Colonial Ecclesiastical Intelligence.

His Lordship, the Bishop of Fredericton, arrived in this City on Friday last, and preached to very large congregations on Sunday, at Saint James's Church in the morning, and at Saint Paul's Church, Portland, in the afternoon. His Lordship returned to Fredericton on Tuesday. We are informed, on authority, that Wednesday, 31st August, is the day fixed upon for the consecration of the Cathedral at Fredericton. A noble organ is now in course of erection; and we understand that a fine Peal of Bells for the Cathedral have been cast in England, and will probably shortly arrive at this port.—*St. Johns, N.B. paper*

Prince Ruperts Land.—Sir George Simpson, who has just returned from his annual tour to the North West has favoured us with the following particulars:—Red River settlement is healthy and prosperous; churches, schools, and Temperance Societies are in active and successful operation among the inhabitants of that remote region. The Honourable Hudson's Bay Company has discontinued the allowance of liquor to its servants, and substantiated a liberal supply of tea and coffee; with which change all are well satisfied, not excepting the Indians. Peace has been re-established among the various Indian tribes, some of whom were previously at war. The Bishop of Ruperts Land (Church of England) was upon his annual tour of inspection. The Roman Catholic Bishop, Provancher died in June, whilst Sir George was there; he was a gentleman of estimable character, and a zealous and successful promoter of peace, sobriety, and morality. The Rev. J. Black, Presbyterian Minister, had left the settlement, but there was a general wish, on the part of the inhabitants and the officers of the Hudson Bay Company, that he should be prevailed upon to return. —*Witness.*

Rev. Mr. Irwin, of Montreal is about to be removed to Boston. His departure will be a matter of general regret, on account of the many spheres of benevolent usefulness occupied by him since his coming to Montreal.—*Ibid.*

SECRETARY'S OFFICE.

Quebec, 6th August, 1853.

His Excellency the Governor General has been pleased to make the following appointments; viz:

John McLean, of Guelph, and Lewis Wallbridge, of Bellville, Esquires, to be additional Commissioners to carry into effect the provisions of the Statute of Upper Canada, 2nd Vict. Ch. 15, intituled: "An Act for the protection of the Lands of the Crown in this Province, from trespass and injury."

John LcLean, of Guelph, Esquire, to be a Collector of Her Majesty's Customs.

Thomas Levell Harmond, of Dunville, Esquire, to be a Surveyor and Clerk in Her Majesty's Customs.

Jail Plot.—On Wednesday evening, the Governor of the Jail Mr. Allen, discovered a plot of a most murderous character, in time to prevent its execution. It seems that upon his examining the tools and implements used by the prisoners during the day (who have been sentenced to hard labour,) he missed two axes. His suspicions were aroused, a search was made, and they were found in the cistern of a water closet, to which the prisoners had access.

A coloured prisoner who was not confined in the main body of the jail, informed Mr. A. that thirty-two prisoners who were confined in the main hall had entered a plot to murder him and his three assistants, as soon as they opened the door to remove them to their respective cells for the night, and that they had concealed the axes for the purpose. It was their further intention to break the locks of the doors with their axes and make their escape. Before opening the door to remove them to their cells Mr. Allen presented two muskets through the grating of the windows, by which means the ruffians saw that their plot was discovered, and that the officer of the jail was prepared for them.

Mr. Allen is an officer who has always used the utmost caution and circumspection since he became Governor, and no doubt that to the faithful discharge of his duty, both he and his family owe their lives, for had he not personally inspected the collection of the tools there is little doubt but the ruffians would have succeeded in their murderous attempt.

Should not something be done for the faithful Negro who discovered the plot?—*British Canadian.*

Niagara Grammar School.—The Rev. H. N. Phillips has been appointed to the school. He is highly recommended in the following testimonial:

The undersigned having attended several examinations of the School under the management of the Rev. H. N. Philips, can bear testimony as well as to the soundness of the system of instruction pursued, as to the proficiency attained by some, and the steady progress made by all the Scholars under tuition. With perfect confidence therefor they recommend the Institution to Parents and Guardians, as one in which a thorough Education based on Religious principles may be secured.

Route to and from Lake Superior.—A gentleman who recently came down from Lake Superior to Toronto gives an account of his trip in the Detroit Advertiser in glowing terms. He says you leave the Sault on Wednesday morning in a swift and commodious steamer about the size of the "Bay State," for the head of Sturgeon Bay a trip which occupies two whole days and two nights, during the entire progress of which you will find it entirely impossible to keep the cabin or state room during the hours of daylight, in consequence of the landscape and water. You pass, in going through Georgian Bay, the almost incredible number of twenty-two thousand islands, the effect of which upon the eye is described as most novel and striking. Frequent stoppages are made at small Indian villages, and other small places upon the different islands, the way to travel between which is considerable. Arriving at the head of Sturgeon Bay, near its north-eastern extremity, you find stages in readiness to take you across the Portage to Lake Simcoe. There you embark in a much shorter steamer, which, however, is convenient and safe, and cross Lake Simcoe, where you take the railroad forty miles to Toronto, thence by a new swift iron steamer to Lewiston, and by the way of Buffalo home. The distance from the Sault to the head of Sturgeon Bay, in an air line, is about 220 miles, but as it is run among the numberless islands it is not less than three hundred and forty. The fare is $8, and the entire fare from the Sault to Toronto is $11 50.—*Colonist.*

COLONIAL SUMMARY.

Distressing Accident on the Welland Canal.—The Captain of the steamer *Ottawa*, in a letter to the St Catherine's *Constitutional* exculpating himself from blame in regard to the loss of one of his crew, states that on Saturday morning between the hours of one and two o'clock he sent two of his men in advance to get the locks ready; that on arriving at lock 22 they found no light or lockmaster, and James Hyworth after opening one gate started with the intention of opening another, when he immediately missed the deceased his shipmate,—he then returned to the *Ottawa* and gave the alarm. The *Ottawa* proceeded to the lock and there remained from one-half to three-quarters of an hour, during which time every exertion was made to discover the lost man; and the Captain, being under a contract to land 250 Norwegian emigrants at Buffalo on the same evening, proceeded on his voyage. The crew made an affidavit of the truth of the Captain's statements before the Mayor of St. Catharines. The culpability of some one is clearly established on the oath of five eye-witnesses, who positively asserted that there was no light on the lock and no lock tender present.—*Abridged from the St. Catharines Constitutional.*

The Old Government and Parliament Grounds.—The grounds on which the old Parliament House and the old Parliament Buildings stand will shortly be brought into the market. Both lots comprise sixteen acres. On Thursday Mr. Sheriff Jarvis called a meeting of a few persons to take into consideration the propriety of taking some steps to secure these grounds for a public park. The Government, however, would not be justified in disposing of them in this clandestine manner. The proper way of disposing of them will be to bring them to auction.

Village of Seaton.—The site of the projected Village of Seaton is the northern portion of the Cruikshank Estate. It lies on the west side of Bathurst Street, three quarters of a mile from the intersection of that street with Queen Street. The land is but partly cleared; the remainder being primeval forest. The quality of the land, judging from the character of the timber, which is mostly beach and maple, is good.

The Crops in Cavan.—The Fall wheat in Cavan is very fine. The Spring crops are not so good; but there is a probability that the grain may not be so bad as was anticipated.

Arrest.—A man has been arrested at the Suspension Bridge charged with having represented himself as an agent for some of the American Insurance Companies, and also of the Ontario Insurance Company of Hamilton.—Sometimes he called himself Bemmett, and at others J. Hill. He swindled the unsuspecting farmers out of $700. After his arrest he made his escape at Drummondville.

Railroad Meeting at St. Catherines.—On the Monday before last a meeting of qualified electors took place in the Town Hall at St Catherines, when the by-laws authorizing the Council to subscribe £37,500 were assented to.

The meeting, says the St. Catherines *Constitutional*, did not number more than 12 or 15 persons.

The Esplanade.—Mr. Sheriff Jarvis called a meeting of various persons interested in the construction of the Esplanade in the Court House on Thursday, George Gurnett, Esq. in the chair. Mr. Thomas and Mr. Cumberland laid their respective plans before the meeting. The result of the meeting was that a committee was named consisting of Joseph D Ridout, Esq., the Sheriff, Mr. Monro and Mr. Cawthra, to seek for information to be laid before another meeting on the call of the chairman.

Bibles found in a Swamp.—Several Bibles have been found in a swamp in Caledon, some under logs, and others covered by leaves. It is supposed that a pedlar has been murdered for his money. The Bibles are ticketed with the name "Phinney & Co., Buffalo, publishers."

Fatal Accident while Bathing.—A young man named Widenall, employed in the store of Mr. Hugh Scobie, was drowned yesterday afternoon while bathing at the Cut near the Peninsula. He was unable to swim, and having suddenly stepped into deep water, was soon beyond the reach of a fellow-bather, named Fry, who made immediate efforts to effect a rescue. Deceased was son of Mr. Widenall, merchant, Port Hope, and had not attained to his majority.—*Leader.*

ARRIVAL OF THE *WASHINGTON*.

New York, 4th. August, noon.

The steamship *Washington*, with London dates to the 20ult., arrived at 10½ o'clock this morning.

Cotton at Liverpool firm and moderately active. Breadstuffs rather higher, say at outside. Wheat flour sixpence; corn quiet; bacon dearer; beaf and pork unchanged.

Turkish question more pacific and likely to be arranged without resort to arms.

Dates from China are to May 14th. Insurgents raised the banner of Christianity and Protestant form of worship. They have possession of Nankin and other important posts.

Wheat at Liverpool on the 19th one penny dearer for fresh white and red. Flour unchanged; Corn quiet and unchanged.

Consols closed at 98¼ in London.

The *Washington* brings 141 passengers and London dates to July 20th. The *Niagara* arrived out on the 18th, the *Baltic* on the 19th at 10 p. m.

When the *Washington* left, confidence in the maintenance of peace was increased both in London and Paris. The reply of Russia to the joint representatives of France and England was expected in London about the 22nd. The latest intelligence from St. Petersburgh was to the 9th July which states, that one of the propositions of a compromise had reached the Austrian capital which induced a desire to negociate.

Telegraphic accounts from Constantinople state that a Ministerial crisis was feared in consequence of the Russian invasion of the Principalities. A pacific solution was, however, suggested, but there was no cessation of armaments. The Commanders of the ports of the Dardanelles had orders to permit the passing of the British or French ships at any moment, day or night. A formidable conspiracy against the life of the Sultan, got up by the Mauls or fanatical party, had been discovered and 15 of the leaders arested and bowstringed. Their object was to dispose of the Sultan in favour of his brother; when decree war against Russia. Negotiations were still progressing in the Hungarian refugee's affairs. The latest accounts state that the American and Austrian corvettes had determined to fight and had cleared their decks for action. The British and French consuls interfered and prevented present hostility. It was afterwards arranged that Costa should be given up to the French consul, until the French and Austrian Ministers at Constantinople had settled the affair. Costa was afterwards landed in Marino and escorted by marines to the French Consulate.

In the House of Lords, on the 18th, Lord Clarendon stated that an answer in entire conformity with the note published by the French Government had been returned to the last diplomatic note of Nesselrode.

A despatch from Constantinople, received in Paris on the 19th, states that England, France and Germany had agreed to the basis of the arrangement which was proposed by Turkey. The head quarters of the Russians had been established at Bucharest, and 80,000 troops were encamped in the environs.

Advices from Vienna to the 16th state that troops were still marching to the south, and that 62 guns of heavy calibre had arrived at Jassy on the 8th July. The exportation of corn had been prohibited.

Advices from China to the 9th of May are of a very singular character. The rebels had raised the banner of Christianity. The bible had been translated, and they were bent, under the impulse of a very extraordinary fanaticism, upon the expulsion of the whole Tartar race. Nankin was still held by them, and reported to be in a state of ruin. The rebels were fortifying the city, and intended to march upon Pekin as soon as they received expected reinforcements. The commander of the British war steamer *Hermes* had returned from an expedition to the section of the rebellion, where he explained the neutral position of foreign powers. He stated that the insurgents had adopted the Protestant form of worship.

Paris, 19th July.

The funds experienced a decline to-day of three per cent.

ARRIVAL OF THE *NIAGARA*.

Halifax, 5th Aug.

The *Niagara*, from Liverpool July 23 arrived at Halifax yesterday morning. She had 115 passengers.

Breadstuffs considerably excited in consequence of the weather, and the opening of French ports to free imports.

Flour.—A large business doing at an advance of 9d to 1s. Wheat in good demand at an advance of 2d to 3d. Corn is held 6d higher than last week. Western Canal flour 25s to 28s. Ohio 27s 6d to 28s. White wheat 8s to 8s 6d. Red and mixed 7s 6d to 7s 11d. White Corn 31s to 32s. Yellow 31s to 32s. Beef changed.—Pork steady. Ashes lower, 26s to 27s for pots.

ENGLAND.

It was generally reported that Lord Palmerston would succeed to the Foreign Secretaryship, Earl Clarendon exchanging for the Home Department. Respecting the Eastern question, the Chancellor is reported to have said the Czar will follow the arrangements held out for his acceptance. The only motive for further delay was to obtain the assent of Prussia. It was telegraphed from Vienna to Berlin, that the Czar had accepted the proposal offered by England and France.

News had also reached London under date from Constantinople of July 11, that a conciliatory note has just been passed by Reschid Pasha, which was considered of a nature to bring negotiations at once to a conclusion.

ARRIVAL OF THE *BALTIC*.

THREE DAYS LATER FROM EUROPE.

New York, 8th Aug.

The steamship *Baltic*, with 177 passengers, arrived today at noon.

The *Africa* arrived out on the 24th ult., early in the morning.

The ship *Izee* of New York for Liverpool, was burned at Sea, July 7th. Capt. Spencer and all hands were saved by the ship *Ebenezer* of Liverpool. The cause of the fire was spontaneous combustion.

The Turkish difficulty is considered settled, although the Czar's acceptance of the proposal is not announced. His assent is duly expected, and till received nothing definite can be known.

Crops in Britain are on the whole good. In Ireland they are satisfactory—no potato rot.

From France there is no news. A correspondent says the opening of the French ports to the free import of Breadstuffs, is more to quiet anxiety than for any fear of scarcity.

Christina of Spain is in Paris, intriguing, they say, to marry her daughter to Prince Napoleon.

The grape disease is feared in Portugal.

It is reported that England is negotiating with Denmark to obtain command of the entrance to the Baltic. If war arises with Russia it is feared that breadstuffs will be short in Italy this year.

It is rumored at Constantinople that the United States are negotiating for the purchase of Marmorisea.

Among the passengers by the Baltic are: Bishop McIlvaine, Thomas Butler King, Genl. Cooper, Mr. Julien and family.

London, 27th July.

The India mail has arrived at Trieste with dates from Hong Kong, June 7th; Calcutta 16th; Bombay 20th.

The empire of China is divided, and Nankin is independent of the Tartar Dynasty.

There is great anxiety at Canton, and fears of the arising.

Trade in India dull. From Burmah the intelligence is that no advance is to be made on Eva.

The screw steamer Lewiston was lost on her passag from Shanghae to Hong Kong, on Tuesday. The crew and passengers were all saved.

Paris, 26th July.—The crops in the south favourable.

Vienna, July 22nd—a conspiracy has been discovered. Forty-six persons, some of them students, have been arrested.

The difficulties between Austria and Switzerland, are nearly settled.

The van-guard of the Russians entered Bucharest on the 15th.

Liverpool, 27th July.

Cotton—closed on Tuesday firm, at last weeks prices. Sales of Monday, 10,000 bales; Tuesday, 8,000. BRITISH GUIANA—THE VENEZUELEAN REVOLUTION.

Boston, 5th Aug.

Papers have been received here from Georgetown, British Guiana, to 14th July. They report that there was considerable dissatisfaction at the result of the importation of Chinese Coolies, who were very quarrelsome. The bark *Appollone* had arrived from Calcutta with 190 Coolies. Twenty others had died on the passage. Four hundred more Chinese Coolies had been contracted for and were expected. They were the offscouring of the Chinese Nation.

An article in one of the papers declares that if Cuba is allowed to continue to receive slaves, the British West Indies cannot compete with her in the production of sugar, &c.

The same papers have details of the Venezuelean Revolution, of which the Province of Cumana seems to be the head quarters. They had formed a Provisional Government, and had taken measures for a Convention of the disaffected Provinces to form a Confederation. General Thaddeo, a General of Monagos was marching against them at the head of 3,000 men.

United States.

SAILING OF THE "ATLANTIC."

New York, 6th Aug.

The *Atlantic* sailed at noon for Liverpool, with 148 passengers. Among them were Mr. Buchanan, Minister to England, and Mr. Soule, Minister to Spain.

O'DONOHUE IN TROUBLE.

Boston, 6th Aug.

Patrick O'Donohue was arrested at the Adam's House, yesterday afternoon, on a warrant charging him with having a letter to Mr. Treanor accepting a challenge to fight a duel somewhere in Manchester, N. H., early this morning. He was taken before Justice Rogers and gave bail for $2,000, and in the meantime to keep the peace. A warrant is also out for the arrest of Treanor who gave the challenge; he is commander of the Meagher Rifles of this city. O'Donohue's friends caused his arrest as the only means of averting the meeting.

Charleston, S. C., 2nd Aug.

Orders have been issued by the authorities at New Orleans, for all vessels arriving below from foreign ports, to stop at the quarantine ground.

Washington, 2nd Aug.

D. E. Sickles's appointment as Secretary of Legation to London, is hailed as a good omen by "Young America." His Address to Kossuth, pledging him the moral and material support of the American Democracy, is freshly remembered. The Filibursters also regard him as one of their own folks.

Washington, 8th Aug.

The charges preferred against Commodore Aurlick by Mr. Schenck, late Minister to Brazil, Captain Inman and others, have been dismissed by the President, who refused to order a Court Martial. The Union sustains the conduct of Commodore Inman in the Smyrnian affair, and maintains that he was not authorized to resort to amicable measures, but that it was his duty to his Government to exert as much power as was necessary to arrest the Austrian outrage, and prevent its consummation.

Baltimore, 7th Aug.

The deaths of yellow fever in New Orleans, for a week ending 1st August, were 669. A few cases have occurred at Mobile.

NO EXTRAS.

The great success which has attended the first year of this institution, has encouraged Mrs. Poetter to leave nothing undone that can add to the advantages already offered in her School. In consequence of the increase in her pupils, she has engaged another Music Master, (an English Professor from Boston,) who has been highly recommended as a finished musician. Mrs. Poetter has during the past year taken her more advanced pupils through a course of English Studies, which have prepared them to give their time next year only to the higher branches of English Literature, and the French, Italian and German languages, in which they have already made some proficiency. Mrs Poetter will take this opportunity of expressing the pleasure she has felt at the kind and satisfactory letters she has received from many of the parents, and she trusts that her system, combining home comforts with the advantages of a sound and finished education on such very moderate terms, will continue to be appreciated and encouraged.

The School will re-open on the 5th of September.
