Dear Sirs,—

"It is with great pleasure that I bea-
testimony to the efficacy of your Acetocura.
Owing to a chill I was suffering great pain
from a severe attack of toothache, and my
gums were also very painful and much in-
flamed. Knowing from previous experience
the effects produced from Acetocura, I was
assured that the nerves, causing the trou-
ble, could be relieved and soothed. The
acid was first applied, as directed in your
pamphlet, at the back of the head, until a
smarting flush was produced, and then over
the temporal muscle immediately behind
the ear, with the Acid diluted. After the
application there was little pain, and this
mainly owing to the gums being in such an
inflamed condition. I then fell into a
refreshing sleep which lasted until morning
and awoke to find the pain gone and the
inflammation in the gums much reduced.

"My wife, who suffers from severe
headaches, has also derived much benefit by
applying the Acid to the top and back of
the head, and using the spray producer
which has a refreshing effect on the fore-
head."

Yours truly, ALEX. COWAN.
