Large Quantities Are Being Bought Up By Germans.

PARIS, Dec. 6.—(9:50 p.m.)—The question of taking measures to limit the importation of wool is being discussed here. It is even suggested that the entire amount should be considered whether it ought to be declared contraband of war.

HER LITTLE BOY HAD PNEUMONIA NEARLY LOST HIM.

Dr. Wood's Norway Pine Syrup SAVED HIM.

The slight cold, the irritating cough, the tightness of the chest, if not attended to, will sooner or later develop into some serious lung or bronchial trouble, and our advice to you is that on the first inception of a cough or "cold" get rid of it.

Mrs. H. Washburn, Gasperaux Station, N. B., writes: "I thought I would write and tell you just how much I appreciate Dr. Wood's Norway Pine Syrup, for I would not be without it in the house. Twice my little boy, now nearly dead, but since using Dr. Wood's Norway Pine Syrup I have kept him clear of even a cough. I often say that if it had not been for Dr. Wood's I would have lost him."

"My little girl, ten months old, is subject to bronchitis, but when she is subject to be stuffed up and has difficulty in breathing I give her a few drops of Norway Pine Syrup every two or three hours, and in a very little while she is all well, in fact, on the first signs of a cold or cough we all fly for Dr. Wood's."

You can procure Dr. Wood's Norway Pine Syrup from any druggist or dealer, but be sure and get "Dr. Wood's" when you ask for it, as there are many imitations on the market.

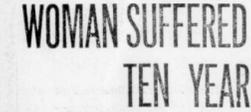

The genuine is put up in a yellow wrapper; three pine trees the trade mark; price 25c and 50c.

FOUND GUILTY OF INVESTIGATING FIRES

Wyoming Hotelman to Be Sentenced Today by Sarnia Court.

COUNSEL URGES LENIENCY

Anderson and Blackmore, the Others Concerned, To Be Dealt With Thursday.

SARNIA, Dec. 6.—Robert Riddell, the well-known hotelkeeper of the village of Wyoming, sixteen miles from here, who has been on trial as a result of recent incendiary fires in that village, was today found guilty by Judge MacWatt, and was remanded to jail until tomorrow morning at 10 o'clock, when he will come up for sentence.

According to the story told by John Anderson and Fred Blackmore, the two young men of the village who acknowledged that they had set the fires on the night of November 6, Riddell had told them what places to fire and had supplied the oil that was used in the fires.

It was the evidence of these two young men that settled the case for Riddell, as they both told stories that were reasonably true, although they had not had an opportunity to talk together there was no discrepancy in the evidence of either of them.

Mr. McAvoy of London, appeared this morning on behalf of the prisoner, and attempted to persuade the court that Riddell had not been any more to blame than Anderson and Blackmore, and that therefore he should not be given any heavier sentence than was handed down in the case of the two men who had committed the crime.

NOTORIOUS CONVICT TOOL OF GERMAN STRIKE PLOTS

KAISER'S MAN GOT "WALL STREET WOLF" TO START STRIKES

Labor National Peace Council Organized for Gigantic Conspiracy—Von Rintelen, Now a Prisoner in England, Provided Funds—U. S. Probe Reaches Deeper.

(Associated Press.) NEW YORK, Dec. 6.—United States Attorney H. Snowden Marshall in a statement issued today declared he has information which convinces him that the organization known as the Labor National Peace Council was financed by Franz von Rintelen, now held in a British prison, through David LaMar, to work up strikes in factories manufacturing munitions.

Mr. Marshall's statement was called forth by the announcement that C. H. Canode, printer of the council, and William F. Kramer of the International Brotherhood of Blacksmiths, and an official of the council, had been subpoenaed to come to this city from Chicago to testify before the grand jury in an investigation of the organization.

"In each case where a strike was purchased," says Mr. Marshall's statement, "there was considerable opposition to the strike among portions of the labor element, which disapproved of strikes that were bought. The activities of this organization came to the notice of Samuel Gompers, president of the American Federation of Labor, who absolutely disapproved of the plan they were carrying out."

"Von Rintelen was in this country from early April to August 3. After he left the country and ceased supplying money, the activities of the Labor National Peace Council dwindled and came to an end. This affair is now the subject of an investigation before the grand jury, which has not yet concluded its examination of the evidence."

Prominent in Secret Service. Franz von Rintelen, who is said to be a prominent official in the German secret service, was arrested at Falmouth by British authorities and sent to the Tower of London. He is known as a friend of Emperor William. He is charged with attempting to return to Germany upon a false American passport. Until now no effort has been made to extradite him.

Federal authorities are today considering a formal investigation of the North German Lloyd line as a result of developments at the trial of Dr. Karl Buz and three other officials of the Hamburg-American line, who were last week convicted of having conspired to defraud the United States Government in securing false clearance papers for vessels carrying supplies to German commerce raiders.

Three More Arrests. Acting under instructions from William Flynn, chief of the secret service, detectives took to police headquarters for investigation today Eugene Kluge, described as a Hungarian typesetter, his wife, and Anton F. Monte, an Austrian, in Kluge's apartment. The detectives say they found a large consignment of chemicals and explosives. They are being detained pending an investigation concerning the presence of the explosives in the flat. The detectives say they traced the man for several days observing his acts at various steamship docks both in New York and Hoboken.
