

SMITH'S

Extract from Prof. Heebner's Report.

"Your Baby Food has a peculiar characteristic digestibility, not in the least unnaturally easy of digestion, but simply suited to the functions of the child, and, therefore, entitled to the highest rank."

Certificate from a New York Lady.

New York City, Oct. 29, 1898.

MR. SMITH.

Dear Sir - It is with a great deal of pleasure that I respond to your request for a few words concerning the merits of your Baby Food. Last summer nothing I tried seemed to agree with my little one. He had wasted away till he was not much better than a skeleton, and I seemed to be able to do nothing to help him. A friend of mine living in Canada, having used your Food with great success, recommended it to me, and I resolved to try it, though I had used so many different kinds, with no success, that I felt very little confidence in it. But from the moment I began to use it my little boy began to mend, and now he is so big and fat that he looks twice his age. Your Food, without doubt, saved my baby's life, and I gladly recommend it others, and feel assured if people will only give it a trial they will be more than satisfied with the results.

Very truly yours,

MRS. J. CHAMBERS,
92 Barrow St.

ANTISEPTIC THROAT PASTILLES

Prepared in accordance with the formula of DR. BARK, of the Liverpool Hospital for Diseases of the Throat, Nose and Ear

HIGHLY recommended for Vocalists, Public Speakers, and for Affections of the Throat. Immediate relief in Coughs, Colds, Asthma, Bronchitis, etc. An Infallible preventive of Diphtheria and other contagious diseases of the Throat. A Physician states that the Paroxysms of Whooping Cough may be prevented by giving one of the Pastilles upon retiring for the night, thus producing absolute rest, both to the Patient and to the household.

Directions for Use.—Allow the Pastille to gradually dissolve in the mouth. Fluids should not be taken immediately afterwards.

Dose.—From 5 to 10 Pastilles per day, between meals, chiefly in the morning and evening. TO BE KEPT DRY

These Pastilles, which were brought out for the benefit of the Liverpool Hospital for Diseases of the Throat, Nose and Ear, have already met with a very large sale, both at home and abroad, owing to their intrinsic merit. The proceeds from the sale are largely devoted to the funds of that institution.

None genuine unless bearing a Label with the above Trade Mark and name of the sole proprietors.
