

*Adjournment Debate*

I would like to comment on a recent news report from Alaska that there may be difficulty in financing the Alaska segment of the pipeline by June of this year and that, if this occurred, completion of the pipeline could be delayed beyond the expected 1987 completion. The U.S. government has not advised of any difficulty in this respect.

[*Translation*]

**The Acting Speaker (Mr. Ethier):** Order, please. A motion to adjourn the House is now deemed to have been adopted. Accordingly, this House stands adjourned until tomorrow afternoon at two o'clock.

Motion agreed to and House adjourned at 10:24 p.m.
