# EASTER SHOWINGS IN ALL DEPARTMENTS

D. SPENCER LTD.

## Our Millinery Department Is Strongly Active With Easter Preparations

Everything that is stylish, including the hood shapes, dome-crowned hats, large picture effects and turban shapes, in a large assortment of braids, straws and colors is represented. Amongst these, the leading tendency is towards large empire picture models. The modes of trimming are various. Rich velvets are used for facings, while flowers, especially on the crowns, are used in profusion. Beads, in colors, and black and white combinations are striking features of Spring millinery.

Many of the New Waists shown are a decided departure from the styles of previous seasons. Though some of the models are elaborately trimmed, every one is cut on simple, slender lines.
