## COMPASS.

This is a new 14 size thin model Watch, German Silver Nickel Plated Case, open face, arabic dial, with red minute numerals around outer margin, "pull out" stem set, and is first-class timekeeper.

JUST THE THING FOR HUNTING, FISHING AND OUTINGS.

The Compass is in a recess in the top of the Crown, which obviates the necessity of making the Watch thick to accommodate it; thus you have a Watch that is Neat, as well as Cheap and Durable.

Special to Evening Telegram.

LONDON, July 10. A special despatch from Cairo to Egypt, says that Anglo-Egyptian members of the Ulster Volunteers have received cablegrams, calling them back to Ulster.

MONTREAL, July 10. The Allan officers reported that the steamship Calgarian had set a new transatlantic record for the passage to Canada by way of Cape Race from Liverpool, 6 days, 8 hours, 20 minutes. This is six hours less than the previous records held by the C.P.R. Expresses. It is expected that when the Calgarian takes the shorter route through the Straits of Belle Isle, the time will be shortened.

HALIFAX, To-day. The Provincial elections took place in Manitoba to-day. At midnight, the Winnipeg Free Press (Liberal) conceded the election of 22 Liberals, 24 Conservatives with three seats in doubt. The Winnipeg Telegram (Conservative), at the same hour claimed election of 26 Conservatives and 20 Liberals, with three places in doubt. Premier Roblin was elected with a reduced majority. The polling in three northern constituencies was deferred and will not take place for several weeks. The Roblin Government are probably sustained with a reduced majority.

BELFAST, July 10. The Provisional Government, formed by Ulster Unionists, at its first meeting to-day, gave Sir Edward Carson a free hand to take whatever action he may think necessary in calling Ulster Volunteers to arms. The men were declared to be ready for mobilization at a moment's notice. Carson, in a speech, declared that the time had come for the "loyalists" of Ulster to translate their words into action. He said something must be done to compel the British Government to make up its mind. Ulster, he concluded, was anxious for peace, but was not going to accept peace with surrender.

VANCOUVER, July 10. The Japanese owners of the Komagata Maru, have cabled refusal of aid to the Hindu passengers provisioning for the return trip across the Pacific. The owners claim that the charterers are, under their agreement, responsible for all supplies and similar expenses. The charter of the boat does not run out till September 27th. The Hindu passengers have appealed both to the city and the Dominion Government for aid; but the city has refused to extend any assistance, claiming that the Hindu Colony here should come to the relief of the East Indians on the boat, and provide for the return voyage.

LONDON, July 10. The News, commenting editorially on the announcement by the United States Ambassador at the Peace Centenary meeting in the Metropolitan Tabernacle, last night, that a new treaty between the United States, Great Britain, looking to a closer binding of the two countries, was being concluded, says: "This feat which has crowned Secretary Bryan's lifelong labour in the cause of peace, is the realization of the dream, with which Sir Edward Grey roused the House of Commons to an astonishing display of enthusiasm three years ago, but which the amiable weakness of President Taft was not strong enough to translate into action. 'Mr. Bryan's proposals,' the News concludes, 'are strictly practical, the object of referring dis-

## Empress of Ireland Disaster.

Amongst those lost in the above mentioned Disaster was Mr. H. R. O'Hara, of Toronto. Mr. O'Hara was insured with the Railway Passengers Assurance Company Ltd. \$5,000.00. The total amount which has been paid under this policy was \$13,500.00, made up as follows:—

Original principal sum \$5,000.00, plus accumulations \$1,750.00 making in all \$6,750.00. This doubled for travel accidents amounts to \$13,500.00. Another point in connection with this case is that Mr. O'Hara carried \$2,000.00 in the Canada Life, \$2,000.00 in the Continental Life, \$4,000.00 in the National Life, and \$5,000.00 in the Sun Life totalling in all \$13,000.00, the annual cost of which was \$474.06. His policy with the Railway Passengers, which was a Combination Accident and Disease Policy, cost him \$35.00 and for which his beneficiaries received in final settlement \$13,500.00 as against \$13,000.00 from the total of his Life policies and which as above stated cost him \$474.06. These figures show the importance of not delaying in taking advantage of the benefits granted by the

putes to a Commission, being to secure time for reflection, and cooling off, when public opinion is dangerously excited."

LONDON, July 10. Criticism of the bloated armaments of European Powers, were directed at Sir Edward Grey in the House of Commons, to-day. In reply Sir Edward declared that Britain had done her best, but her direct suggestions to foreign countries as to limitation of armaments, had been without any good result. On the contrary, they had been regarded, he said, as an attempt to limit their control of their own freedom of action, and had been resented accordingly. Sir Edward added that the most notable thing in Europe during the past year had not been the naval, but the military increase; and Britain had not been responsible for that.

WASHINGTON, July 10. With meditation proceedings at a standstill, interest in the Mexican situation to-day was focussed on developments in the Constitutionalists' military campaign that has reached a climax in the capture of Cuadajar, the second largest city in the Republic. While despatches from General Obregon, who led the latest revolutionary triumph, asserted that few of his men had been killed or wounded, yet official constitutionalist reports from El Paso, state that information received there asserted that losses were "numerous" on both sides. From Cuadajar Obregon intends to hurl his troops against Mexico City; distant about 300 miles. Constitutionalists agents in Washington say that the troops of General Obregon are adequate, although resistance by the Federals at some points on the route is anticipated.

## Where Responsibility Lies.

No matter how large, or how small, a business may be, nobody can deny that its Office is the nerve centre of the firm. Every transaction, important or trivial, must be recorded at the Office. An order is received at the Office—its history is recorded at the Office, and finally payment is received at the Office. If the Office makes an error the firm stands the loss. That's why you must be sure that your office is modern and dependably equipped for the care of all important papers. To do this effectively you need the up-to-date equipment of the "GLOBE-WERNICKE CO." When sixty offices in St. John's have found this necessity this equipment can surely be of use to you. Mr. Percie Johnson represents this world known firm in Newfoundland—ap17.14

## Dishwashing Only Once a Day.

Of all the necessary things in housekeeping the one most disliked by the average woman is dishwashing. Times without number you hear the housewife's wail: "If it were not for washing dishes I would not mind the work." Yet this need not be such a dreadful task if you will step aside from the beaten path and wash the dishes only once a day.

Unless you have a larger family who require a quantity of dishes at each meal this is not only practicable but a big time saver.

Have ready two good-sized dish-pans, and after each meal scrape all scraps from the dishes to be washed, empty all liquid from cups and glasses, pans, putting the large plates in the bottom and the smaller ones on top.

In the second pan put all small pieces, vegetable dishes and small platters.

Stand the silver upright in a jug or pitcher, and pour over all enough very hot water, in which a good soap powder or a little washing soda has been dissolved, to cover.

Now let these dishes stand in their receptacles until the morning hours, when work is easiest.

The hot water will grow cold, but the grease from the dishes will be floating on top and can be scooped off first, then the water may be poured off.

This done, the dishes will be virtually clean and ready to be rinsed in steaming hot water.

After this, if you are a wise housekeeper, you will have a wire drainer ready to receive the dripping china, in which it can be placed on a decided slant and left to drain dry.

They are ready then for the next meal, clean, bright and polished.

Glasses should be quickly washed and dried after each meal; but that is a small matter if all the other dishes can be left until you are quite ready to "do" them.

WITH THE ADVENTISTS.—Elder Wm. Young, Pastor of the Cookstown Road Church, having returned from attending the Conference of the Seventh Day Adventists, held in both the Maritime and Quebec Provinces, will commence a series of five lectures, commencing with Sunday week, the 19th inst., on the question of Capital and Labor from a prophetic view point.
