rough weather. Competent authorities have no hesitation in saying that the loss of the "Daniel Steinmann' would probably have been S. & W. Agricultural Society was prevented if Halifax had been pro-held on Monday, 21st ult., in the rided with an efficient system of public hall, -Point de Bute. The pilotage.

—A work on Canadian Constitu-

The "Bear" is a St. John's seeler, and has been refitted at a cost of about \$30,000. The "Thetis" was a whaler, and was bought at Dundee, Scotland. She was built, especially for the ice regions. The "Alert" is one of the staunchest wooden vessels in the British navy, and an immense amount of money was expended in fitting her out for the Nares' Arctic expedition of 1875-76. It will be remembered that in 1881 Lieutenant Greely, with his assistant Klingsbury and Lockwood, five officers of the signal corps and fixen other men, was sent to Lady Frank in's Bay to take charge of one of the eleven Polar stations which the different governments had agreed to maintain. Nothing has been heard from the me since they reached their from them since they reached their from them since they reached their in the since the shows that in this period wages have been they shows that in this period wages have been they with the sace the the shows that in this period wages have been the shows that in this period wages have been they must not the close for the mone, was been the price of the singular the deduction of seventy-f from them since they reached their ciety bearing on that question did destination—the expedition sent to not come to hand until after the their relief last year in the Proteus proving an utter failure

-There was recently an interest ing debate in the English House of Commons on a resolution proposing to exclude the Bishops from the House of Lords on the ground that their presence was prejudicial to both church and state. Twenty-six Bishons, shout there from the Adjrondecks and Object of Lorent of Liberatus ... The description of the us to ignore the fact that in finary great debate on the disestablishment cases people have to choose between and disendowment of the Establishment interference and the displacement of the Establishment cases people have to choose between and disendowment of the Establishment cases people have to choose between and disendowment of the Establishment cases people have to choose between and disendowment of the Establishment cases people have to choose between and disendowment of the Establishment cases people have to choose between and choose six Bishons, about three-fourths of Episcopate of the Estabthe entire Episcopae of the same causes, viz: torest dender the Peers, dating their position from the Peers, dating their position from the Peers, dating their position from the continuous encroachments on forests by settlements, as the time when the highest of ecclesiastics, including bishops, mitred abbots, and even at times abbesses, vers summoned to Parliament as in our climatic conditions. The slow were summoned to Parliament as estates and being, therefore, part estates and being, therefore, part and parcel of the feudal territorial conditive. Politically, therefore, in nobility. Politically, therefore, in early days the Lords spiritual and Lords temporal stood upon the same least 40 square miles. The vent footing, and the superior education and learning of the former rendered their presence in Parliament a great gain to the cause of good government. The supporters of the resolution alluded to above maintained that their existence at present among the Peers was an anomaly inasmuch as luded to above maintained that they were no longer in any true Meeting of License Commissioners. sense of the expression territorial nobles. Not only so, but it was shown that they could not be said to hold their seats in virtue of being bishops, since there were bishops Moncton last Saturday, all the members of the district of Westmorland met at bishops, since there were bishops Moncton last Saturday, all the members of the district of Westmorland met at bishops, since there were bishops Moncton last Saturday, all the members of the members of the members of all the great men mentioned would occupy nearly all the space at our disposal, so that anylike a compression of the members of all the great men mentioned would occupy nearly all the space at our disposal, so that anylike a compression of the members of all the great men mentioned would occupy nearly all the space at our disposal, so that anylike a compression of the members of all the great men mentioned would occupy nearly all the space at our disposal, so that anylike a compression of the members of all the great men mentioned would occupy nearly all the space at our disposal, so that anylike a compression of the members of all the great men mentioned would occupy nearly all the space at our disposal, so that anylike a compression of the members of all the great men mentioned would occupy nearly all the space at our disposal occupied to the district of the members of all the great men mentioned would occupy nearly all the space at our disposal occupied to the district of the district bold their seats in virtue of being the district of Westmoriand met at bishops, since there were bishops who had no seat in the Lords, nor yet as representing any class in the country, because the House of Lords was not a representative body. Then it was very reasonably argued that their representative body. Then it was very reasonably argued that their representative body. The bishops were granted to E. M. Estey and E. Colive, of Moncton, W. B. Deacon, of Sackreas and Amasa Dixon, of Sackreas and Dixon, reasonably argued that their episcopal functions proper were numerous and pressing enough to absorb all the time of the Bishops and that, by being confined to these and at the same time removed from the turmoil of politics, the church would be materially the gainer and the State not all the loser. The resolution was leat by a majority of 11 in in a House numbering 285. Its in proportion to the amount of work in a House numbering 285. Its in a House num

measures which won for that period what Prof. Huxley very aptly calls Stoves, and a number of o more territory and rose to a greater height than has probably ever been witnessed since the settlement of the country. The cause of this unusual freshet is not difficult to find: the Adirondacks and Ohio regions have lately suffered from precisely the same causes, viz: forest denadation. The continuous encroachments on forests by settlements, as well as by extensive times and the pleasure of listen-swell as by extensive times and the pleasure of listen-swell as by extensive times and the pleasure of listen-swell as by extensive times and the pleasure of listen-swell as by extensive times and the pleasure of listen-swell as by extensive times and the pleasure of listen-swell as by extensive times and the pleasure of listen-swell as by extensive times and the pleasure of listen-swell as by extensive times and the pleasure of listen-swell as by extensive times and the pleasure of listen-swell as by extensive times and the pleasure of listen-swell as by extensive times and the pleasure of listen-swell as by extensive times and the pleasure of listen-swell as by extensive times and the pleasure of listen-swell as by extensive times and the pleasure of listen-swell as by extensive times and the pleasure of listen-swell as by extensive times and the pleasure of listen-swell as by extensive times and the pleasure of listen-swell as by extensive times and the pleasure of listen-swell as by extensive times and the title of "the golden age of "administrative nihilism," seems to wait and what Prof. Huxley very aptly calls "administrative nihilism," seems to wait prof. Huxley very aptly calls "administrative nihiliam," seems to to use of English Marsh, with the title of "the description of the description of the Establishment and disendowment of the Establishment which he had the pleasure of listening in 1882, and quoted with fine effect the crushing reply of Gladstone to the charge of cruelty brought against the Government by Healey in connection with the imprisonment of the Irish Suspects. The lecturer ended with a panegyric of Gladslone, of whom Mr. Davies is evidently an ardent admirer. This fact was apparent through the whole lecture, and at times it seemed to us that the judgment of the speaker was slightly binsed by his partiality for "the People's William" and his lieutenants. The lecture abounded in quotations from the gens of British parliamentary oratory, and, although of considerable length, the interest never flagged for a moment. The mere publication of the name.
