PYORRHEA.
Of all the poisons taken into the blood, the germs and pus contributed by diseased gums (Pyorrhoea) are the most destructive to the human system. If every red blood cell is forced to fight against numbers of germs to the cell, the blood cannot attend to the building up of the body, and it allowed to continue the system is bound to break down and eventually you are an invalid. Kidney, stomach, heart trouble, rheumatism and many other diseases are brought on by diseased gums and teeth.
