Literary Notes.

It is said that Mr. Hall Caine will receive \$15,000 for the serial rights, English and American, of his new novel.

During the coming year St. Nicholas will print a series of letters written by Robert Louis Stevenson, to a boy relative, describing the romantic incidents of his life in Samoa.

Messrs. James Nisbet & Co. are publishing immediately "St. Paul: His Life and Epistles," in two volumes, by the Rev. Dr. Geikie, forming volumes two and three of "New Testament Hours."

Messrs. E. P. Dutton & Co. have in press a new illustrated edition of "Robinson Crusoe," and a war story for boys, "The Blue Balloon: A tale of Shenandoah Valley," by Reginald Horsley.

Of the many visitors during the past twelve months to Arch House, Ecclefechan, the birthplace of Carlyle, it is a significant fact that comparatively few Scotchmen were among the number, most of the visitors being from the midlands and south of England. None of the Carlyle relics have been removed from the house in Ecclefechan.

Friends of the University Extension Movement will be glad to hear that the first number of a Journal, issued under the official sanction of the Oxford, Cambridge, London, and Victoria "Extension Authorities," and therefore "standing for the unity of the whole movement," appears this month, with the name of A. Constable & Co. as publishers. The price is threepence.

St. Vitus Dance.

A MALADY THAT HAS LONG BAFLED MEDICAL SKILL.

A Speedy Cure for the Trouble at Last Discovered—The Particulars of the Cure of a Little Girl Who was a Severe Sufferer. From the Ottawa Journal.

In a handsome brick residence on the 10th line of Goulbourn township, Carleton Co., lives Mr. Thomas Bradley, one of Goulbourn's most successful farmers. In Mr. Bradley's family is a bright little daughter, 8 years of age, who had been a severe sufferer from St. Vitus dance, and who had been treated by physicians without any beneficial results. Having learned that the little one had been fully restored to health by the use of Dr. Williams' Pink Pills, a correspondent of the Journal

"Now Entirely Free From Disease."

called at the family residence for the purpose of ascertaining the facts, and found the little girl a picture of brightness and good health. Mrs. Faulkner, a sister of the little one, gave the following information: "About eighteen months ago Alvira was attacked by that terrible malady, St. Vitus dance, and became so bad that we called in two doctors, who held out no hope to us of her ultimate cure, and she was so badly affected with the 'dance' as to require almost constant watching. About this time we read in the Ottawa Journal of a similar case cured by the use of Dr. Williams' Pink Pills which gave us renewed hope. We procured a couple of boxes, and before these were all used there was a perceptible improvement. After using six boxes more she was entirely free from the disease, and as you can

—by a fortunate discovery in the nick of time. Hundreds of persons suffering from consumption have had the progress of the disease stopped, and have been brought back to life and health by the "Golden Medical Discovery" of Dr. Pierce.

Years ago Dr. R. V. Pierce, now chief consulting physician to the Invalids' Hotel and Surgical Institute of Buffalo, N. Y., recognizing the fact that consumption was essentially a germ disease, and that a remedy which would drive the germs and their poisons from the blood would cure consumption, at last found a medicine which cured 98 per cent. of all cases, if taken in the earlier stages of the disease.

The tissues of the lungs being irritated by the germs and poisons in the blood circulating through them, the germs find lodgment there, and the lungs begin to break down. Soon the general health begins to fail, and the person feels languid, weak, faint, drowsy and confused.

This is the time to take Dr. Pierce's Golden Medical Discovery; it drives the germs and poisons from the blood, and has a soothing effect upon the dry cough. In cases of bronchitis the "Discovery" is invaluable. "Golden Medical Discovery" increases the amount and quality of the blood, thus invigorating and fortifying the system against disease and builds up wholesome flesh and strength after wasting diseases, as fevers, pneumonia, grip and other debilitating affections.

JNO. M. HITE, of Audubon, Audubon Co., Ia., says: "I took a severe cold which settled on my lungs and chest, and I suffered intensely with it. I tried several of our best physicians here and they gave up all hopes of my recovery, and thought I would have to die. I would cough and spit blood for hours, and I was pale and weak. I was greatly discouraged when I began the use of the 'Discovery,' but I soon got better. It has been five years since I took it and have had no return of that trouble since."
