WESTERN DAIRYMEN MEET AT WOODSTOCK

Splendid Addresses by Experts on Latest Methods Were Greatly Enjoyed.

THE PRIZE WINNERS

In the Exhibits of Cheese and Butter—Elections Take Place Today.

[Special to The Advertiser.]

Woodstock, Jan. 15.—Matters of the greatest importance to the dairymen of this whole district were discussed at today's session of the Western Ontario Dairymen's Association, and the members present took the keenest interest in the proceedings.

An important paper on the alfalfa situation in Ontario was read by Prof. C. A. Zavitz of the Ontario Agricultural College, Guelph. He said that alfalfa is being recognized more and more as a most valuable farm crop for this Province. Under favorable conditions it produces two or three crops per annum and survives for several years without the necessity of re-seeding. Alfalfa cannot be grown on land which has a cold, wet, sub-soil. Good, plump seed, free from impurities, and of strong germinating power, should be used. The four hardest alfalfas for sowing in Ontario are the Grimm alfalfa of Minnesota, the Ontario variegated, the Baltic of South Dakota, and the true sand lucerne. It is necessary to introduce alfalfa bacteria in order to make the crop grow. Under average conditions in Ontario, the seed should be sown at the rate of about 20 pounds per acre.

When to Cut.
 "The alfalfa should be cut just as it is starting to blossom," said the professor, "and great care should be exercised to cut the alfalfa so as to retain as many of the leaves as possible and to protect the crop from rain. The exact method to be used depends largely upon the amount of crop and upon the conditions of the weather. The second crop in the one season may be used for hay, or allowed to ripen for seed production. If the second crop is used for hay there is frequently a third crop, which may be converted into hay or in some instances used to excellent advantage for mixing with corn when filling the silo."

At the Ontario Agricultural College for the last fifteen years we have obtained an average of three cuttings of alfalfa per year, with an average total yield of a little over 20 tons of green crop, or 4.8 tons of hay per acre per annum. The average for Ontario is usually about two tons of hay for the first crop, one ton per acre for the second crop, and from one-half to three-quarters of a ton per acre for the third crop. Where seed is produced from the second crop the yield usually varies from about one-half to seven bushels, the average being fully two bushels per acre. If alfalfa is over-pastured it cannot be done with great caution, as the pasturing frequently ruins the crop. On those farms of Ontario where alfalfa can be raised successfully, it is undoubtedly one of the most important crops which can be grown."

Dairy Records.
 The work of the dairy record centres in 1912 was outlined by C. P. Whitley, of the dairy division, Ottawa. The testing of cows, the herds of Ontario has shown a marked difference in performance at the fall. He advised all farmers to keep a record of each cow's production, and also of the cost of feeding and keeping, in order to know the individuals that yield either a profit or loss, and to weed out those that came in the latter class. Interesting figures were given to show the value of the work. Results were announced of the dairy herd competition conducted by the association in 1912 for patrons of cheese factories with herds of eight to fourteen cows inclusive. First was won by George Pearce, of Tilsonburg; second, W. H. Mason, Tyrrell; third, J. A. Thistle, St. Paul's. For patrons of cheese factories who have herds of fifteen cows or over, first

WESTERN ONTARIO

NEW FARMERS' CLUB ORGANIZED AT THORNDALE

Mr. James Ramsay Is President—Fine Talks Were Much Enjoyed.

[Special to The Advertiser.]

Thorndale, Jan. 15.—Following the annual meeting of the Farmers' Institute in Harding Hall, a Farmers' Club was organized with the following officers: President, Jas. Ramsay, vice-president, E. Nicholson, secretary-treasurer, R. Hobbs, directors, K. Ramsay and E. McLeod. The club will meet on the 22nd inst.

The annual meeting was a great success. The afternoon session consisted of addresses by Mr. Scheerer, of Bright, and Mr. I. Whaley, B.S.A., district representative for Ontario department of agriculture. Mrs. J. W. Parsons, of Forest, addressed the Women's Institute on "Travelling Libraries." She stated how one might be secured and the best method to use in selecting the books.

A Fine Meeting.

In the evening a joint meeting was held and the hall was well filled. Mr. R. H. Harding occupied the chair. The chairman introduced Mrs. J. W. Parsons, of Forest. She gave an excellent talk on "Life in Germany."

As Mrs. Parsons spent considerable time in that country, she was able to give some splendid ideas of the home life there. She also outlined the German system of education for the kindergarten to the university, and stated that the school life was a very happy and interesting one, as the individuality of the German child is so largely developed.

The Boy Problem.

The other speakers of the evening were Mr. Whaley, who outlined the work that the Government is endeavoring to accomplish in the interests of agriculture, and Mr. Scheerer, of Bright, who gave an address on "How to Keep the Boy on the Farm."

He stated that the only way to do this is to make the work more interesting and attractive for the boy by permitting him to perform business transactions and receive a share of the profits of the farm. The social life should be improved by giving a certain time to reading and sport. Music was furnished by the male quartet, consisting of Messrs. Gumb, Van Horne, Hueston and Salter, and was much enjoyed.

HON. A. G. M'KAY IS NOT GOING TO RESIGN

No By-Election To Be Held in North Grey Before June.

Owen Sound, Jan. 15.—The report that Hon. A. G. MacKay, M.P.P., is about to resign his seat in North Grey, owing to his removal to Edmonton, is denied by the Hon. the local Liberal organ, which says: "Hon. A. G. MacKay has, in a letter to Mr. Roland Patterson, president of the North Grey Reform Association, recently given reasons why he thinks he ought not to resign at present. Apparently he has been showered with letters from parties on both sides of politics in North Grey, and it is quite evident that there will be no by-election in North Grey before June next, and perhaps Mr. MacKay may be induced to hold the riding until the general elections, and thus prevent the turmoil of a by-election."

STRATHROY PLAY WAS A GREAT SUCCESS

Crowded House Performance in Aid of the New Hospital.

[Special to The Advertiser.]

Strathroy, Jan. 15.—The opera "Patience," or "Bunthorne's Bride," was played in the Lyceum to a crowded house last night. Both the cast and chorus did splendid work.

The cast was as follows: Officers of dragon guards—Col. Caicker, E. W. Sadler; Major Murgotray, B. Buttery; Duke of Dunstable, E. J. Wright; Reginald Blithmore, J. A. Allum; Archibald Grosvenor, E. E. Evans; solicitor, W. A. Campbell; Rapturous maidens—Lady Angela, Miss Jean Buttery; Lady Saphir, Miss Helen Moore; Lady Ella, Miss May Fox; Lady Jane, Miss Mary Fox.

Directors' Report.
 The report of the directors also was presented by Mr. Dempsey. High prices for cheese were received from April to November. The butter market has been active, and the high prices received indicate a strong demand from the growing home market for all the butter that Ontario is likely to produce. The export trade was also in a better position, being imported to supply the wants of at least two western provinces. Several new creameries and cheese factories were built during the past season, and the buildings generally throughout the province are being improved. In regard to the outlook for dairying in Western Ontario the report showed that scarcity of farm labor is rapidly becoming a big factor in milk production.

Some of the Problems.
 A successful milking machine would be of assistance in solving this problem in so far as milking is concerned. Competent assistance for cheese factory and creamery work is also becoming more difficult to secure and is one of the chief factors in increasing the cost of manufacturing dairy products. Not many years ago it was said that we would soon be producing more cheese and butter than the markets could absorb. How much in error this prophecy was may be gathered from a view of present conditions. Each year larger quantities of milk and cream are diverted into other channels than that of cheese and butter making. True, this tends to raise the price of cheese and butter, but it is seriously affecting the milk and cream supply of many factories located near shipping points. However, producers were never in a better position so far as the future outlook for increased markets, and high prices are concerned."

Had Weak AND Dizzy Spells.

Those feelings of weakness, those dizzy spells and "all gone" sinking sensations, which come over some people from time to time, are warnings that must not go unheeded.

They indicate an extremely weakened condition of the heart and a disordered state of the nerves.

One dizzy spell may pass off, but the next may be more serious.

Those who are wise will start taking Milburn's Heart and Nerve Pills, before their case becomes hopeless. They have no equal for reviving and strengthening the heart, and invigorating the nerves.

Mrs. A. E. Martell, Rockdale, N.S., writes:—"I was troubled for a long time with my heart, had weak and dizzy spells, could not sleep, and would have to sit up the greater part of the night. At last I got a box of Milburn's Heart and Nerve Pills and they did me so much good I got another, and after taking it I could sleep as well as before I was taken sick. They are the best medicine I ever heard of for heart or nerve trouble."

Price, 50 cents a box; 3 for \$1.25, at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

SEAFORTH HORSES GOING TO MONTREAL

Eighteen Fine Heavy Animals Selected by Leading Buyer.

[Special to The Advertiser.]

Seaforth, Jan. 16.—Mr. W. A. Jacobs of Montreal, shipped from here today a fine lot of heavy horses, 13 in all, which he bought during the past week from farmers in the immediate vicinity of Seaforth.

The horses are an unusually fine lot, and were greatly admired by a number of visitors in town. Mr. Jacobs was particularly well pleased, and said he bought heavy horses all over Ontario, but could get a better class around Seaforth in shorter time than he could anywhere. He said: "Some years ago I advised my farmers to pay attention to the silos, and they have taken my advice; that is in my opinion the reason they have so many good heavy horses around Seaforth."

Before the horses were shipped they were taken out and photographed by Mr. J. F. Daly.

ALLEGED BRIBERY.

Exeter, Jan. 16.—The chairman of the local option committee in Stephen Township has been given some money that was received by a voter for his vote. An investigation will follow.

FELL OVER DEAD

John Emery Was Chatting With Friends at His Home.

[Special to The Advertiser.]

St. Thomas, Jan. 15.—John Emery, one of the best-known farmers of Yarmouth Township, died suddenly last evening at his residence, near New Sarum. Mr. Emery had been confined to his bed with rheumatism for a couple of weeks, but was supposed to be convalescing. Several of his neighbors were at his home chatting with him when he fell back dead.

A RECORD YEAR

Komoka Presbyterians Received Best Reports in History of Church.

[Special to The Advertiser.]

Komoka, Jan. 15.—The annual congregational meeting of the Komoka Presbyterian Church was held last night, and was the largest and best in the history of the church.

The report indicated a banner year in every department. The receipts were in excess of the expenses by \$431 in the ordinary revenue, while for missions \$21 were given that the people were asked for.

The organist, Miss Lulu Small, was presented with a fine music and china cabinet, and the treasurer, Mr. Chris.

WOMAN'S INSTITUTE ENTERTAINMENT WAS ENJOYED BY LARGE AUDIENCE.

Thorndale, Jan. 15.—One of the best concerts ever held in Thorndale was given in Harding Hall on Tuesday evening by the Stauffer, Coutts-Bain Scottish Company under the auspices of the Women's Institute.

Madam Coutts-Bain favored the audience with a number of fine selections, among them being sketches "A Half Hour With Grannie" and "A Baby's Soliloquy."

Millard Stauffer, in his famous character sketches, "Uncle Josh" and "The Dutchman's Troubles," made a great hit.

Howard Russell, baritone soloist, was listened to with great interest. The Women's Institute members were warmly complimented on the success of their concert.

FEEL BULLY? TAKE CASCARETS TONIGHT

Gently Cleanse Your Liver and Sluggish Bowels While You Sleep.

Sick headache, biliousness, dizziness, coated tongue, foul taste and foul breath—always trace them to torrid liver, delayed fermenting food in the bowels or sour, gassy stomach.

Poisonous matter clogged in the intestines, instead of being cast out of the system is re-absorbed into the blood. When this poison reaches the delicate brain tissue it causes congestion and that dull, throbbing, sickening headache.

Salts, cathartic pills, oil and purgative waters force a passageway for a day or two—but they don't take the poisons out and have no effect upon the liver or stomach.

Cascarets immediately cleanse and regulate the stomach, remove the sour, undigested and fermenting food and foul gases, take the excess bile from the liver and carry out of the system all the consipated waste matter and poisons in the bowels.

A Cascaret tonight will surely straighten you out by morning. They work while you sleep—a 10-cent box from your druggist means your head clear, stomach sweet and your liver and bowels clean and regular for months.

Freight steamer, left New York on Jan. 8 for Algiers and Marseilles.

CALGARY SELLS DEBENTURES. [Canadian Press.]

Calgary, Jan. 14.—The offer of A. W. 94 and accrued interest for \$975,000 debentures of the Calgary schools has been accepted.
