Great American Baritone Displays Amazing Versatility; Gifted Accompanist_ Will Also

The music lovers of Calgary will be given one of the richest treats of their CHIEF OBJECTS TO lives Friday night at Al Azhar Temple, when they listen to Cecil Fanning, the distinguished American baritone, and his gifted accompanist, H. B. Turpin. The Calgary Musical Agency wishes to emphasize the fact that this artist is one of the world's most versatile song interpreters, and that the program, which follows, is one of rare nusical merit:

CATARRH LEADS TO CONSUMPTION

Catarrh is as much a blood disease as scrofula or rheumatism. It may be relieved, but it cannot be removed by simply local treatment. It causes headache and dizziness, impairs the taste, smell and hearing, affects the voice, deranges the digestion, and breaks down the general health. It weakens the delicate lung tissues and leads to consumption leads to consumption.

Windsor, Ont., Sept. 19.—This is the kind of cure that has set Wind-sor people thinking and talking about Dr. Chase's Nerve Food. The action of this food cure is so radically different to the usual treatments for the nerves that everybody wants to try it. Gradually and certainly it nourished the starved nerves back to health and vigor and the benefits obtained are both thorough and lasting. Mrs. M. J. H. ASHDOWN COMPANY MAKES IMPROVEMENTS

New Front Installed and 4,500 Square Feet of Floor Space Added

The J. H. Ashdown Co., Ltd., retail hardware store celebrated the twentyfifth anniversary of the business in Calgary by remodelling the premises The principal portion of the work consisted in tearing out the old front and installing two of the best display windows in Calgary. The firm has an ideal location for the business on ideal location for the business on Eighth avenue, and the recent imappearance of that part of the retail

ection of Calgary. The new front is known as the Kowneer System, with 30 lineal feet of angle glass. The windows are lighted with a perfect set of prism lights from above, and the floor entry to the store is of mosaic. W. J. Illsey, the manager of the retail department, informed The Albertan representative that the windows were essentially silent salesmen

In addition to the placing of a new front, the company has added 4.500 square feet of floor space to the premises which, owing to the vastly increased stock, was found necessary. In the J. H. Ashdown company's retail premises there are actually nine different stores, each department in the business being run as a separate concern. COULD YOU USE

And Echo Answers "YES"

The Albertan automobile contest provides the opportunity by offering an extra prize of \$50.00 in cash.

There are no strings to this offer, either. Every candidate in the prize contest is eligible to try for it—and the one who exceeds in subscription collections for the three weeks will get it.

As soon after the close of the offer as possible—not over three days—the winner will be announced and the cash paid over. However, the amount of money turned in to wih will not be announced at the same time, but this information will be withheld until the close of the contest-The records of the contest office are kept in such a manner that anyone can verify the award by simply glancing over the books. And here's another thing. Should any candidate or person interested in a candidate wish to look over the records, after the close, they are welcome to do so Until the close of the contest the records are not even available for the inspection of members of The Albertan Publishing Co. Candidates can rest assured that their progress will be kept a profound secret.

Good Time to Enter

With the \$50 extra prize stimulating the contest and with less than even weeks to go, it is a splendid time to enter the contest. "There's always room at the top," applies in circulation contests the same as in all other walks of life. Glancing over the list of candidates, it is plain that many good towns and localities are not represented by candidates and also, that a number of the candidates who are holding down good towns and localities haven't begun active work, if the score in the paper tells anything.

Extra Votes Drop Every Week

It is a great mistake to wait for something better in the way of ra votes. While the decrease is only slight, comparing this week with

big figure. Some of the candidates may have failed to get one of the 100,000 extra club ballots last week, but they will not likely make the same mistake this week. Fifteen dollars in subscriptions gets one, \$30 gets two, and so on. There's no deadline. Candidates may get as many of these big ballots as they have even \$15 worth of subscriptions.

Extra Efforts Count Fast

Candidates who were successful in rounding up several of the 100,000 extra vote ballots are likely so well pleased that they will keep up their good work. Slacking up so early in the contest would certainly
