

## Forest Fires Kill Jobs

HERE are instances of carelessness such as the Fire Rangers of Ontario are meeting all the time. Each is an actual case, as officially reported in detail to the Forestry Branch. Until each individual realizes personal responsibility and co-operates to prevent forest fires, Government Fire Rangers can hope merely to lessen the tragic consequences of such human carelessness and bad judgment.

## Save Ontario's Forests They're Yours

### Lumbermen's Fires

May 25th, 1920—A careless river driver, by leaving his smudge fire or throwing a cigarette into slash, burned over two townships, including 7,000,000 feet of pine, a \$5,000 mill, camp buildings and equipment worth \$7,000, sawn lumber worth \$7,500, and killed several million young spruce and jack pine trees.

May 25, 1920—Fire in a rubbish heap behind a lumber company's boarding house got away and, despite prompt action, burned over 1,600 acres, including 2,000,000 feet of white pine, and a set of new camps worth \$1,000.

June 1, 1920—Two old men left to attend to the stop logs in a dam, let fire get away from either their smudge or camp fire, and burned over 9,000 acres, including 6,000,000 feet of pine, one mill, four camps, large quantities of supplies, and equipment to a total value of \$40,000.

May 4th, 1921—Lumbermen burning slash around their camps, lost control of their fire and 15,000 acres were burned before they regained it.

### Railway Fires

June 5th, 1920—Engine No. 1368 started a forest fire which ran over 15,000 acres, burning one saw mill, three sets of lumber camps, stables, houses, and outfits, 5,000 cut logs and 1,400 piles, besides standing timber.

May 25th, 1920—Engine No. 2509 set a

Ontario Forestry Branch — Parliament Bldgs., Toronto, Ontario

fire which burned over 12,000 acres of timber worth \$20,000 on the stump, camps and logs worth \$5,750, and cost \$1,000 to fight.

June 2, 1920—A section crew left a pile of burning ties to go away to their regular work. The fire spread over 1,200 acres.

### Fires Set Out Under Permit

June 10th, 1921—Parties burning slash under permit, lost control through bad judgment, and 1,050 acres were burned and forty buildings, including saw mill, were wiped out.

May 27th, 1920—A squatter, burning debris near his shack, fired 7,000 acres, 1,000 of which were virgin timber, and wiped out four sets of logging camps.

### Neglected Camp Fires

July 4th, 1920—Tourists left camp fire on shore of Deer Lake. After six days' fight, rangers put fire out, but 550 acres of young pine were dead.

May 31st, 1920—A neglected camp fire, despite efforts of Chief Fire Ranger and 42 men, burned 1,200 acres of young pine.

May 7th, 1921—Indians left camp fire, which burned over 7,000 acres and took one week of fighting to control.

Be careful of fire in the forests. Be careful to put your camp fire out—dead out. Don't throw away lighted matches, cigarettes or cigar ends. Watch out, lest your fire gets away from you.

### Family Reunion

A pleasant family reunion took place at the home of Mrs A. L. Fisher Central St. when she had the pleasure of entertaining her brother and three sisters for a few happy days. The party consisted of Mrs J. E. Dolan, Watertown, N. Y. Mrs C. N. Knapp, Kingston, Mrs M. F. Holman Albion, N. Y. and Mr and Mrs W. E. Lillie, Ottawa

Mr D. L. Haskin and Miss Fira Haskin, their cousins from Sand Bay joined them for a day and they spent a day visiting the place of their birth and childhood days near Lillies School house.

They found many changes in the old home and happy memories mingled with sad ones as they recalled the days when they, with their parents, formed a happy family in their humble home.

### Methodist Church Notes

The Congregation of the Methodist Church is enjoying a series of special treats just now, the organist for several weeks past having arranged for special solos or duets instead of the usual Anthems. Last week the beautiful solo of Mrs W. H. Morris was greatly enjoyed, a gem in itself "Entreat Me Not" from Ruth, and Mrs Morris excelled even herself. In the evening the solo "Abide with me" by Lillian Ray was well rendered by the ever popular Mr Thos. Horsfield of Frankville, Mr Horsfield is always a favorite in Athens.

Next Sunday evening a song service is being arranged for in which both choir and congregation will unite.

### The cool way; The clean way The Saving way.

Those who know the charms of the Great Lakes have already made plans for their annual pilgrimage to America's Wonderland, Lake Erie, with its incomparable fleet of magnificent passenger vessels, is especially attractive to travelers, and plying its waters you will find some of the largest and most palatial steamers.

Of these the Great Ship "SEANDBEE," operating daily between Cleveland and Buffalo, is undoubtedly the most popular. The "SEANDBEE" is the largest and most costly steamer on inland waters of the world, and her immense proportions and luxurious appointments prompt passengers to call her "The Floating Hotel."

The traveler finds rest and comfort via this lake route. By boarding the steamer at Cleveland or Buffalo, at 9.00 p. m. (Eastern Standard Time) he may break the monotony of the all rail journey, enjoy a night of refreshing sleep and reach destination at 7.30 the following morning.

### The Keeping of Poultry.

If resident in either town or country and you wish to know how best to keep poultry and secure the most satisfactory results, consult a pamphlet treating of the subject prepared by the Dominion Poultry Husbandman, F. C. Eford, and recently issued by the Department of Agricultural at Ottawa. The pamphlet can be had free on application to the Publications Branch. It tells of how poultry can be made to pay, how the

birds should be housed and fed, how they should be treated in winter and summer, how to commence keeping in a small way, the equipment that is desirable, how to choose a breed, how to hatch and rear, and how to gather, keep, or market the eggs. In short all the essentials to success in poultry keeping for home consumption or selling are clearly and explicitly explained. In the term poultry are included turkeys, geese, ducks, guinea fowls and pigeons, the raising and care of which are fully discussed. Numerous illustrations of types of birds, and of methods of housing and feeding contribute to make the pamphlet an invaluable compendium on poultry-keeping and marketing.
