### HALLEY'S COMET

Will Pass Over the Sun's Face on May 18th Next.

Cambridge, Mass., Nov. 5.—The famous Halley's comet will pass over the sun's face on May 18 next, if the calculations made by Rev. Father G. M. Searle, C. S. P., and sent to the Harvard College Observatory here, are correct. Father Searle's observations were made at Mount Hamilton, Cal., on Sept. 12, 13 and 14, and at Williams Bay on Sept. 26 and Oct. 19.

Concluding the table of deductions, Father Searle says: "These elements give a

geometric conjunction, in longitude, of the comet with the sun on May 18, 3.30 Greenwich mean time, the comet's geometric longitude being then plus four degrees 15 minutes. Though the result cannot, of course, be accepted as final, it is thought that there may be a transit."

Greenwich time, referred to by Father Searle, is about 2.15 a. m. May 19, or 9.15 p. m. May 18, Eastern Standard time.

#### MILITARISM IN AUSTRIA.

(Toronto Sun.) In Austria, Public Opinion informs us, nearly fifty per cent. of the revenue from house property is divided between the general government and the local municipality. Every income in that country is subject to a double tax and joint stock companies seldom pay less

than 25 per cent., and in some cases up to 65 per cent., of their net profits in the form of taxation.

That is one result which militarism has brought about in one of the chief nations of continental Europe. It indicates something like what may be expected, in time, in this country if our own militarists have their way. A vote of twenty millions for a navy, if once approved, will not be the end; it will merely be the beginning. The time to stop the folly is at the start.

It has been learned that the name of the young man who committed suicide in the Carnegie Library, Pittsburgh, by drinking carbolic acid, was not Norman Hubert, as first given by newspapers from Pittsburgh, but Norman Hubert Miller, of Orillia.

## PHIL CHINN WINNING OWNER ON CANADIAN TURF.

St. James Stable, of British Columbia, Second on the List—Seagram Hendrie, Case, Dymont and the Local Owners Well Up in List.

IT REMAINED FOR the Canadian racing season of 1909 to surpass all of its predecessors, according to The Chicago Form statistician. From every standpoint the racing season which has just come to a close, was the most successful in the history of the history of the sport on the northern circuit. Record-breaking patronage, sport of higher class and a substantial increase in the aggregate of money distributed among the horsemen by the various racing associations, as compared with the showing of preceding years, were distinguished characteristics. The formation of the Canadian Racing Associations for the control of organized racing in the Dominion was a development of the year that undoubtedly will contribute to the permanency and lasting prosperity of the sport in Canada. For the first time organized racing was attempted in the westernmost province of the Dominion, with the result that success crowned the efforts of the new racing organizations at Victoria and Vancouver, B. C., the points where the ventures were made. The indications are that both of these places will eventually play just as important a part in western racing as the older tracks at Toronto, Hamilton, Windsor, Fort Erie and Montreal do in the east. It is also intimated that a Canadian Racing Association's track will soon materialize at Winnipeg, which will complete the opportunities for the enjoyment of the greatest of all outdoor sports in all the important Canadian centres of population under proper control. During the season just closed the five tracks within the jurisdiction of the Canadian Racing Associations distributed to the horsemen in stakes and purses the truly splendid aggregate of \$488,667, representing an increase of \$48,127 over the distribution of 1908. Add to this the sum of \$145,670 distributed by the two new racing organizations in British Columbia, and the magnificent total of \$634,337 represents the contribution to recognized racing in Canada to the men who maintain the stables to make racing the great sport that it is. There is no reason for doubting that the various racing organizations have enjoyed a measure of financial remuneration in keeping with other aspects of the sport. It must be concluded that racing in Canada is in an enviable healthy state, vigorous state, with a prospect that it will continue to flourish like the proverbial bay tree for an indefinite period. The following tabulation recapitulates in a general way the results of the season on the Canadian Racing Associations' tracks:

Track	No. days	Total purses	Percentage to winners
Toronto (spring) 11	11	\$77,550	45
Montreal (spring) 13	13	\$7,392	58
Hamilton (spring) 11	11	\$1,360	30
Fort Erie (summer) 21	21	\$6,480	43
Windsor (summer) 19	19	\$5,965	40
Fort Erie (fall) 9	9	\$2,340	43
Montreal (fall) 13	13	\$6,365	43
Toronto (fall) 7	7	\$3,740	47
Hamilton (fall) 11	11	\$7,100	47
Windsor (fall) 11	11	\$9,775	40

Grand totals, and percentage 126 \$488,667 44

In comparison with 1908, the difference organizations made the following showing on total distribution:

Organization	1908	1909
Ontario Jockey Club	\$108,355	\$121,290
Niagara Racing Ass'n	\$8,690	\$8,820
Montreal Jockey Club	\$8,555	\$9,327
Windsor Rac. Ass'n	\$7,970	\$9,740
Hamilton Jockey Club	\$4,970	\$7,490

Totals \$439,540 \$488,667

Increase over 1908 \$49,127. If the daily average of money distributed, Toronto was first by a considerable margin. The general average of \$287.35 for all the tracks is an excellent showing. The daily average distribution of tracks was:

Track	Racing days	Races	Daily average
Toronto	18	134	\$6,738.33
Montreal	26	162	\$3,616.42
Hamilton	22	149	\$3,549.55
Fort Erie	30	206	\$3,294.00
Windsor	30	201	\$3,191.33

Totals and general average 126 852 \$3,875.55

#### PHIL CHINN WINNING OWNER.

It was the good fortune of P. T. Chinn to head the list of winning owners on the circuit. The record of the Chinn Stable is forty firsts, twenty-five seconds and twenty thirds, with winnings of \$23,780. The St. James Stable of Victoria, B. C., under which name the horses of Irving H. Wheatcroft are raced, stands second with \$14,235 to its credit, and J. W. Schorr, who returned to racing as an owner the current season, is third with the respectable total of \$12,830. P. M. #### HORSES AND JOCKEYS.

Terah, E. A. Brennan's four-year-old bay colt, by Abe Frank—Charm, by Faustus, achieved the distinction of heading the list of money-winning horses, principally by virtue of his successes in the Waterloo and Blue Bonnets Handicaps at the spring meetings at Toronto and Montreal, respectively, and the Earl Grey Cup during the fall meeting at Montreal. The speedy sprinter, Centre Shot, is second in the list, and Shimone, winner of the King's Plate and Dominion Handicap at Toronto, is third. Following is the record of horses that won \$2,000 and over on the circuit: Terah, \$5,855; Centre Shot, \$5,575; Shimone, \$5,150; Handicap, \$4,970; King James, \$4,650; Great Heavens, \$4,300; Pute, \$4,210; Rose Queen, \$4,200; Great Seal, \$3,985; Busy, \$3,875; Plaudmore, \$3,685; Creel, \$3,665; Guy Fisher, \$3,550; Bergoon, \$3,315; Woolwinder, \$3,285; Theo. Muller, \$2,005; Nerman, \$2,020; Paul Davis, \$2,020; Pretty Michael, \$2,020; Ecomore, \$2,000.

Jockey J. Howard piloted far and away the greatest number of winners of any of the boys who rode steadily and frequently, his record being 25; Guy Burns and Musgrave, respectively fourth and fifth, achieved percentage records of 31 and 22. B. Burton, who rode at only a few races, has the excellent percentage of 36, which is the best record of all in that respect. Following is the list and showing of those who rode at least one winner: J. Howard 25, J. Reid 67, Davenport 60, G. Burns 69, Musgrave 55, Mentry 38, Goldstein 29, Ganz 25, Rettig 23, J. Wilson 17, Herbert 17, S. Davis 13, Harty 13, D. MacArthur 12, Troxler 12, F. Jackson 12, Deverich 9, M. Preston 8, J. Lee 8, Hammond 8, Taplin 7, J. McIntyre 7, B. Burton 5, Gilbert 5, M. Whiting 5, Rogers 5, T. Chandler 5, E. Clark 4, A. Burton 4, E. Walsh 4, Phair 4, Hinchcliffe 4, Warren 4, Hufnagel 3, Brannon 3, Leibert 2, C. Brown 2, Estep 2, J. Foley 2, Ramsey 2, Cummings 2, E. Maynes 2, Vickery 1, Lloyd 1, Prendergast 1, A. Lang 1, C. Bowman 1, Trueman 1, Booth 1, J. Dennison 1, Dwyer 1, Tellott 1, Paul 1. Of the trainers who were represented by starters on the circuit, P. T. Chinn was the most successful in so far as saddling the greatest number of winners is concerned. He sent forty-one winners to the post, and P. M. Civill, with twenty-eight, was his nearest rival for the honor. Then comes L. Marion, trainer for the St. James stable, with twenty-five. A. Simons, trainer for J. W. Schorr, and W. Shields, respectively, with twenty-two and twenty-one, follow in the order named.

#### BRITISH COLUMBIA RACING.

It was quite remarkable that the British Columbia racing season should have produced a tie between any two owners for the distinction and satisfaction of heading the money-winning list. Yet this circumstance has arisen, the horses of W. M. Cain and J. Humbrecht having won \$4,975 in purses and stakes for each of these respective owners. The greater number of races were won by the Cain stable, but the Humbrecht rovers took down purses of sufficient value to even up the score. Garrity & Duniap stand third, with \$3,740 to their credit; Matt Reis is fourth, with \$3,650, and Barney Schreiber's string, trained by T. E. Crist, comes fifth, with \$3,600. To Napier Nick, C. Horning's two-year-old bay colt, yb. Solitaire II—Alma Dale, fell the distinction of being the principal winner among the horses raced at the two British Columbia meetings. His winning totalled the respectable sum of \$1,825, and his nearest rival was Burling, the veteran son of Ben Strome—Barcarola, now eight years old. Barney Oldfield and Phillistine, both of which useful racers are out of the mare La Amiga, finished third and fourth, respectively. Jockey G. Archibald was considerably the best rider seen in the saddle in the northwest, and the result is that he heads the jockey list by a big margin, in so far as number of winning mounts

#### A LIVE TOWN.

No Deaths There and No Cemetery Either.

Lebeau, S. D., Nov. 3.—In an indignation meeting yesterday leading citizens protested against the burial of a man in this city of the body of L. Y. Perkins, 50 years old, who was killed about two miles out of town in an automobile accident. This town has no grave yard, and does not want any. Public-spirited citizens, who took charge of Perkins' body after it was taken from beneath the machine, began contributing towards a fund to send it post haste to Meleto, a town 14 miles east of here, on the Minneapolis & St. Louis road, to the nearest undertaker.

This is the first death in or near Lebeau during its existence as a town. Inasmuch as the accident occurred two miles from the town, the municipal record is yet clear, and the rights of Perkins' relatives to bury him within the corporate limits is questioned.

Joys are our wings, sorrows are our spurs.—Richter.
