BEAUTIFUL WOMEN.

THEIR INFLUENCE ON LONDON SOCIETY.

[From the London Saturday Journal.]

"The tendency of the present day is the laxity of conversation permitted by many ladies of society in their male friends. This evil has been of very rapid growth, and has spread in many cases from the married women even to the girls, who think they can thus make themselves as agreeable to the men as their successful rivals. This, to a great extent, is attributable to the rage for beautiful women which is dominating London society, as well as elsewhere throughout the world. A woman, if she is extremely lovely, can always get an introduction, and is sure to be a star in society. This rage for beauty has been a great bane in London society for a long time, and has been a great source of annoyance to many women who felt themselves shelved and neglected by the men in favour of fashionable beauties.

"Society has lately advanced a step further, and the beauties of London society, whose 'faces are their fortunes,' are now becoming more numerous. Many women with brilliant minds and goddess-like forms have been neglected and passed by unnoticed for the women who could only claim a beautiful face.

"Most women of intellect and fine figure have felt these charms to be sufficient, and have neglected their faces. The result has been an army of women with almost hideous faces, caused by blotches, redness, roughness of the skin, pimples, disgusting blackheads, liver spots and other imperfections which the professional beauty has with such acumen been careful to either cure or prevent.

"Mrs. Langtry, Adelini Patti, Clara Louise Kellogg, Mrs. James Brown Potter, Mme. Modjeska, Fanny Davenport, and Helen Dauray thoroughly understand the importance among woman's attractions of a perfect complexion. They have tried every imaginable remedy, and have unanimously agreed on one—the one used by all the professional beauties. It is a well-known fact to every thoughtful woman that any imperfection on the face suggests

uncleanliness to men, and honest confessions made by 'men of the world' all reveal the fact that they have been absolutely disgusted with women because of imperfections on their faces."

NOTE.—The Recamier Preparations are the remedies referred to in the above article.

WHAT THE RECAMIER PREPARATIONS ARE AND WHY THEY ARE TO BE USED.

Recamier Cream, which is first of these world-famous preparations, is made from the recipe used by Julie Recamier. It is not a cosmetic, but an emollient, to be applied at night, just before retiring, and to be removed in the morning by bathing freely. It will remove tan and sunburn, pimples, red spots or blotches, and make your face and hands as smooth, as white, and as soft as an infant's.

Recamier Balm is a beautifier, pure and simple. It is not a whitewash, and unlike most liquids, Recamier Balm is exceedingly beneficial, and is absolutely imperceptible except in the delicate freshness and youthfulness which it imparts to the skin.

Recamier Lotion will remove freckles and moth patches, is soothing and efficacious for any irritation of the cuticle, and is the most delightful of washes for removing the dust from the face after travelling, and is also invaluable to gentlemen to be used after shaving.

Recamier Powder is in three shades, white, flesh and cream. It is the finest powder ever manufactured, and is delightful in the nursery, for gentlemen after shaving and for the toilet generally.

Recamier Soap is a perfectly pure article, guaranteed free from animal fat. This soap contains many of the healing ingredients used in compounding Recamier Cream and Lotion. The Recamier Toilet Preparations are positively free from all injurious ingredients, and contain neither Lead, Bismuth, nor Arsenic, as attested to after a searching analysis by such eminent scientists as

Chronic

Catarrh destroys the sense of smell and taste, consumes the cartilages of the nose, and, unless properly treated, hastens its victim into Consumption. It usually indicates a scrofulous condition of the system, and should be treated, like chronic ulcers and eruptions, through the blood. The most obstinate and dangerous forms of this disagreeable disease

Can be

cured by the use of Ayer's Sarsaparilla. I have a case of chronic Catarrh of the nose, which has been present for years, from chronic Catarrh. My nose was very poor, and I felt the same. None of the remedies I took gave me any relief, until I commenced taking Ayer's Sarsaparilla, of which I have taken five bottles. The Catarrh disappeared, and I am growing stout again; my appetite has improved, and my health is fully restored. L. W. Cook, 909 Albany street, Highlands, Mass.

For thoroughly eradicating the poisons of Catarrh from the blood, take

Ayer's Sar

saparilla. It will restore health and vigor to decaying and diseased tissues, when everything else fails.

Prepared by Dr. J. C. Ayer & Co., Lowell, Mass.

Catarrh

Is usually the result of a neglected "cold in the head," which causes an inflammation of the mucous membrane of the nose. Unless arrested, this inflammation produces Catarrh which, when chronic, becomes very offensive. It is impossible to be otherwise healthy, and, at the same time, afflicted with Catarrh. When promptly treated, this disease may be

It is the safest and most reliable of all blood purifiers. No other remedy is so effective in cases of chronic Catarrh.
