**Everyman's Library.**

JUST IN:

This completes six hundred and forty books in the famous Library, all of which we carry in stock. Over 1500 volumes altogether now to be found on our shelves. In this Library will be found nearly all the classical fiction which is so constantly wearing out in libraries; most of the historical novels which are so useful in schools, and nearly all the classical histories, poetry, etc., books that are constantly called for in a library; so that they are entirely fitted to replace the old editions, and that at a less cost than the binding of the old books. We will be glad to have you see the other New Books, Magazines and Fashion Journals the steamers brought us this week.
