HAPPIEST MARRIAGES RIGHT AGE TO WED

What Miss Sution, Lady Tennis Champon Has to Say.

New York, Aug. 22. - Miss May little English woman, who is trying Sutton, the famous lady tennis champion, has given rise to an interesting discussion concerning her very definite statements as to the correct age for marriage.

Announcing the breaking off of her betrothal to Mr. George Hahn, the son of a Mexican banker, Miss Sutton said:

"No woman should marry before twenty-five. I stand by that statement. In the first place, no woman before that age is sufficiently matured. She does not know her own mind and has not had experience enough. It does not seem to me right that a woman should have to learn her duties after she is married.

"In America a woman has more to do with the selection of a husband than in the older countries. Parents have little to do with her choice, beyond advising, and when a girl is young such advice is not appreciated Hence it is of the utmost importance that the American women, at all events, should have a large experience of men and the world before she takes the important step of choosing a part-
