

ASTRONOMICAL NOTE

ON any opera night at 39th Street and Broadway, the Constellation of the Little Bear (bare) may be observed under the most favorable conditions. The best point to witness this will be from an orchestra seat. Observers should provide themselves with a list of Boxholders and a pair of Opera Glasses.

DECIDEDLY FRESH

THE dates used in this almanac
Are all hand-picked and **NEW**
And, by the way, we're pleased to say,
So are the chestnuts, too.
