He was mum when some of the Tory manufacturers fleeced the mother country of millions of money in excessive prices for munitions. He was silent when the Allisons and the others were trucking or trading with Yankee manufacturers and at the same time pocketing undue profits at the expense of the measuries of the empire. time, but I kept get-ting worse the more medicine I took. Every month since I was a young girl I had suffered with cramps in my sides at periods and was never regular. I saw your advertisement in the newspaper and the picture of a woman who had been saved from an operation and this picture was im-pressed on my mind. The doctor had given me only two more days to make up my mind so I sent my husband to the drug store at once for a bottle of Lydia E. Pinkham's Vegetable Compound, and believe me, I soon noticed a change and when I had finished the third bottle I was cured and never felt better.
