But when, at last, he steps upon the platform of the New Testament, amid the torches of evangelists and apostles, the orchestras of heaven announce him with a blast of minstrelsy that wakes up Bethlehem at midnight.

HE CAME DOWN TO EARTH. Now the dead bird of my text, captured from the air, suggests the Lord out to him: Jesus, who came down from the realms of light and glory. He once stood in the sunlight of heaven. He was the favorite of the land. He was the King's Whenever a victory was gained or a throne set up he was the first to hear it. He could not walk incognito spent a very quiet day. He also enjoyed his dinner again. along the streets, for all heaven knew him. For eternal ages he had dwelt amid the mighty population of heaven. No holiday had ever dawned on the city when he was absent. He was not like an earthly prince, occasionally issuing from a palace heralded by a troop of clanking horse guards. No; he was greeted everywhere as a brother, and

in rebellion, and was cutting itself to pieces with anarchy. I hear an angel which they were merrily eating. The say "Let it perish. The King's realm is vast enough without the island. The butes to the King are large enough without that. We can spare it." "Not so," said the Prince, the King's son; and I see him push out one day under the protest of a great company. He starts straight for the rebellious island. He lands amid the execrations of the inhabitants, that grow in violence until the malice of earth has smitten him, and the spirits of the lost world put their black wings over his dying head and shut the sun out. The hawks and buzzards swooped upon this dove of the text until head and breast and feet ran blood—until, under the flocks and beaks of darkness, the poor thing per-ished. No wonder it was a bird that was taken and slain over an earthern vessel of running water. It was a child

They say they want to take his head this mountain, and another from that off, and to beat him, and to tear down our house and break up our boat. All the Chinese are warning the doctor, but boom! boom! And then the clouds much alarmed, and have all the outer are emptied perhaps into the very same stream that comes down so red at your feet, that it seems as if all the carnage How Letters Go Astray and of the storm-battle has been emptied

So in this Bible I see two storms gather, one over Sinai, the other over Calvary; and they respond one to the other-flash to flash, thunder to thunder. boom! boom! Sinai thunders, "The soul that sinneth, it shall die"; Calvary responds, "Save them from going down to the pit, for I have found a ran-som." Sinai says, "Woe! woe!" Calvary answers, "Mercy! mercy!" and then the clouds burst, and empty their treasures into one torrent, and it comes flowing to our feet, red with the carnage of our Lord—in which, if thy soul be plung-ed, like the bird in the text, it shall go forth free—free! Oh, I wish all people to understand this; that when a man becomes a Christian he does no become a slave; that he has larger liberty after he becomes a child of God than before he became a child of God.

SHOULD GO HEAVENWARD. We should be going heavenward. But I know that we have a great many drawbacks. You had them this morning, perhaps. You had them yesterday, the day before; and although you want to be going heavenward, you are constantly discouraged. But I suppose that when that bird went out of the priest's hands, it went by inflectionssometimes stopping. A bird does not shoot directly up, but this is the motion of a bird. So the soul soars upward toward God, rising up in love, and sometimes depressed by trial. It does not always go in the direction it would like to go. But the main course is right. There is one passage in the Bible which I quote oftener to myself than any other: "He knoweth our frame, and he remembereth that we are dust."

There is a legend in Iceland which says that when Jesus was a boy, playwith his comrades one Sabbath day, he made birds of clay; and as these birds of clay were standing upon the ground, an old Sadducee came along. and he was disgusted at the sport, and dashed the birds to pieces; but the legend says that Jesus waved his hand above the broken birds, and they took wing and went singing heavenward. Of course, that is a fable among the Ice-landers, but it is not a fable that we are dust, and that the hand of divire grace waved over us once, and we go singing toward the skies.

This last week he ate al- and their relativ most nothing for some days, although his appetite is usually unnaturally good. He sobbed, wailed and screamed uninterruptedly for hours, and even came at times dangerous. One morning, however, his physician and a keeper cautiously pushed aside the heavy brocade curtain which divides their bedroom from that of the poor monarch, and found him with tears running down his cheeks, gazing into a little silver case which they had 1 often seen in a drawer, the key to which King Otto wore on a fine steel chain round his neck. As soon as the king perceived that he was watched he turned round and smiled so happily and naturally that the doctor, suprised, stepped nearer. Wearing the same joyful expression, the king cried

"Countess L. passed a better night. She is now out of danger." He then carefully locked up the lit-tle silver box, which contained nothing but a few dried strawberries, and This is another part of the story: In 1867 there was a merry picnic in a wood. Among the guests was the lovely 17-year-old Countess L., with whom the young prince fell madly in love at first sight.
