General Sir Arthur W. Currie,

McGill University,

City

*York*  
My dear Sir:-

After several years of service with the Bell Telephone Company, I have decided to enter into business on my own account as General Commission Agent.

I have served a long apprenticeship in advertising and insurance fields, and in returning to them I hope to renew business acquaintanceships and to find other channels among my friends.

May I hope that when opportunity arises my name and desire to fill your needs may be clearly engraved on the tablet of your memory.

Very sincerely yours,

*Edmond T. Sayers*
