

Suggested curriculum in Commercial Law for the last two years of a four year Commerce course - three hours per week throughout the two years.

Third Year: First Term: (a) Introduction to the study of law. (Legal concepts and terms; the two systems in Canada; Common, Code and Statute Law).
(b) Elementary Principles of the Law of Contract.

Second Term: (a) Partnership and Company Law.
(b) Sale of Goods.

Fourth Year: First Term: (a) Bankruptcy.
(b) Negotiable Instruments.

Second Term: (a) General Principles of Direct and Vicarious Liability for Accidents.
(b) Insurance Law.

NOTE: The subjects mentioned should be treated from the point of view of the business man and manufacturer rather than from that of the lawyer. The purpose of the course should be not to make the business man or manufacturer independent of the lawyer, but rather to enable him, so far as possible, to avoid legal entanglements and to impress upon the student the advisability of seeking legal advice before rather than after closing a contract or entering upon an enterprise or operation likely to give rise to legal complications,

D. S. Lyndale

Assistant Professor of Commercial Law,

Faculty of Law.

April 24th, 1923.
