The regular meeting of W. I. was held at the home of Mrs. Fitzgerald on Sept. 6th. President presiding. She was a woman of many fine qualities and made a host of friends through her kindness and other neighborly acts of sympathy. Her admirable character and Christian spirit endeared her to all who knew her. Besides her husband she leaves two daughters, June and Frances. She is also survived by two brothers, A. G. and E. A. of Watford, and two sisters, Mrs. W.H. Biddle, Tacoma, Wash., and Mrs. (Dr.) James of Sarnia. The funeral was held on Friday, interment being made in Bethel cemetery. Rev. H. V. FORD PICNIC MOVIES AT THE LYCEUM ON FAIR DAY

Those people who attended the big Ford Owners' Picnic at Bright's Grove, August 2, will be interested in the announcement that the Ford Motor Company of Canada, Limited, will send the film photographed that day, around the circuit of picture houses of Lambton County.

It will be shown at the Lyceum Theatre in Watford on Fair Day, Friday, Sept. 22nd, matinee and evening, and the local actors (every one a star) will be able to see themselves and their friends on the screen.

The cast in numbers equals many of the big spectacles, there being about 10,000 in the various scenes. Over 2,000 Ford cars were used by Directors Stonehouse and Richardson in this mammoth production.

The water sports show up very well, the stars in these scenes being the equal of professional gymnasts, especially when walking the greasy pole. It is surprising how many contortions a human being will go through to win a prize.

Mack Sennet's bathing beauties have nothing on the girls of Lambton, and if old Mack were to browse around here, he could pick some real class for his beach shows.

Another professional star's laurels are in danger too. There is a boy who outfreckles "Freckles Barry." No use to try to count the spots, for he is nearly all one big freckle.

And as for babies: there is as fine an array of infant beauties as one could find any where, some of whom no doubt will some day be living in Universal City or Hollywood as screen stars.

Age has its terrors for some, but the movies know no age limit, as witness the aged star from Camlachie who photographed very well. He looks as though he might have his makeup on, but the beard is really his own.

A couple of other old timers show plenty of pep. These are two old Fords, but while they are genuine patriots as cars go, they perform as though they were in their young childhood.

Many other interesting scenes are portrayed, including the numerous races, the ball game, Watford vs. Petrolia, etc. etc.

The Lambton County Ford Dealers sponsored the picnic, under the direction of Mr. Stonehouse of Petrolia.

The Ford Motor Company produced the picture, and the exceptionally fine photography is by Mr. Ed. Flickinger of the Ford Movie Studio.
