and owned by the Wilkinson estate. Mr. Davis will move his family here.

The Rev. R. Dickey, of Orangeville, will preach the annual sermon of the W. W. A. Society in the Hyde Park Presbyterian Church Sunday evening, Aug. 10, at 7:30 p.m.

Masters Liwellyn and Evans Davis, sons of Van Archibald Davis, of this city, were passengers on the steamer Seguin, which sunk the City of Venice in a collision off Rondeau on Monday night.

Louis Augustus, the 5-year-old son of Mr. and Mrs. Nathaniel Mills of Elmwood avenue, South London, died on Sunday.

C. P. R. brakeman James German, caught his foot between the buffers of two freight cars yesterday and had it painfully crushed.

SQUIRE EDWARDS HURT.

While Squire Harry Edwards, of Egerton street, was standing holding his horse at the corner of Hamilton road and Egerton street on Monday, the animal became terrified at the approach of a Hamilton road street car.

Mr. Edwards was thrown into the wheel of the buggy and was badly injured. He is now lying at his home on Egerton street, and owing to his advanced age, fears are entertained that he may not recover.

"AN EXCELLENT MODEL FOR THE RISING GENERATION"

Tribute to Sterling Worth of One of London's Most Prominent Manufacturers.

The following interesting sketch of Mr. John McClary and the great business he has built up is found in the Montreal Herald of Saturday last, as part of a series of sketches of Canada's leading men:

Mr. John McClary, of Canada, Ont., the head of the McClary Manufacturing Company, is essentially a self-made man, and is an excellent model for any ambitious young man of the rising generation.

Mr. McClary was born 73 years ago, at Niletown, in Middlesex county, Ontario, only a few miles from the city where his immense factories are situated, the product of which have made the name of "McClary" famous from ocean to ocean.

His father was Mr. John McClark, who was born in 1784 in New Hampshire, of Scottish parents, and his mother was Miss Sally Stark, of Pennsylvania, a descendant of Gen. Stark, of revolutionary fame, and through his paternal grandfather was a near relative of John Adams and John Quincy Adams, the second and sixth Presidents respectively of the United States.

Mr. John McClary, the elder, was a lumber manufacturer in Pennsylvania, and in 1813, during the war between Great Britain and the United States, a large cargo of his lumber was seized and burned, which was a financial disaster to him. He determined to come to Canada to see if he could better his fortunes, settling in Westminster township, near Niletown.

Here it was that the subject of this sketch was born in January, 1830. He

Big Steel Combine. Montreal, Que., Aug. 6.—Senator Cox, of Toronto; James Ross, of the Dominion Iron and Steel Company; Senator Forget and other leading capitalists had an important private conference here yesterday, and it is stated that negotiations are under way for the formation of a big steel combination which will include the Dominion Steel Company, the Nova Scotia Steel Company and a leading English company.

Off for a Jaunt. On your next picnic bring a supply of Clark Canned Meats and Clark's Fork and Beans.

A SUCCESSFUL MEDICINE—Every one wishes to be successful in any undertaking in which he may engage. It is, therefore, extremely gratifying to the proprietors of Farm's Vegetable Pills to know that their efforts to compound a medicine which would prove a blessing to mankind have been successful beyond their expectations.

The indigestion of these Pills by the past night's guarantee that a pill has been produced which will build up everything desired for it.

New Section Honey

We have our first supply of those well-filled sections of Choice White Clover Honey.

The Honey that always gets first prize at the Western Fair. No section. Call Up 317.

T. A. Rowat & Co., 224 Dundas Street.

AWAY ABOVE THE STREET

Hundreds of Feet From the Ground Two Men Fought—One Killed.

Philadelphia, Penn., Aug. 6.—Hundreds of feet above the street, on the twelfth floor of the big new office building at Twelfth and Chestnut streets, two men fought last night. The battle ended in the death of one, and the other is now under arrest with a bruised and bleeding body reached the Jefferson Hospital.

Walter Hoffman, 30 years old, of 430 North Twelfth street, was the man who started the fight. He was thrown down an elevator shaft, it is alleged, by James Tomeny, of 226 League street, and was dead before his bruised and bleeding body reached the Jefferson Hospital.

The quarrel started when Tomeny ran into Hoffman with a wheelbarrow. Hoffman remonstrated and Tomeny picked up a plank and struck him. Then while the man lay prostrate on the floor, it is said, the Italian sprang at him with a "Till you die" yell, and pushed the prostrate man through the opening.

FOOD TREATMENT.

Old Stomachs Made Over.

Improper medicine knocks out as many stomachs as bad food, but proper food will nearly always restore the health that Nature intended.

"I suffered with chronic constipation for a long time, and two years ago became an invalid, being unable to retain anything on my stomach," says Mrs. P. M. Jones.

"Physicians pronounced it catarrh of the stomach and bowels. In fact, the entire alimentary canal was involved, and while I was under the treatment of purgatives, for several weeks I could not retain more than a teaspoonful of any kind of food at any time, and at this stage of my illness a friend suggested that I try Grape-Nuts.

"I commenced by taking only a teaspoonful at a time of the water poured over the Grape-Nuts. In five days I was able to digest a teaspoonful of the Grape-Nuts themselves, and in less than a month could digest an ordinary meal. I can eat anything now, after having used Grape-Nuts for nearly two years, and am entirely cured of constipation. It is a wholesome, pure and inexpensive food."

spent his early days working at the tinmith's trade, and during the early history of the gold excitement in California he went to the Pacific coast. At the age of one year he returned, and in connection with his brother Oliver began to work at his chosen calling.

He attended to the manufacturing, while his brother disposed of the product. This was in 1818, and formed the nucleus of the present business, the factories and foundries of which cover several acres in the heart of the city of London, Ontario, and his permanent offices and warehouses in nearly every province of the Dominion.

At the present time excavations are being made for the erection of another mammoth foundry in the southern part of London, which will cover several acres, and nearly double the present manufacturing capacity of the company. They now employ over 800 hands, and before another year this will be increased to 1,000.

The value of the McClary business to the city of London is very great. When the management asked the municipal council for power to close a street for the erection of the southern foundry the aldermen readily granted the request.

Personally, Mr. McClary is a most estimable gentleman, and although he has passed the allotted span, his faculties are still keen. He is a thoughtful student of public affairs, and on tariff and other commercial questions is thoroughly versed. He frequently writes to the local press on current questions of public interest, and his judgment is always treated with the greatest deference.

Mr. McClary, in addition to his position at the head of the McClary Manufacturing Company, is president of the Ontario Loan and Debenture Company, president of the London Life Assurance Company, and a director of the London and Western Trust Company.

Question of Niagara Power.

Toronto, Aug. 6.—It is learned that the result of the meeting at Niagara Falls of the Niagara Falls power commission, at which the question of the application of the Ontario Power Company for permission to take water from the Niagara River, as well as from the Welland River, was argued, will be that the commissioners will recommend to the Ontario Government that the application of the Ontario Power Company be granted, subject to the condition that the company must submit detailed plans of its proposed works to the commissioner of public works for Ontario.

An order-in-council has been passed appointing Capt. F. J. Laffey, R. C. A. Kingston, to be staff adjutant of the Fifth military district, Montreal, with the rank of major. The appointment will date from July 1.

Externally or Internally, IT IS GOOD—When applied externally, it breaks up Dr. Thomas' Electric Oil the pores and penetrates the tissue as few liniments do, touching the seat of the trouble and immediately relieving the irritation in the throat, which in-creases cough and will cause a pro-secution of the bronchial tube and respiratory organs. Try it and be convinced.

HOSPITAL TRUST MET YESTERDAY

Dr. J. Knox Niven Appointed a House Surgeon.

THIRD ANAESTHETIST NAMED

Trustee Waterman Resents Criticism of "Ratepayer" and Others in Daily Press.

The board of trustees of Victoria Hospital met in regular session at the hospital yesterday, the members present being Chairman McCormick, Trustees McLeod and Waterman, Superintendent Heard. A couple of hours was occupied in transacting hospital business, none of which was of striking importance.

Among the afternoon's proceedings were Trustee Waterman's protest against recent criticism of himself and certain members of the trust and the staff, the appointment of Dr. J. Knox Niven as house surgeon at the hospital, to succeed Dr. Hugh McGugan, and the adding of Dr. Alexander to the visiting staff as anaesthetist.

Dr. Hugh McGugan's resignation of the position of house surgeon at the hospital was accepted, he having left to take charge of a lucrative practice at Alvinston.

Trustee Waterman, in commenting on the resignation, expressed himself rather strongly. He said that the incident should teach the board to keep the appointment of house surgeons in their own hands and not let the medical school dictate to them as to whom should be appointed.

Some of the appointees think they are at liberty to play fast and loose with the positions given them. Mr. Waterman thought that the house surgeons on appointment should sign an agreement to stay the whole term of their engagement. As a lesson to them, he was prepared to resign where he was a hospital sergeant with the Second C. M. R. The appointment should prove a popular one, as the public will approve of this method of rewarding men who have served their country in South Africa.

Dr. Niven will assume his new duties on Monday next.

Trustee Waterman waxed indignant over some letters which have been appearing in the daily press of late. He referred especially to one signed by "Ratepayer." This letter, Mr. Waterman said, was full of lies, deceit and hypocrisy, and he threatened to expose the writer of it.

The statement that the rates for private rooms had been raised was false, the only change for the lowest-priced rooms being from \$5 per week to 75 cents per day, an increase for the week of 25 cents. Patients in the wards can have their own physicians on showing good reasons for such attendance, and no fees can be imposed on patients unless they are paying more than \$2 per week.

Chairman McCormick thought it unwise to pay any attention to the letters which appear in the papers from time to time.

The matter was then dropped. Supt. Heard asked the trust for directions in the matter of the hospital surgeons. Only one of the four appointed recently has been in attendance at the hospital, and the duties are too heavy for one surgeon.

The board directed Supt. Heard to request the surgeons to attend the hospital, if they do not do so new appointments will be made at the next meeting of the board.

James F. Crockett, a former employee of the hospital, wrote protesting against the report that he had been discharged from the hospital because of drunkenness. He had left, he said, because of the officiousness of some of the hospital employees, and because of favoritism on the part of some members of the board.

The letter was filed. A. Scream and Co's tender to supply 25 window shades at \$19.99 was accepted.

Supt. Heard's report showed that from July 14 to Aug. 4 there were admitted to the hospital 33 males, 26 females and 17 children, a total of 76. The number of patients discharged were 25 males, 26 females and 17 children, or 68 in all. There were 4 births and 5 deaths. The number of patients now under treatment is 25 males, 35 females and 15 children, a total of 75.

During July the paying patients contributed \$1,311.10 to the hospital treasury.

Photographer Frank Cooper presented the trust with a handsome framed panel containing the portraits of the members of the trust. The portraits are excellent likenesses of the five gentlemen who control the destinies of the hospital. The board tendered Mr. Cooper a hearty vote of thanks. The picture will be displayed in a conspicuous place in the hospital.

Mrs. Yarker, of the Ladies' Advisory Board, wrote asking for an extension of time for the making of arrangements to provide a home for Mrs. C. Taylor, who has been an inmate of the hospital for fifteen years, and who is suffering from an incurable disease. The board granted an extension of time till Aug. 31.

Canon Dann wrote inviting the trust to attend the coronation services at St. Paul's Cathedral on Saturday, and notifying them that the proceeds of the collections were to be given to the hospital. The trust will accept the invitation and the donation with thanks.

Dr. B. F. Butler wrote asking to have his name removed from the visiting staff of the hospital. The request was granted.

Dr. Norman Alexander was added to the staff as anaesthetist. T. J. Hutchinson, of East London, wrote thanking the trust and the staff for the excellent care and attention given his wife during a recent stay at the hospital.

Supt. Heard reported that the new hot water heater installed by Clara Bros. of Preston, appears to be giving excellent satisfaction. Boiler Inspector Robb reported that the hospital boilers were in good condition.

WINDOW SHADES.

3x6 feet, in shades of cream, green, terra, buff and olive; mounted on a good serviceable roller.

2x5 feet, same shades, but in a heavy shade cloth, very strong rollers; a splendid shade for kitchen or attic windows, etc.

FIRE! WATER! SMOKE! EACRETT'S BAZAAR

EXCITEMENT UNABATED AT EACRETT'S BIG FIRE SALE

The big bargains customers and everybody else have been getting the last few days at this store have advertised this great sale as nothing else could. Day after day the crowds have filled the store to overflowing, and despite the bad weather of Tuesday we had all we could do to wait on the people. After Tuesday's big selling we have left about

15 GROSS FRUIT SEALERS, TO GO AWAY BELOW COST.

Every housekeeper knows the true value of Sealers. They have never been bought at less than 60 cents a dozen, but as we must get rid of every one, we propose giving such astounding bargains while the stock holds out as will make those who have bought at regular prices wish they hadn't. Goods are in perfect condition. Come early.

CROCKERY AND GLASSWARE. Thursday, Friday and Saturday.

We have at last got access to goods in basement, and find the enormous stock of Glassware and Crockery, which was stored in reserve, just about as it was before the firemen sprinkled it with water. The whole of this big stock

We Mean to Sacrifice Without Reserve. We could not wait for carpenters to complete stairway to upstairs storerooms, but we got there just the same, and can get at our big reserve stock of

STATIONERY, BERLIN WOOLS, FINGERING YARNS, DOLLS AND TOYS.

We will make Thursday, Friday and Saturday big days in these goods, as we have fully made up our minds to slaughter the whole lot At Half Price and Less.

Goods in perfect condition. Never before were such bargains offered in Berlin Wools and Fingering Yarns. We will sell our regular 50 package of Envelopes at 1 1/2c to 2c. Don't miss this chance.

MORE GRANITE AND TINWARE. We still have a large supply of Granite and Tinware to go. To insure another big day's selling and to clear the lot out of the way of the carpenters, we have reduced prices lower than ever.

WATCH WHAT WE ARE DOING. There will be no let up on bargains until every article in the store is cleared. Your own prices will buy the goods in most instances. When we open up anew we purpose having a brand new stock. Everything brand new.

THE BEST IS YET AHEAD.

Eacrett's Bazaar, 171 South Side Dundas St. Cars Stop at Door.

PLUMBING. You practice true economy when you engage Smith Bros. & Co's service. Expert plumbers to perform all work quickly and thoroughly—three superintendents to see that the work is properly completed. Consult us about the cost of repair work or the most modern new plumbing. Phone 538.
