We think you ought to know why it's wise to "Do it now." The best reason is that our stocks are complete-you're bound to get more style satisfaction out of a broad choice than a narrow one-you get the broad choice now-you may not get it later.

## **Lessen Your Living Expenses!**

"Be economical," is the cry in England, and this slogan has the same significance in Canada. We all must economize. There is more actual waste in our dress expenses than any other item. When a garment becomes soiled we throw it aside, when for a few cents it could be restored to original freshness and beauty by Dry Cleaning. A saving of at least 35 per cent. in the expense of dressing is possible by using the processes of Dry Cleaning and Dyeing.

Our agents will gladly give you full particulars.

2. It has a long experience in the work of administering estates; it is incorporated for this business of acting as a trustee, and, unlike many other trust companies, it does no other. 3. Its existence is perpetual. Your estate, in the event of the death of a personal executor or administrator, must look around for a substitute, and the work of administration is impeded during that time, and the new executor is unfamiliar with the policy of his predecessor, and confusion results. This company's existence is perpetual, and there is a continuity of policy in its administration that the death of its officers does
