NANAIMO SOLDIERS

Nanaimo's got some soldiers, And some are native sons. They've gone to fight for England, And I'll tell you how it comes. The parents they are British, And they're the British race; They're going to fight the Kaiser 'Till they put him in his place.

Nanaimo's got some soldiers, And they're going to get some more. Who are going to fight the Germans 'Till they can fight no more. They then will have a conference, And they'll hold it in Berlin, Which will be the greatest the world has ever seen.

At this conference As far as I can see, They'll change the map of Europe To what it ought to be.

The Dardanelles will be opened, And the Balkan States made free, Then they'll put the Russians right on the open sea.

CITY COUNCIL HELD STRENUOUS SESSION.

(Continued from Page 1.)

the report only confirmed matters which had already been before the Council he did not see the necessity of the full committee meeting.

A motion to receive the report of the Committee was then put to the meeting and adopted.

Ald. Forrester called for a roll call of the vote which was recorded as follows:

For—Planta, Busby, Coburn, Killen, Ferguson and McKenzie.

Against—Forrester, Cavalsky and Young.

A delegation representing the ratepayers of Haliburton street waited upon the Council asking some assistance in the way of lessening the cost of paving Haliburton street.

On motion of Ald. Forrester the request of the delegation was referred to the Legislative Committee to investigate the matter and report back to the Council, it being understood that the Court of Revision which sits today to hear appeals against assessments in connection with the street paving shall meet and adjourn pending the receipt of the report of the Legislative Committee.

Ald. Coburn asked permission to introduce the Parks and Squares Purchase Bylaw.

Permission was granted Ald. Coburn, the vote on the motion being recorded at the request of Ald. Forrester, as follows:

For—Planta, Busby, Coburn, Killen, Ferguson, McKenzie.

Against—Forrester, Cavalsky and Young.

Ald. Forrester moved the bylaw be read the first time six months hence.

Ald. Young seconded the motion which was defeated. Ald. Forrester once more asked that the vote be recorded, and as the aldermen had no objection to having their vote go on record, the yeas and nays were recorded as follows:

Yeas—Forrester, Cavalsky and Young.

Nays—Planta, Busby, Coburn, Killen, Ferguson and McKenzie.

Ald. McKenzie moved the bylaw be read a first time at the next meeting of the Council, the motion being seconded by Ald. Coburn and adopted by the Council by a unanimous vote.

Ald. Forrester again asked that the vote be recorded.

Mayor Planta remarked that Ald. Forrester would have to be marked down as in favor for he had voted for the motion.

Ald. Forrester—"I did not."

Mayor Planta—"You did, and you will have to be so recorded."

Ald. Forrester—"I know how I voted and when my name is called I will vote as I like."

Mayor Planta—"You have been showing your teeth, Ald. Forrester, ever since you took a seat on this Board."

Ald. Forrester—"Well if I have you have no business to refer to it here."

Mayor Planta addressing the City Clerk—"When you come to Ald. Forrester mark him down as in favor of the motion."

Ald. Forrester—"He will do no such thing. He will mark me down just as I vote and no different."

Mayor Planta—"When you write your minutes Mr. Rattray make a note of Ald. Forrester having voted for the motion."

Ald. Young—"An alderman has a right to vote as he wants and not as some other member of the Council thinks he should."

The City Clerk called the roll and the vote was recorded as follows:

For—Planta, Busby, Coburn, Killen, Ferguson and McKenzie.

Against—Forrester, Cavalsky and Young.

Ald. Ferguson was granted permission to introduce at the next meeting of the Council a bylaw regulating garages.

Ald. Young moved the Council go into Committee to consider the Waterworks Regulation Bylaw. He could not get a second to the motion with the result that Ald. Young's bylaw was killed.

Ald. Coburn asked if the City Engineer had done anything in reference to getting an estimate of the cost of constructing the retaining wall and sidewalk on Wentworth street.

In reply to Ald. Coburn, Mr. Owen stated he had been busy with other matters but would secure the data required if the Council still wanted it.

In reply to Ald. Forrester who wanted to know what the Council proposed doing with the gravel walk on Bridge street, Ald. McKenzie stated the Street Committee could do nothing more than had been done and he considered that with a little wet weather the present walk would be satisfactory.

Council then adjourned.
