16, KING STREET EAST, TORONTO,

**H**AVE great pleasure in embracing this opportunity of laying before their friends and the public generally, a few remarks on the facilities which they possess for supplying every demand connected with their business.

- Booksellers.** As Booksellers, they keep constantly on hand a full supply of valuable works, in every department of Literature, Science and Art. The Clerical Profession will find a large stock of Standard Works in Divinity, Theology, Sacred Criticism and Practical Christianity, the production of the most celebrated English and American Divines. Their stock of BIBLES is extensive and complete, comprising in size, every edition, from the elegant miniature for the pocket to the magnificent Quarto Illustrated, Imperial and Comprehensive Bibles, for family use, of Messrs. Blackie & Son, of Glasgow, Scotland, and in price, from the strong, useful sheep cover at a few pence, to the most costly productions of the binder's and gilder's art. In Hymn Books, they have the various collections used by different denominations of Christians, either bound up with the Bible, or separately, viz.: Psalms and Hymns for the Church of Scotland, Wesley's Hymns, Watts', and the Supplement to Watts', or Congregational Hymn Book. Church Services in great variety. Prayer Books, roan, gilt edges, from 25 cents each. Catechisms, &c. In Medical Books, they need only say that they are the agents for Messrs. Blanchard & Lea, of Philadelphia, and keep a stock of their valuable medical and Surgical works on hand; also, the best publications in this department of other houses, Home and Foreign. The London Lancet (monthly) supplied at \$5 per annum. The Medico-Chirurgical Review (quarterly) for \$3, and Braithwaite's Retrospect (half-yearly) for \$2. To the Legal Profession M. & Co. beg to intimate that they are the publishers of several valuable legal works, and keep also every publication of importance on the subject necessary for the study or reference of gentlemen connected with the law. Under the head of Mechanism and the Useful Sciences, they have works on Engineering, Railway and Farm Machinery, Architecture, Ornamental Designs, Electricity, Chemistry, &c., in addition to the very useful series of Elementary Works published by Weale, of London, England. To the general reader they can offer an immense variety, suited to every age and taste, in History, Biography, Travels, Poetry, Essays, Fiction, &c. &c. All works of importance in this department can be procured of M. & Co. as soon as published. Educational Works, including Common School, College and other Text Books, wholesale and retail; Grammars, Dictionaries, Reading and Composition Books, in Greek, Latin, Hebrew, French, German, Spanish and Italian. In Periodicals, they receive and supply regularly all the principal publications, English and American. They will spare neither trouble nor expense to procure for their subscribers early copies. Under this head they may mention that they are agents in Canada for the Re-publication of Blackwood's Magazine and the four great English Reviews—The Edinburgh, the Quarterly, the Westminster and the North British, the whole of which are supplied for \$10 per annum. These Reviews, it is known to many, are among the greatest efforts of English literature; their contributors are men of the highest standing; the topics they discuss are always of the utmost importance, and the manner as befits the most powerful intellects of this or any other age. Among the host of great names, living or dead, who have contributed to their pages, they may mention Lords Jeffrey, Brougham and Campbell, Rev. Sydney Smith, T. B. Macaulay, Sir Walter Scott, J. G. Lockhart, Dr. Chalmers, H. Rogers (author of the Eclipse of Faith), Carlyle, Mazzini, Sir David Brewster, Sir W. Hamilton and many others; and it is not too much to say, that no man can be conversant with the full development of English literature, who is not a reader of these Reviews, while the amount for which they are supplied is less than a third the published price. The Illustrated London News, Punch, and other English papers, immediately upon the receipt of the mail every week. M. & Co. will be happy to procure, either from England or the States, any works to order which they have not in stock.
- Stationery** Maclear & Co. have imported direct from the manufacturers in Great Britain an immense stock of PAPER, of every make, size, weight and quality. They believe that they will thus effect to their customers a considerable saving over those houses who, not importing themselves, have to pay an extra per centage for the agency on this side. The stock consists of Book and Writing Papers, Foolscap Pott, Letter and Note Paper, Copying, Blotting, Cartridge and Wrapping Paper, Drawing, Tissue and Music Paper, Tracing Cloth and Paper, &c.; Ledgers, Journals, Day, Cash, Bill and other Blank Books of all sizes; while, with their facilities for ruling, paging, binding, &c., they are enabled to execute upon the shortest notice every description of book to order for Counties, Municipalities, Railroad Companies, Bankers, Shippers, Merchants, &c. &c. Clerks of the Peace and Clerks of the Council of the different Counties are respectfully requested to inspect the Pattern Books for use in their offices.
