625,000 BOTTLES SOLD IN NEW YORK

Biggest Thing of Kind Ever Seen in That State, Declares Big Wholesaler.

The fact that 625,000 bottles of Tanlac have been sold in the state of New York since its introduction there less than one year ago, is a big business item that will attract unusual attention throughout the entire East, for nothing like it has ever happened before. It breaks all records.

Mr. George B. Evans, manager of the Gibson-Snow Company, the well-known wholesale druggists, with branches in Albany, Buffalo, Rochester and Syracuse, recently announced that the preparation was now selling in their trade territories alone at the phenomenal rate of approximately 800,000 bottles a year.

"If the present rate continues," said Mr. Evans, "this state alone will probably require considerably over 700,000 bottles a year. This is a tremendous figure, but I am really conservative in making this statement." Tanlac is sold in Campbellton by THOMAS WRAN, Druggist, and by leading druggists everywhere.
