### HIGH SCHOOL PARTY FRIDAY EVENING

Splendid Program Given in the Assembly Hall.—Proceeds to go to Fence Fund

Last Friday evening the Assembly Hall at the Grammar School was filled with scholars, graduates and friends on the occasion of the High School Party, given by the teachers and pupils of the High school, to raise funds to have the school grounds suitably fenced. The decorations in the hall and on the platform were most artistic and pleasing and the whole entertainment was carried out in a creditable manner. During the evening Mr. F. McCallum's orchestra provided music which was much enjoyed by the promenaders. His Worship Mayor Andrew presided and the chaplains were Mrs. F. F. Matheson, Mrs. A. A. Andrew and Miss Duffy. A novel and pleasing program was introduced consisting of seven topics and the guests were instructed to procure to discuss these. The topics were:—  
 (1) Salutations and Salutations.  
 (2) Soldier Boys.  
 (3) "If you speak of love, speak low."  
 (4) Knitting.  
 (5) The Fence.  
 (6) Dramatic Art.  
 (7) England expects every man to do his duty.

Between Topics three and four the following program was rendered:  
 Piano Solo Miss Currie  
 Song Miss Gwen Richards  
 Reading Miss F. Fish  
 Song and Chorus Eldred Mowat and the Scouts  
 Flag Drill Girl Scholars  
 Solo Miss Hazel Mowat  
 Reading Miss Jean Jardine  
 Duet Misses Fairley and Winton  
 Reading Miss H. G. Gillis  
 This program, which would have done credit to any high-class concert, was splendidly received, numerous recalls being demanded and given. The best feature of the evening was the song "The Olden Time," by Miss Richards, assisted by the younger scholars dressed up as fairies, goblins, etc., who made their entry to the stage from a "Mother Goose" cupboard. The Boy's Chorus and the Girls Flag Drill were also pleasing numbers, as was the reading "In the Lion's Cage," by Miss Jean Jardine. Miss Fish and Miss Gillis had both to respond to encores, and the reception accorded Miss Hazel Mowat, who has lately graduated from Mount Allison was a most flattering one. She sang "Melisande" most captivatingly and had to respond to an enthusiastic encore with "The lass with the delicate air." The Misses Fairley and Winton sang very nicely Mendelssohn's duet "I would that my love."

All over the program was splendidly rendered and received much favorable comment from the large audience. At the close of the topics, refreshments were served, and with the singing of the "National Anthem" the entertainment closed.

The party was a most creditable one and it is hoped that a generous response has been made to the request of the teachers for funds for the purpose of fencing the school grounds.

### WORST FOREST FIRE KNOWN FOR YEARS

Large Tract of Land on the International Line Laid Waste.—Heavy Loss

During the past week forest fires have been raging along the line of the International Railway, doing enormous damage and causing large losses to the various lumbering concerns operating in this part of the county. The first notice of the conflagration came last Wednesday, when word was received of a bad fire at Anderson, where in addition to a large amount of lumber three houses were burned.

In quick succession came the news of fires at Jardine Brook and Five Fingers, which working quickly down the line destroyed all the lumber at the Arsenault's Siding and Ross Siding. The conflagration by this time had reached enormous proportions and swept a clean path from Ross Siding to Richards, a distance of nine miles, destroying in its march the poles and ties at the Y.

At Richards the damage was greatest and the effects of the fire most felt. Here Boulay's mill and four houses were destroyed, but by herculean efforts the men of the Richards Co. saved a big pile of lumber containing over four million feet. This lumber had a narrow escape, notwithstanding the efforts of the mill men, the ends of the boards were burned and browned by the heat, but the pile was saved.

The fire has been burning practically for over a week and a statement of the approximate loss cannot yet be obtained until the reports of the fighters are received, but it is felt that a heavy loss cannot but have been incurred in the large amount of lumber and property destroyed.

It would be interesting to have the reports of the fire wardens as to who is responsible for the setting of the fires. One thing is certain at this period of the year the utmost care should be observed and every precaution taken to guard against fire. Wanton destruction like this of our national resources can only spell ruin to our county and province if allowed to go on unchecked.

**ENTHUSIASTIC SEND-OFF TO VOLUNTEERS**  
 Great Crowd at I. C. R. Depot on Tuesday Night When Soldiers Pass Through

On Tuesday evening when the news got spread abroad that the 6th Mtd. Rifles would pass through here that evening, large crowds assembled at the I. C. R. station to welcome them. Long before the arrival of the train the platform was black with interested spectators and the tedious waiting was beguiled by selections from the Campbellton Brass Band.

Fully an hour late, the train pulled in and the Campbellton boys in the draft received a great welcome.

The men under the command of Col. Ryan looked fit and well, and were in the best of spirits. Their destination is ostensibly Valcartier, but some reports have been heard that the regiment 647 strong will sail direct to the Old Country from Quebec.

**MEETING OF THE BOARD OF HEALTH**  
 Regulations Adopted Regarding Sale of Milk for Human Consumption

A meeting of the local Board of Health was held last evening, Dr. L. G. Pinault, chairman presiding. There was a good attendance of members.

Mr. A. McG. MacDonald was appointed secretary for the ensuing year, and Chief Hughes was appointed Sanitary Inspector.

A number of bills were passed and ordered to be paid.

It was resolved that the Inspector notify the owners of each building on every street provided with a common sewer that the owner must connect his building with the common sewer on or before August 1st, 1915, according to rule 19 of the Public Health act of 1911. For non-compliance with this order proceedings will be taken in a court of summary jurisdiction.

In the discussion which ensued on this resolution the Board very strongly desired to have it made known that this matter would be firmly insisted on, and the former laxity done away with. The provisions of the act will be strongly enforced.

The meeting then took up the matter of the regulations governing the sale of milk. These regulations, which appear in this issue, were adopted according to the act of 1911.

The Board then adjourned.
