

THE LAND WAR IN IRELAND.

Manifesto of the Land League—No rents until the leaders are released—General indignation against the Government.

DUBLIN, Oct. 17.—The phase of the excitement in Dublin has entirely changed. Originally caused by political arrests it has now merged into exasperation against the police, which it must be said all classes join in. This is the only thing now talked of, and if possible, the attitude of the police may cause disturbances which were political resentments never would have done.

DUBLIN, Oct. 19.—The Land League manifesto says: "Only one constitutional weapon now remains in the hands of the League. It is the strongest, swiftest, most irresistible of all we have."

MOTHERS! MOTHERS! MOTHERS!!! Are you disturbed at night and broken of your rest by a sick child suffering and crying with the excruciating pain of cutting teeth?

YORKTOWN, Oct. 19.—At 10:40, while the Marine band played, Blaine and the French and German delegations in full uniform entered Lafayette Hall.

Heads of the world. The Point Dexter Centennial Hymn was sung by a chorus from Baltimore, Richmond and Washington. President Arthur was introduced by Blaine, and he then delivered the address.

Baron Steuben made an appropriate speech, which was loudly applauded. The following order was read by Blaine at the celebration: "In recognition of the friendly relations so long and so happily subsisting between Great Britain and the United States, in the trust and confidence of peace and good will between the two countries for all centuries to come, and especially as a mark of the profound respect entertained by the illustrious Sovereign and gracious lady who sits upon the British Throne, it is hereby ordered that at the close of these ceremonies, commemorative of the valour and success of our forefathers in their patriotic struggle for independence, the British flag shall be saluted by the forces of the Army and Navy of the United States now at Yorktown."

SCIENCE IN FULL PROGRESS. Thousands cured of Catarrh, Bronchitis, Asthma and Lung diseases by Dr. M. Souville's Spirometer, an instrument which conveys medicinal properties direct to the parts affected.

Common Sense in Medicine. (Montreal Star, January 5, 1881.) Dr. M. Souville, the Parisian physician and inventor of the Spirometer for the scientific treatment of diseases of the lungs and air passages, who recently took up his residence among us, is meeting with excellent success.

setting and disarranging one part of the system in the hope of benefitting another. This argument certainly has the advantage of being common sense, which is always the best kind of sense.

TRIED AND TRUE! How sad to contemplate the fact, that for the sake of gain, would-be philanthropists have introduced patent medicines and drugs (vile compounds) which are advertised to cure all the ills that flesh is heir to.

IMMIGRATION STATISTICS. WASHINGTON, Oct. 19.—The Bureau of Statistics reports that during September there arrived in the Customs districts of Baltimore, Boston, Detroit, Huron, Minnesota, New Orleans, New York, Passamaquoddy, Philadelphia and San Francisco, 69,924 passengers—of whom 58,452 were immigrants, 8,380 citizens of the United States returned from abroad, and 3,092 aliens not intending to remain in the United States.

THE OLD RELIABLE. The remedy that has stood the test of time is Dr. Fowler's Extract of Wild Strawberry.

THE TRUE WITNESS FOR 1882. The True Witness has within the past year made an immense stride in circulation, and it is the testimony of a large number of our subscribers is not too flattering if it may also claim a stride in general improvement.

But we want to extend its usefulness and its circulation still further, and we want its friends to assist us if they believe this journal to be worth \$1.50 a year, and we think they do. We would like to impress upon their memories that the True Witness is without exception the cheapest paper of its class on this continent.
