SICKLY BABIES QUICKLY CURED

The sickly baby is quickly cured by Baby's Own Tablets. These Tablets are a never failing cure for the troubles arising from a disordered condition of the stomach and bowels. Being sold under a guarantee to contain no harmful drug they can be given to the youngest child with perfect safety. Mrs. Francis McMullen, St. Octave, Que. writes: "I have used Baby's Own Tablets for my baby who was constipated for four or five days at a time. I found the Tablets to be of great benefit and would recommend them to other mothers." They are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

Rural Phones • **Solve These** • **Every-Day Problems**

Problem I. Bad Roads—
 The old way was to curse nature and idly await sun's return.
 The new way is to telephone for what you want, and make because you get the information in a thousand part of the time.

Problem II. Weather Forecasts—
 The old way was to work on belated information, and to guess the losses with "That's what the farmer has to put up with."
 The new way is to telephone every morning to the weather man and overcome much of the needless bustle and bustle of the old way.

Problem III. Prices Current—
 The old way was to ask a neighbor or trust to the newspapers.
 The new way is to get information in the nick of time over the phone, thus knowing when to sell and when to hold.

Problem IV. Emergencies—
 The old way was to proceed when someone took sick, was to harness up the "doctor" and make all haste for the doctor. Effort in this direction often proved as he only result the information: "doctor is out."
 The new way is to call up the doctor on the phone, and know instantly what can be done pending the medical man's arrival.

Problem V. Help—
 The old way was to allow men to go on boys' errands—waste half a morning walking to Smith's only to find that his harrow was already loaned.
 The new way is to make the phone your errand boy—boy, harrow, log by means of the "short partner."

We have prepared a Booklet describing fully a rural phone system. Had'd you better instruct us to send you this interesting bit of information, seeing it costs you nothing.
