondent says "All business men on the street can be found there during business hours."

Mr. Amariah Howe of Iowa, after attending the funeral of his brother, Joseph, came to Athens on a visit to his brother, John, of Hard Island. Though about two score of years have passed since he left this section, he was remembered and gladly welcomed by many of the older residents.

Persons having valuable instruments will notice that Marsden Kemp served in the factories at Kingston, Toronto and Rochester, N. Y., nearly 12 years before coming out on his own account, and since has never asked a firm or agent for work, although being employed by several of the best firms of this country independently. Mr. Kemp has not canvassed a single person in five years, which is a record very few in his profession can claim. Will be in town this week. Orders left at Mr. Lamb's drug store.

An agreement has been reached between the members and senators at Ottawa to increase the indemnity to \$1,500. Grit and Tory have united in this altogether unjustifiable raid upon the Dominion treasury. Members may consider their services very valuable, but they will find the general opinion among their constituents to be that they are not entitled to the increase. The indemnity has now reached the dimensions of a salary and represents more hard cash than the majority of the members could earn at their trade, profession or calling during the time parliament is in session; so that there is danger of unworthy men seeking a position in parliament through purely mercenary motives.

On Saturday evening a youth residing near Athens came to the village and was introduced to a bottle of Sgram's best tangleloc. He was unaccustomed to drinking and as a result of his indulgence he was found on the following morning, literally paralyzed, in a hallway. Medical aid was summoned, restoratives administered, and after a prolonged treatment he was recuperated so far as to be able to leave for his home on Monday. This boy has probably learned a lasting lesson and his young companions who were in a measure responsible for his near approach to death's door would do well to stop and do a little hard thinking before again putting the bottle to their own or their neighbor's lips.

J. W. Place, for many years clerk of Augusta township, is dead.

It is reported that the locomotive works will be moved from Kingston to Quebec.

Tabular chimneys have been ordered for St. Peter's church, Brockville, by archdeacon Bedford Jones.

When coals of fire are heaped on the heads of some men it is found that their skulls are made of asbestos.

Rev. George E. Hartwell and family returned missionary from China, have taken up residence in Kingston for the summer.

The many friends of Miss Edith Stinson will be pleased to learn that she has quite recovered from her long and serious illness.

Miss Maggie Johnston, daughter of Mr. William Johnston, M. A., Athens has graduated at the Lady Stanley Institute for trained nurses at Ottawa and was awarded a medal.

The Great Northwestern Telegraph Company is putting in a set of instruments at Singleton's store, Crosby, for the convenience of B. & W. Railway passengers and others waiting to make connections with the train for Portland.

The census returns are coming into Ottawa rapidly and the work in Eastern Ontario is well advanced. It will be impossible to announce the general population before July 1 but the population of census districts will be given out from time to time when completed.

Augusta has again won in the suit brought against it by Elizabethown in connection with the Mud Creek drainage scheme, the appeal of the latter having been dismissed with costs by the Court of appeal at Toronto. Barrister Hutchison of Brockville appeared for Augusta.

A man recently made a wager with a woman that he could thread a needle faster than she could sharpen a lead pencil. The man won; time, fourteen minutes and forty seconds. It is thought the result would have been different if the woman had not run out of lead pencils inside of five minutes.

Honora O'Grady (to her mistress who has been a long time ill)—Sure, ma'am, it's sorry I am, indead to see you sick so long intirely.

Mistress—Thank you, Honora. It seems to be my fate.
Honora—Your pate is it! Sure I t'ought it was your t'roat!

When the farmers have a daily mail delivery to their doors, telephones in their houses, trolley cars pass their gates electric lights on the fence posts, they will need only a few other things to make life thoroughly enjoyable, such as the cows milking themselves, the pigs feeding by automatic process and committing suicide when ripe for market, self-churning cream, and electric harvesters.

Freacher May, Smoke.

The British Columbia conference of the Methodist church has exonerated Rev. W. W. Baer, Nanaimo, of all blame in connection with the charge of smoking, made against him by one of her parishioners. The facts throughout the case show that Rev. Mr. Baer had never used tobacco until it had been prescribed by his physician for insomnia and general nervousness, resulting from a severe injury which he had sustained. Mr. Baer courted the fullest investigation.

Some Good Eaten.

At the opening of the Woodstock cheese board Mr. R. A. Simistee drew attention to the carelessness in which cheese had been boxed and delivered by the factories, and read the following rules, which, on motion, were adopted:
That there must be covers on waggons, rain or shine.
Boxes must be in good shipping condition.
No nails to be driven into cheese.
Weights must be stenciled on boxes in figures not less than one inch.
Invoices to be with factorymen at time of shipping.
Boxes must fit the cheese; double sackboard.
Where the wire wound is used the cover must be fastened at the factory.
Cheese must be delivered in clean waggons.

Methodist Conference.

The Montreal Conference of the Methodist church which will be held in Pembroke this year opens on Wednesday, May 29th. There are in the conference eleven districts, containing 221 fields, contributing for church purposes over \$400,000 yearly. The conference consists of over 230 ministers and as many laymen elected by the district meetings. Dr. Rose of the Dominion church, Ottawa, is generally regarded as the new president, but among others who were spoken of most favorably for the position are Rev. Dr. Benson and Rev. G. G. Huxtable. On Friday evening May 31st, the candidates for the ministry who have served their prescribed probation will be publicly received into the membership of the conference. On the following Sunday morning those received will be ordained after an ordination sermon by Rev. Dr. Sutherland of Toronto. The annual theological lecture will be delivered by F. G. Lett, his subject being "The Kingdom of God in the Gospels." A memorial service for ministers who have died during the year will be held some time during the conference session.

The recent heavy and prolonged rainfall has greatly delayed the seeding and planting in this district.

Mrs. Wm. Merriok and granddaughter, Miss Essie Owen have returned to Athens from St. Catharines, where they spent the winter.

Mrs. A. M. Alguire left Athens last week for Toronto and St. Catharines. At the latter place her sister, Mrs. H. O'Laughlin, is quite ill and Mrs. Alguire will assist in caring for her.

At present there are only 337 convicts in the Central Prison though the usual number is 400. This marked decrease is thought to be due to the crusade against tramps, who give Ontario a wide berth since the police magistrates were notified to deal severely with him.

Rev. Dr. Rose, of the Dominion Methodist church, Ottawa, is prominently mentioned as the coming president of the Montreal conference. He came within three of securing the honor last year, and it is likely he will be elected this year on the first ballot.

Mr. Southworth, of the Colonization Department, Toronto, says that the tide of immigration from Ontario to Manitoba and the Northwest appears to have been successfully stemmed. So far Ontario land seekers are inclined chiefly toward the Tomisaming region.

Do Eyeglasses Injure?

Some people think glasses injure, because when once worn a person becomes dependent upon them. The truth is because a glass gives relief by removing the existing strain upon the eye, no time should be lost in affording this relief. Consultation free. Satisfaction guaranteed.
