FIRST-CLASS PIANO FORTES, At their well-known Establishment. Having procured for Sounding Boards the best material that can be found in Switzerland and Germany, they are enabled to give to their instruments a sweetness of tone that cannot be produced in instruments with sounding board material procured in America. All the other materials used are warranted to be of the most superior quality,—no ex-pense having been spared to obtain them. They have received the most satisfactory

testimonials from the following Professors of

Mr. B. J. Lang, Planist, and Organist of Old South church Boston

J. P. Hagarty, Professor of Music and Organist of St. Mary's, Hahfax. Louis G. Casseres, Professor of Music, Halifax.

Mr. E. C. Saffery, Pianist, Halifax.

The following gratifying testimonials have also very recently been received.

HALIFAX, N. S., 12th July, 1861. GENTLEMEN, -As I am about leaving Halifax, I must, in justice to you, state that the Piano Fortes which I have used at my Concerts here, and which were manufactured in your establishment, have given mo very great satisfaction. It is very rarely that I have met with upright pianos so powerful and brilliant in tone, and so clastic to the touch. Allow me also to thank you for the perfect tune in which your pianes were kept during my concerts.

RIGHARD MULLER.

[The Colebrated Pianist.]

lleing requested by different parties in this city to give my opinion in reference to the tuning of pianes. I have great pleasure in stating that Mr. Fraser of this city stands in equal rank with the best tuners that I have met with in New York St. Petersburg (Rusia), and Vienna (Austria).

E. VON ADELUNG.

Department. Also, Agent for the Leading MARINE IN-SURANCE COMPANIES of Boston and New York, Edward Allison, Agent for New Brunswick, To Office—Commercial Bank Building. St. John, Oct. 1.

THE QUEEN INSURANCE CO. A LIFE DEPARTMENT. Special feature, non-forfeiture of Policies by the issue of Free Paid-up Policies.

If the assured, under the ordinary whole term scale, at any ago up to and inclusive of fifty-five, wish to discontinuo paying Premiums, the Directors will issue a Policy fully paid up after three years for the amount of Premiums paid, together with any Bonus that may have been added. This feature secures not only a provision in the event of a premature death, but a remedy—long desired-should the payment of the Premium become an inconvenience.

The following example will show the operation of this feature .— Suppose a Policy for £1000 be taken out at the age of 25, (the Annual Premium for which is £20 3s. 4d.) and at 50 the Insurer wishes to be relieved from this annual call upon his resources, in twenty-five years the Bonus will most likely have increased the sum originally insured to £1350; the holder can then demand to surrender the original Policy, and obtain one for £754 3s. 4d. (being the Bonus of £350 and the total Premiums paid) freed from all further payments. This example may be applied to any age and any number of payments. ments after three years.

This system secures, not only a provision in the event of a premature death, but a remedy—long desired—should the payment of the Annual Premium over become an inconvenience; and every payment the Insurer makes, must thus, under any circumstances, come back to his family.

FIRE DEPARTMENT .- Insurances effected on every description of Property. The rates of Premium vary according to the na-ture of the risk, and are as moderate as those of other first-class offices.
