NEWCASTLE, JULY 31, 1901.

EXPULSION FROM RUSSIA.

A government or system which is
fearful of its capacity to withstand an
honest portrayal of its own workings
inadvertently concedes its own weak-
ness. For as the French say "you can-
do almost anything with a bayonet,
but sit on it." And we say with a
great reformer that, "If there is
nothing to remove that incubus from
the neck of Russian people but the
torch and dynamite, then I say
welcome the torch and dynamite."
For we have not read anything for
years more indefensible than the
following.

St. Petersburg, July 26.—A high
Russian police official called upon
George Kennan, the American author
and lecturer, at his hotel Thursday
evening and informed him that he
must leave the country by ten o'clock
this (Friday) evening. Mr. Kennan
was not allowed to leave his room
in the interim, but he was courteously
treated.

This action by the Russian author-
ities is taken under the law giving
the minister of the interior authority
to expel undesirable foreigners. The
notice served upon Mr. Kennan
characterized him as untrustworthy, po-
litically. Mr. Kennan has informed
the United States minister to Russia,
Charles M. Tower, of this action of
the Russian authorities, but has not
asked Mr. Tower to intervene in the
matter.

Mr. Kennan, in 1891, published his
"Siberia and the Exile system," the
results of investigations made in Si-
beria in 1888-89. This work attracted
wide attention and was translated
into the most of the European lan-
guages.

THE SULPHITE FIBRE INDUS- TRY.

The suspension of the Maritime
Sulphite Fibre Company does not
mean that the manufacture of sul-
phite pulp is not profitable on the
Miramichi, and that another mill
might not pay good returns on the
capital invested. It means nothing
of the kind. There is a big profit
on sulphite pulp, especially on a
good quality of the article, and a
worldwide market for it. The
trouble with the Maritime Sulphite
Company is not that it has not been
operating at a good profit, but be-
cause all its earnings have been
swallowed up by its interest account.
Its works have cost at least twice as
much as they should have cost, ex-
pensive plants having been put in
and torn out by successive manag-
ers in a most wasteful manner, and
the capital, instead of having been
put in by the stockholders, has been
borrowed at too high a rate of inter-
est for an industrial establishment to
pay. The mill pays out does not
pay enough to keep the interest ac-
count square and leave anything
for the company. The Dominion
Pulp mill, which was built economi-
cally, and has been managed as an in-
dustrial establishment rather than an
experimental station for testing the
merits of different sulphite plants, is
paying its owners good dividends,
and a new mill, if built and managed
by practical men, would, no doubt, do
likewise.

The Maritime Sulphite Fibre
Company's mill, now in possession of
the Royal Trust Company, acting
on behalf of the bond holders, will
soon be sold, no doubt, and then
operated profitably. It has suspended
because it cannot pay bank inter-
est on a half million dollars, but it
might pay good dividends on an in-
vestment of, say, three hundred thou-
sand.—World.

The Editor's Mail.

To the Editor of the Advocate.

Dear Sir,
I would like to express my ap-
proval of the remarks of your Upper Black-
ville correspondent regarding the road be-
tween here and Blackville.

He or she as the case may be, is perfectly
right and I have no hesitation in saying
that the road is in a most disgraceful con-
dition. I have no doubt that such an
outrageous condition of things could not
be found anywhere and it is a great shame
that the people of this country are com-
pelled to travel on such a road.

Our representatives should be ashamed to
ask the support of any person in this com-
munity. What reason have they to expect
our support.

As the correspondent said not one cent
has been expended on it for repairs this
year with the exception of the pole put in
Moore's Brook Bridge and that is even
worse than described.

Hoping this will be taken hold of by all
who use this road.

I remain,
Yours truly
B. DONALD.

Baden-Powell to Laurier.

OTTAWA, July 28.—The premier has re-
ceived a letter from Major General Baden-
Powell, dated Zwartkops, Transvaal, of
which the following is a copy:

"Will you forgive my writing you a
short note to tender my gratitude for all
that you have done in assisting the develop-
ment of the force with whose organization
I am charged? By your good offices the
Canadian contingent has been added to our
establishment, and with the excellent mat-
erial of which it is formed it will be a val-
uable addition to our strength. I have learn-
ed in the recent campaign to admire and to
appreciate the worth of the Canadians in
the field and am, therefore, truly glad to
welcome your contingent to our corps.
Comprising, as it does, men from every one
of our great colonies as well as from the
home country, the South African constabulary,
is par excellence an imperial corps and
as such I hope it will typify the empire it-
self as working honestly and harmoniously
in the great work of bringing peace and
prosperity over the territories now added to
our rule. And in this good work the
Canadians will have a prominent share. I
trust the connection that has been formed be-
tween Canada and South Africa is but an
augury of a close and profitable connection
in the future. I am, Sir,
Yours faithfully,
(Sgd.) "R. BADEN-POWELL,
Inspector General South African Con-
stabulary."

British Boston.
LONDON, July 27.—Telegraphing from
Pretoria under date of July 26, Lord Kit-
chener reports to the War office as follows:
"A detachment of Steinacker's Horse,
occupying Bessersdorp, was forced to evac-
uate July 24 by a superior force of Boers,
probably the commandoes of Amsterdam
and Piet Retief. The detachment fought
its way to Lenbo, a distance of sixteen
miles, being about ten killed or wounded
and a few missing."

Havoc Wrought by Storm.
CHARLOTTETOWN, P. E. I., July 28.—
Union Road, five miles from the city, was
visited yesterday by an electrical storm be-
ginning with a rainfall turning to hail.
Residents state that hail stones could be
gathered by cart loads. Some of the hail
stones measured over four inches in circum-
ference and resembled clear ice fragments.
The damage to crops is serious. The track
of the storm was about a quarter of a mile
in width. Crops on four farms were totally
destroyed. Cucumbers in which hail stones
had embodied themselves half an inch were
brought to the city. Berry bushes, rhu-
sarb and wheat were battered to pieces,
apples were knocked off trees and the tur-
nip crop was ruined. Men were compelled
to throw coats over their heads to protect
their faces. Live stock in the field at the
time suffered considerably and in some cases
animals were badly injured.

Elizabeth McCormick.
NEW YORK, July 29.—Elizabeth McCormick,
25 years old, is dead at the German
hospital in this city. She is known to be a
member of a Canadian family, her father, it
is said, being in the Canadian customs ser-
vice. Her sister is believed to be in a con-
vent in Boston, and she left letters address-
ed to a man in St. Dunstan's college, Char-
lottetown, P. E. I. At the hospital she
said that she had taken a drug. Mrs.
McCormick came to this city about three
months ago, but recently was out of employ-
ment and in low spirits. She was taken to
the hospital from a boarding house where
she had a room.

Mad Mullah Routed.
ADES, Arabia, July 28.—In a fight be-
tween the mad Mullah and the British, on
July 17th, the former was routed, losing
seventy killed. The British casualties were
Lieutenant Fredericks and twelve men kill-
ed, Lieut. Dixon and twenty men wound-
ed.

Doctors
and people agree that Scott's Emul-
sion of cod-liver oil is the best thing
to take for "don't feel well and
don't know why," especially babies
—they like it—men and women
don't mind it, but babies actually
enjoy it.

Hair Splits

"I have used Ayer's Hair Vigor
for thirty years. It is elegant for
a hair dressing and for keeping the
hair from splitting at the ends."
J. A. Gruenfelder, Grandfork, Ill.

Hair-splitting splits
friendships. If the hair-
splitting is done on your
own head, it loses friends
for you, for every hair of
your head is a friend.
Ayer's Hair Vigor in
advance will prevent the
splitting. If the splitting
has begun, it will stop it.

Killed While Helping Brother.
HARROWSMITH, Ont., July 27.—Miss Flora
Saidler, a young lady living near here lost
her life in a peculiar manner today. While
she was helping her brother to saw wood
the rapidly revolving circular saw broke into
pieces, cutting Miss Saidler so badly she
died in a few minutes.

Miners Shoot in Free-For-All Fight.
CAMBRIDGE, Ohio, July 28.—One man
dead, one dying, another probably fatally
shot and a fourth with the back of his head
crushed in, with the threatened lynching
of a negro, is the result of a free for all
fight at King's Mines today.

Forest Fire in Nova Scotia.
HALIFAX, July 28.—A forest fire at In-
graham River, St. Margaret's Bay, has con-
sumed over 1,000 acres, and is approaching
Indian River. Two more lumber camps
have been devoured, and the fire is rushing
madly on. All attempts to check it have
proved fruitless. Bands of men have been
driven before it. Cattle have been killed,
and up to yesterday it is estimated that
over \$70,000 worth of property has been
destroyed.

LITERARY NEWS.
THE COSMOPOLITAN for Aug. is, as usual,
rich in fiction, remarkable for its vivid
interest and its great variety. LAYING
BACHELOR writes a refreshing story of the
Canadian big-timber region, and HEWING'S
drawings catch the spirit of the scene per-
fectly. A. T. QUILLER-COOPER'S ("Q")
pathetic little tale cannot fail to enlist our
sympathies with the French exile who broke
his parole for love. RICHARD LE GALL-
IENNE tells the most charming and least
known of the quaint "Old French Roman-
ces"—the love of honest Squire Robin for
the Fair Jehane. "The Temple of Fate,"
the late GRANT ALLEN'S clever satire on
modern society, is certain not only to enter-
tain the reader, but also to set him think-
ing. FRANCIS WILLING WHARTON writes
a pretty story of fashionable Newport soci-
ety—a subject with which she is thoroughly
at home; while PHOEBE LYDE and ECKERTON
CASTLE handle strong subjects in a masterly
manner.

Duel With Winchester.
MEMPHIS, Tenn., July 29.—Edwin Blal-
ock, dead with a Winchester rifle ball
through his brain, N. F. Blalock, leg broken
by a bullet, S. Wright, leg broken by a
bullet, Bert Wright, Jr., a fugitive from
justice. Such is the sad result of a desper-
ate duel with Winchester rifles which oc-
curred last night, south of the city and near
Forest Hill cemetery. The tragedy grew
out of a dispute between Robert Wright,
Jr. and Edwin Blalock.
