They are smoked all over the world.

## CLAIMS CHURCH HAS BETRAYED LABORING MEN

Rev. George Richmond in a Sensational Sermon Scores Rich Men's Bishops.

Says Set of Moral Vagabonds Will Manage Next Church Convention.

[Special to The Advertiser.] Philadelphia, Aug. 3. — "Our House of Bishops is led in foot and hand by a power behind Bishop Greer and he held our House of Bishops in the hot-house of his hand."

"The cathedral on Morningside Heights is a handsome monument to our New York corrupt money power. It is the embodiment of ecclesiastical snobbery, spiritual frippery and moral incompetence."

"Since the day of Bishop Potter, the Diocese of New York has been in the control of half a dozen plutocrats."

"Run by Rich Men. The Episcopal Church is run by a few rich men. They control the bishop (Rhinelander), who in mental ability and moral aggressiveness is not by any means a great man. August Belmont is at the head of our race-track gamblers. His career

## "MY STOMACH IS FINE Since Taking Na-Dru-Co Dyspepsia Tablets"

Mrs. J. Merkhuger, Waterloo, Ont., enthusiastically recommends Na-Dru-Co Dyspepsia Tablets. Her experience with them, as she outlines it, explains why.

"I was greatly troubled with my stomach," she writes. "I had taken so much medicine that I might as well take any more would only be making it worse. My stomach just felt raw. I read of Na-Dru-Co Dyspepsia Tablets, and a lady friend told me they were very easy to take, so I thought I would give them a trial and really they worked wonders. Anyone having anything wrong with his stomach should give Na-Dru-Co Dyspepsia Tablets a trial, they will do the rest. My stomach is fine now and I can eat any food."

One of the many good features of Na-Dru-Co Dyspepsia Tablets is that they are so pleasant and easy to take. The relief they give from heartburn, flatulence, biliousness and dyspepsia is prompt and permanent. Try one after each meal—they'll make you feel like a new person.

50c. a box at your druggist's compounded by the National Drug and Chemical Co. of Canada, Limited, Montreal.

## CROSS OR FEVERISH, HALF-SICK CHILDREN

If Tongue Is Coated, Breath Bad, Stomach Sour, It Means a Torpid Liver and Clogged Bowel.

Mother! Don't scold your cross, peevish child! Look at the tongue! See if it is white, yellow and coated! If your child is listless, drooping, isn't sleeping well, is restless, doesn't eat heartily or is cross, irritable, out of sorts with everybody, stomach sour, feverish, breath bad, has stomach-ache, diarrhoea, sore throat, or is full of cold, it means the little one's stomach, liver and bowels are clogged with waste matter and need a gentle, thorough cleansing at once.

Give a teaspoonful of Syrup of Figs, and in a few hours all the clogged up waste, undigested food and sour bile will gently move on and out of its little waste-clogged bowels without nausea, griping or weakness, and you will surely have a well, happy and smiling child again shortly.

With Syrup of Figs you are not drugging your children. Being composed entirely of luscious figs, senna and aromatics it cannot be harmful; besides they dearly love its delicious taste.

Mothers should always keep Syrup of Figs handy. It is the only stomach, liver and bowel cleanser and regulator needed—a little given today will save a sick child tomorrow.

Full directions for children of all ages and for grown-ups plainly printed on the package.

Ask your druggist for the full name, "Syrup of Figs and Elixir of Senna," prepared by the California Fig Syrup Company. This is the delicious, safe, genuine, old reliable. Refuse anything else offered.

## FARMERS BUSY SAVING HARVEST WORTH MILLIONS

Splendid Yield of Oats, Wheat and Barley Is Being Cut.

Rain of Last Night Was Badly Needed in Many of the Districts.

The rain which fell in many parts of the district last night was just what the farmers have been waiting for several days. It was the only thing wanting to make perfect one of the greatest harvests the farmers of Southwestern Ontario have ever known. The shower was not heavy, yet enough to cut, help the grain now ready to cut, help the pasture and save the potatoes, which in many districts were threatening to be seriously damaged by drought.

**Farmers Busy.** In a great many townships the greatest part of the wheat has been cut, and the oats and barley are ripening fast. The past few days have been busy ones for the farmers, and the next two weeks he will be just as busy. However, reports from all over Middlesex, Elgin, Lambton, Oxford, Huron and Bruce indicate that the harvest of 1913 will be one that will be talked about in future years, and will be enrolled as one of the many banner yields in a district famous all over Canada for fine crops.

**Splendid Weather.** It is not often that such splendid weather as has favored the farmers for the past two weeks comes at such a critical time for the crops. As a result of the continued fine hot days the wheat ripened and the barley and oats came along at a rate that caused many farmers to wonder how they were ever going to get their grain cut and stored away in time. However, hard and incessant work is doing wonders, and the farmers, all through the district will be bursting with thousands of bushels of the finest quality of grain as soon as the threshing is over.

**Farmers Prosperous.** Bankers say that when the farmers are prosperous it is the best sign that general conditions are good. If this is so, all talk of a financial stringency and a "crash" is very far in the future. In fact, many financial men say that the outlook has been brightening steadily with the splendid crop prospects and that there is not going to be any period of depression such as was feared in many quarters. Wholesale men say that orders are coming in plentifully for filling in the fall, and that their customers are meeting all obligations promptly. The outlook in general, business-men state, is good.

**FARMERS SATISFIED.** [Special to The Advertiser.] Lambeth, Aug. 2.—Farmers in this district were never busier. Many have just finished their wheat cutting, and as a result of the splendid weather, which has ripened both oats and barley, will have to start cutting these crops this week. The grain everywhere is of excellent quality and the yield abundant. Everywhere there is evidence of abundant prosperity.

**RAIN IS NEEDED.** [Special to The Advertiser.] Delaware, Aug. 2.—Caradoc is one of the greatest potato-growing sections in the country, and prosperity is good for a fine yield. Rain is badly needed though just now if the potatoes are to yield as well as they should from earlier indications. Grain all through the district is in fine shape. Much of the wheat is cut, and the yield is a high average. Oats and barley are coming along rapidly, and cutting will commence in a day or two. The root crops in general promise well, and a shower will put everything in perfect shape.

**OATS ARE CUT.** [Special to The Advertiser.] Ingersoll, Aug. 2.—Nearly all the wheat and oats in this district are good for a fine yield. Farmers are more than satisfied with the harvest, and everywhere it is regarded as a banner crop. Fruit promises to be an excellent crop, and the roots and potatoes are in good shape. Rain is needed, but in most places the crops are not suffering yet. Ingersoll is the centre of the greatest dairying district in Ontario, and the indications are that its long line of record outputs will be broken this year.

**CORN IS DOING WELL.** [Special to The Advertiser.] Chatham, Aug. 2.—One look at the cornfields all through Kent is enough to convince anyone who knows the situation that this year's crop will be a bumper one. Experts in the shape of cattle buyers, who have driven for miles and sized up the waving fields of tall corn, state that the farmers will have one of the best years for corn for some time, and that the quality of the grain is unsurpassed. In the districts where tobacco is grown it is doing well and the returns will be most satisfactory. The fruit will also yield well, and what has already been marketed, berries, early tomatoes, etc., have paid well.

**RAIN WOULD HELP.** [Special to The Advertiser.] St. Thomas, Aug. 2.—Showers are badly needed in some parts of Elgin. The crops on the whole are in excellent shape, especially all kinds of grain. Most of the wheat has been cut, and the oats and barley will keep the farmers busy for the next week or two. Big yields of fruit are reported everywhere.

**PULLING THE FLAX.** [Special to The Advertiser.] Alsea Craig, Aug. 2.—Flax pulling and

**Mosquitos Are Worse Than Flies**

## Constipation Vanishes Forever

Prompt Relief—Permanent Cure

CARTER'S LITTLE LIVER PILLS never fail. Purely vegetable—never hurt the stomach—stop after dinner—cure indigestion—improve the complexion—brighten the eyes. Small Pill. Small Dose. Small Price.

GENUINE must bear signature.

Ask your druggist for the full name, "Syrup of Figs and Elixir of Senna," prepared by the California Fig Syrup Company. This is the delicious, safe, genuine, old reliable. Refuse anything else offered.

Two May Be Those Who Attempted to Rescue Girls.

[Special to The Advertiser.] Binghamton, N. Y., Aug. 3. — Although 23 victims complete the roster of the fatalities of the Freeman factory fire, 31 bodies all told have been taken from the ruins.

The two bodies not accounted for are believed to be those of travelling men or strangers who may have rushed to aid the panic-stricken girls.

Store Opens at 8:30 a.m.  
Shop in the Morning.

Tomorrow (Tuesday) Visitors' Day at this Store.

Store Closes at 5 p.m.  
During August.

# This Store More Than Keeps Apace With City Growth

**AN ERA OF IMPROVEMENT**—We have faith in the growth of our city. We always had, otherwise we would not have built a store big enough for a city of one hundred thousand people. We built for the future, and the building estimates for the coming year goes to show that the population of London will in a very few years come to its own. We feel sure there is an awakening in this city for rapid development by the strong sentiment in favor of speedily constructing radial lines, plans for which, it is hoped, will soon take definite shape, giving electric car service throughout the western and northern sections of Ontario, and broader rapid transit facilities to this city. Additional electric lines leading into London will be a great factor in increasing the population, as well as business interests, and we trust that the good work may go forward with businesslike co-operation and the hearty indorsement of business interest and individuals, without quibbling over non-essential details.

As merchants, we are concerned in the future of this city. It is not within our province to discuss initial cost, but we believe that means to the end will be forthcoming, that these improvements will come, and that London is entering upon an era of constructive development not hitherto approached. London is the natural business centre of Western Ontario, and we look for marvellous transformation in the next five years.

## Black Dress Goods Are Pointed To Be Highly Popular the Coming Fall

And we have already a few choice new things to show, which were selected from the maker's samples for early delivery, amongst which will be seen a variety of plain and fancy "Resilda" from Priestley's, which are without exception the most serviceable of dressy black for all season's wear. Clean, dust-resisting, resilient. Ask to see the new Black Resildas.

## Fine "Resilda" Shantung, \$1 and \$1.25

A beautiful material for dressy gowns, plain weave, resembling raw silk, but more silky in finish and more evenly woven. Two qualities, non-crushable, in 44-inch . . . . . \$1.00 and \$1.25

## "Resilda" Rajah, \$1.00

The real rajah weave, beautiful quality for one-piece dress, with heavy cross thread. Very silky finish, non-crushable. Special quality, 44-inch. Yard . . . . . \$1.00

## "Resilda" Poplin, \$1.75

This you cannot tell from silk poplin, and is much more serviceable. Bright finish, beautiful fine even cord, non-crushable, and dust-resisting. The most important features of this material are that it absolutely will not retain the dust, and does not crease or wrinkle with any kind of use. This number is suitable for dresses, skirts or summer suits; 44-inch. A . . . . . \$1.75

## Silk Meteor Cloth, \$2.00

A very high-grade black dress goods for best dresses. A beautifully finished goods, made in France. The finish is more of a high-grade silk. Very rich and pretty, in three grades. 42-inch, at per yard . . . . . \$2.00, \$2.25 and \$2.50  
Dress Goods Section—Main Floor.

AT ALL DEALERS.

**CARLING - LONDON**

with him around for inspection. The owner stroked the horse's back and remarked to the prospective buyer: "Hain't he a lovely coat?" But the other noticed that the horse was panting, and answered: "Ah! I like his coat all right, but I don't like his pants."

## Middlesex Oats Finest in World

Sample From Caradoc That Measures Five Feet Ten Inches.

Mr. Hanson Graves, a Caradoc farmer, lot 11, con. 4, sent a sample of Tatar King oats to The Advertiser office Saturday that measured in height 5 feet 10 inches. The heads are heavy and well formed. It was taken from a seven-acre field and Mr. Hanson has another field of eight acres equally good. The seed was grown from a sample obtained from the Central Experimental Farm, Ottawa. Mr. Graves has a seven-acre field of corn that is already ten feet in height.

## COVERING UP MISTAKES.

A pompous physician who was inclined to criticise others was watching a stonemason build a fence for his neighbor, and thought the mason was using too much mortar. He said: "Jim, mortar covers up a good many mistakes, does it not?"

## "Yes, doctor," replied the mason, "and so does the spade."

Mrs. Winslow's Soothing Syrup has been used for over SIXTY YEARS by MILLIONS OF MOTHERS for their CHILDREN WHILE TEETHING, with PERFECT SUCCESS. IT SOOTHES THE CHILD, SOFTENS THE GUMS, ALLAYS ALL PAIN, CURES WIND COLIC, and is the best remedy for diarrhoea.
