HALF WAY ACROSS THE DOMINION

I AM CELEBRATING MY BIRTHDAY

Today is my birthday—I am four years old. This will be the proudest day of my business life.

I want every man and woman in Toronto to celebrate with me.

Just four years ago today I started the first Upstairs Clothes Shop in Canada with \$400.00 Capital.

This first shop was started in a 15 ft. square upstairs back room with small expense and honest values as a corner-stone.

Today—just four short years later—this great chain of Upstairs Stores extends half-way across the Dominion.

Wherever these Stores have been inaugurated they have swept everything before them—because they had the people to support them—because the people in every city of Canada knew that nothing but Honesty, Truth-telling and Values are to be found in my shops. There can be no element of fraud, deception or misrepresentation in a Robinson statement.

I want every man and woman in Toronto to come up—There will be service as well as business. You who haven't seen this great Upstairs DAYLIGHT SHOP—COME UP. You who are customers, bring your friends.

HOW WE HAVE GROWN

In four short years these Stores have grown to occupy more floor space than any Clothier in Canada, from a 15 x 15 start.

Floor Space - 1120 Sq. Feet

Floor Space - 3,740 Sq. Feet

Floor Space - - 10,470 Sq. Feet

Floor Space - 24,650 Sq. Feet

To the Ladies

I wish especially to invite the ladies to this opening display, as it is to them that I feel I owe the greater part of my success. FOR THEY KNOW VALUES.

If You Can Duplicate

these \$15 clothes at ground floor stores regularly for less than \$25, come back and get your money.

\$15
INSTEAD OF \$25

What's the Use?

High ground floor rents cost money and they have to be paid. But you don't have to pay them. They add nothing to the style or value of a suit. Come up and see how we cut them out!

That is the one and only reason that I am selling more Suits and Overcoats than any other shop in Canada.

My \$20 Clothes will be of more interest than usual this season, for they are the same kind of clothes that the "ground floors" are showing at \$30—with a much greater assortment of patterns.

CASES DECIDED AT OSOODE HALL

Judgments Given in Several Cases of Minor Importance.

The appellate division at Osgoode Hall yesterday allowed the appeal of the City of Ottawa against the decision awarding W. M. Gorman, K.C., M.P., \$2000 damages for injuries sustained thru a fall on an icy pavement in Ottawa. The action is dismissed. In his remarks Mr. Justice Lennox stated that it was more a question of law than of fact—the proper interpretation of the statute. He held there was nothing exceptional or peculiar about the condition of the sidewalk on Bessmer street, where the accident occurred.

Mr. Justice Middleton has refused the mother of Ethel Grace Sinclair the custody of the child at present, but if she continues to maintain her home she may apply again in six months.

In the appeal of R. H. Bullen from the conviction by Magistrate Kingsford and fine of \$20 and costs for maintaining a public nuisance in the garbage chute at the Malland Apartments, Judge Morson yesterday decided to defer judgment in order to see the condition of the chute over the sanitary conditions of which authorities differed.

Judge Morson yesterday dismissed the appeal of W. H. Liscombe against a conviction and fine of \$10 imposed by Magistrate Kingsford on the charge of permitting children to en-

ter his moving picture house on West Bloor street. The appeal was based on the fact that the children were supplied with tickets purchased by an adult, but it was proved that the adult was an employee of Liscombe. Judge Denton yesterday reserved his decision in the appeal of the Crown against the finding of Col. Denison, who dismissed the charge against Philo Lamb of selling liquor contrary to the Ontario Temperance Act. T. C. Robinette, counsel for Lamb, claimed that by common law, which had not been superseded by the Ontario Temperance Act, a guilty knowledge on the part of the accused must be established before a conviction could be made.

Chief Justice Falconbridge yesterday dismissed the motion to quash a police court conviction against Elsie Jackson of Hamilton, who was sentenced to six months as a vagrant on March 1.

An action has been entered against David Elliott and Thos. J. E. Cook of the Turkish Baths, by Geo. W. Beardmore, surviving executor of G. L. Beardmore, to recover \$83,000 principal, \$8,847 interest, \$867.75 taxes, \$119 insurance premiums, \$10.15 repairs to furnace and \$17.25 water rate, alleged to be due under a mortgage on the King street property, near Simcoe where the baths are situated.

Charged With Assault Turned Crown Witness

Tony Statas, a Greek merchant, appeared on the stand in the police court yesterday to tell how he had been attacked by men in his stable at the rear of his store, West Queen street, some time ago, and badly injured. When he awoke to consciousness in St. Michael's Hospital, his mind was a blank.
Investigation led to the arrest of two soldiers, Privates George Mack and Joseph Cook, and Alfred Boddy, on a charge of being concerned in the affair. At the request of Crown Attorney Hughes, Boddy was discharged and allowed to take the stand as a witness. He told the court how, on the day before the assault, arrangements had been made for the attack upon Statas. Cook, however, swore that he took no part in the affair.
Mack took all the blame, saying that he had gone down the lane for private reasons, and had been attacked by Statas. The loaded swag-gear stick found in the stable was his. "I have information which leads me to believe that the man Cook was behind the whole scheme," Mr. Hughes said, whereupon Magistrate Denison remanded the prisoners pending further investigation.

CAPT. HACHBORN PROMOTED.
Capt. Edward W. Hachborn, who has been gazetted acting-major while commanding a royal squire battery now at the front, is the elder son of E. G. Hachborn, 131 South drive. He received his commission from a Toronto artillery unit.

DENOMINATIONS UNITE IN MISSIONARY WORK

Presbyterians and Methodists Will Co-operate in Northern Ontario.

At a special conference of the standing committee of the Methodist Missionary Society held behind closed doors in the Wesley Building yesterday afternoon it was unanimously decided to co-operate with the Presbyterian Church in missionary work in northern Ontario. The question has been considered carefully and action taken by the committees and boards of both churches, and the towns to be affected have been approached and their views heard on the proposed union. This was the final meeting, and the secretary was instructed to inform the Presbyterian board that the new plan will be inaugurated in July. Figures were produced showing that each society will be able to continue work with 38 less men at a saving of \$30,000 annually.

The places to be affected are all of the towns north of Orillia to Couchiching and west as far as the Soo. A series of meetings were held recently at North Bay, Bracebridge, Sudbury, Haliburton and other sections in the northern country, and, according to remarks made by delegates representing the different towns, the people are satisfied with the movement and are of the opinion that it will do away with the overlapping. It is the intention of the missions to minister in every community. In places where there is both a Presby-

terian and Methodist church one of them will be closed down.
R. Steward of Owen Sound presided.

BOYS NOT ENTHUSIASTIC.

Principal G. A. Smith of Parkdale Collegiate stated yesterday that the boys attending that institution are not very enthusiastic over the idea of spending their summer holidays working on farms. The principal stated that out of 200 pupils but 15 signed the cards expressing willingness of helping in the thrift campaign. They gave as their reason that the work was too hard.

THE ONLY MEDICINE FOR LITTLE ONES

Mrs. Timothy Bowes, Blissfield, N.B., writes: "I have always used Baby's Own Tablets for my three children, and I can speak very highly of them, as I could not get along without them. Baby's Own Tablets are the only medicine I would use for my children." The Tablets cure all the minor ills of little ones and the mother who always keeps a box of them in the house may feel reasonably safe against the consequences of sudden attacks of illness. They are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams Medicine Co., Brockville, Ont.

MOTOR CAR STEALING PROVES BIG PROBLEM

Criminal Code Section Makes Imposition of Heavier Sentences Difficult.

Despite the increase in motor car thefts in Toronto, there does not seem to be any tendency on the part of the magistrates or county judges to create a deterrent by imposing heavier sentences on the offenders. The only comparatively stiff sentence handed out for this particular crime was to three youths who stole a car from a Toronto man and smashed it against a bridge at Bridgeburg. They received each one year in the Ontario Reformatory. Recently, two youths who stole and smashed a machine in the west end, and damaged it to the amount of \$700, were discharged and allowed to enlist.

Under one section of the criminal code, where a man is convicted and the evidence shows that the act was premeditated, he can be sent down for three years. But the great trouble seems to be that the crown has to first prove that there was intent to steal before it can impose the maximum sentence. Youths caught with cars belonging to some one else have stated, when arrested, that they had only taken the car for a joy-ride, and the crown, being unable to prove otherwise, has been compelled to impose the fine of \$50 or 30 days in jail. The authorities are of the opinion that this part of the act should be amended so that a penalty commensurate with the crime and the damage done to the stolen cars may be imposed.
