markable testimonials we have received unmistakably prove.

We refer by permission to Mrs. P. Elliott, Hanover, Maine, who was cured by bhaker Blood Syrup of 11 Serofula Sores, the severity of which confined her to the house for two years. Six months previous to taking Shaker Blood Syrup, she could not get about her room without crutches. Her friend says I did not think it possible for her to live many months she was reduced to a mere skeleton. Her cure is hardly less than a miracle. There is no doubt that in Shaker Blood Syrup, we have the most remarkable medicine that has ever been produced, and a positive cure for Syphilis and Serofula in their numerous forms.
