THE AFGHAN COMPLICATIONS.

ALLEGED NEGOTIATIONS BETWEEN OFFI-CIALS AND RUSSIANS.

LONDON, July 8,-A despatch from Tillis, by way of St. Petersburg, states that the Russians are sending field hospitals to the Trans Caspian Territory. The Standard prints this morning advices from a reliable source in India in regard to recent events in connection with the Afghan frontier troubles. The Standard's correspondent asserts that the Ameer of Afghanistan attaches little value to the friendship of either England or Russia. The Ameer considers Lord Dufferin stingy. He had expected from the English representatives much larger subsidies of money and arms than have been given him. The correspondent says the Ameer, in giving arms and food to his subjects, first exacts condition that they will fight, if called upon, either the English or Russians. A pilgrim from Afghan-Turkestan reports that a feeling of extreme dispatistaction against the Ameer's rule exists among the officials there. Wotseley to'e graphed to the Government: "There are still some troops in Dongola. There would be no difficulty in reoccupying the places evacuated. No frontier forces will suffice to accest the Mahdi. If our retreat be continued the Mahdi will invade Egypt and we will then be compelled to light him under the disadvantage of a possible rising of the Egypt ans also. It a slight reverse happens the Mahdi must be smashed. A Khartonn campaign in the autumn would be certain of success." Mr. Smith, Secretary for War, asked what forces, irrespective of the autumn campaign, would be required to retary for Wur, asked what forces, irrespective of the autumn campaign, would be required to reoccupy Dongola. Lord Wolseley and General Buller exchanged views on the subject, the latter holding that the task would be difficult and would practically require a fresh expedition, the province being denuded of supplies. Lord Wolseley remited that General Buller overestimated the difficulty. Mr. Smith then telegraphed that the Government had decided not to reverse the orders of the preceding Government, but advise the completion of the Government, but advise the completion of the railway from Wady Halfa to Forket, which would be necessary in the event of a future advance being ordered, and that Lord Wolseley
