BUSINESS MEN HAVE MORE TROUBLE

New Green 2 Cent Stamps Look Like Old To Which Are Being Replaced.

Mr. Business Men still continue to have new worries thrust upon them. Climbing weekly out of the bed, and the new stamp regulations, he now faces two green devils who look like new ones. These two types of mischief are the one and two cent stamps, respectively.

Over to their similarity in appearance, some costly mistakes have already been made, and will continue to be made no doubt before the present issue of the new stamps is substituted and the new stamp-colour one and two cent stamps come into general use. The new issue of green two-cent stamps, which have come into use recently, have been in use here for a little over a week. The familiar red two-cent stamp has vanished, carrying with it some of the positiveness of life experienced by Mr. Busy Man which has been replaced with double confusion. The statement that "there is nothing new" under the sun—Frederick Gleason.

BRAWNY IRISHMAN HERO OF ADRIATIC

Crawled into Gas Filler Hole to Rescue "One of My Men"—Seven Men Killed.

CAUSE NOT KNOWN

New York, Aug. 14.—On time and a watch instead of turning on the alarm, a brawny Irishman crawled into a gas filler hole to rescue "one of my men" and seven men were killed.

The explosion occurred at a shipyard in the Adriatic. The cause of the explosion is not known.

Several stories of what caused the explosion were told but Captain David in a formal statement said that he did not know. Officials of the line explained an underwriters investigation would be necessary to gain a satisfactory explanation. It happened forward of the bridge in the hold nearest the main deck, in a lot of boxes said to have been thirty tons, for use in the manufacture of detonating caps for heavy guns.

Firemen and trimmers were down there in a narrow bank working the fuel into an adjoining bunker when Leslie Abbott, of Liverpool, an electrician, stepped in.

George McMahon of Toronto, and Surrey, England, told reporters that Abbott before he died, immediately after being carried to the hospital exclaimed: "It's my fault, it's my fault. I lit it."

NEW STAMP TAX MONEY MAKER

Over \$80,000 Was Collected for Stamps in First Seven Days Under the Act.

Toronto, Aug. 11.—"The new stamp tax is certainly a money maker for the government," said J. H. Bertram, Collector of Customs and Excise. "It is a little early yet to estimate what increase is going to come in, because the act has only been in force for seven working days."

During the seven days \$80,891 has been collected for stamps. Prior to the act the normal for the same period would have been \$10,500. This shows an increase of nearly \$70,000.

New Paradise of the Rockies

JASPER PARK LODGE IS A REAL HOME AMONG THE MOUNTAINS

Jasper Park, embracing 4,400 square miles of the most magnificent virgin forest in the world, has long been known to the sportsman, alpinist and tourist, but this summer it calls to holiday makers with a new and more offers ideal accommodation in Jasper Lodge, the first of a series of Alpine houses to be built in the park.

The lodge is beautifully situated among the highest peaks of the Rockies, on the shore of Lac Beauvert, while towering in solemn grandeur on all sides rise the rugged snowy domes, sometimes gleaming like opals in the shimmering sunlight and sometimes lost amid the low-hanging clouds. It consists of a group of log rustic buildings blending with the rugged surroundings. A spacious lounge building with an arched stone fireplace, an airy dining-room, a dance pavilion and a number of separate sleeping cabins, each containing four bedrooms and a sitting-room, are electric-lighted and fittingly furnished throughout.

Just to the north the Canadian Rockies the tourist will find all that makes a worth-while holiday. The joy of adventure in exploring and mountain climbing, fishing on Lac Beauvert, fishing in the wild mountain torrents, riding through the virgin forest, and the congenial companionship and scenery rivaling even that of the Swiss Alps.

These lodges not only tend to make Jasper Park one of the great travel centres of the Dominion thereby increasing the revenues of our Canadian National Railways, but also add their share toward ultimately placing Canada on the map as one of the outstanding mecca of the world traveller.
